SUBJECT: Industrial Coordination Committee

TO : Acting Chief Commissioner

1. You will remember that at the last meeting of the Local Resources Board it was agreed that an Industrial Coordination Committee should be set up.

2. Brigadier Curry and this Section have now agreed on the attached draft terms of reference for this Committee. It was also agreed to ask you to act as Chairman.

3. I hope we can talk to you on this with Brigadier Curry, for a few minutes sometime today. If you approve the attached proposal, it can then be sent to General Clark for concurrence and subsequently be duplicated for use at the next meeting of the Local Resources Board -- Saturday, 11 November 1944.

CHAIRMAN : Commodore R. E. Stone (USNR)

MEMBERSHIP : CAG, HQ AAI Vice Chairman, Economic Section, AC C-4 (B)
 AFHQ (U, S. Army representative)

C-5, AFHQ

C-6, AFHQ

TERMS OF REFERENCE

1. To study the military and essential civilian requirements in respect of factories, industrial plant and machinery, warehouses, storage space, all commercial and industrial facilities, and to recommend to the Board:-

(a) An equitable allocation of the capacity of the above between the needs of the Allied Armed Forces and the civilian economy.

(b) A procedure to control the use, operation, re-allocation where necessary and requisition of industrial factories, plants, storage place and warehouses, and to decide which of these, if any, should be issued free requisition by the Allied Armed Forces as being essential to Italian industrial economy.

(c) The method of control of partly finished or finished products which will ensure that the needs of the Allied Armed Forces are met and which will permit of the preservation and or rehabilitation of essential Italian industry.

(d) A procedure for ensuring that the maximum output if required is obtained from factories operating under military control or under contract to the Allied Armed Forces or under programs

of factories, industrial plant and machinery, warehouses, storage spaces,

all commercial and industrial facilities, and to recommend to the Board:-

- (a) An equitable allocation of the capacity of the above between the needs of the Allied Armed Forces and the civilian economy.
- (b) A procedure to control the use, operation, re-allocation where necessary and requisition of industrial factories, plants, storage place and warehouses, and to decide which of these, if any, should be immune from requisition by the Allied Armed Forces as being essential to Italian industrial economy.
- (c) The method of control of partly finished or finished products which will ensure that the needs of the Allied Armed Forces are met and which will permit of the preservation and or rehabilitation of essential Italian industry.
- (d) A procedure for ensuring that the maximum output if required is obtained from factories operating under military control or under contract to the Allied Armed Forces or under programs approved by AO, and agreed by this Committee.
- (e) The importation of such materials as are necessary to permit of the continued operation and/or rehabilitation of these plants essential to meet the needs of the Allied Armed Forces and/or the needs of the Italian industrial economy.
- (f) Such other matters deriving from the functions of the Committee as may be necessary for the conduct of its business.
- (g) A procedure to control the transfer of plant and machinery from one factory or industry to another, and to authorize such

SUBJECT: Industrial Planning Committee for Northern Areas.

TO : Chief of Staff

1. Reference your memorandum of 27 October 1944, suggesting the formation of an Industrial Planning Committee composed of the Industry and Commerce heads in the four northern regions and presided over by some member of the Economic Section.

2. We have now agreed with AFLRS on the terms of reference for the Industrial Coordination Committee. These terms are quite broad enough to cover the function suggested for the Industrial Planning Committee. Moreover, it is contemplated that the new Industrial Coordination Committee would have some type of special operation in forward areas possibly in the form of a Subcommittee. It has also been agreed with AFLRS to ask Commodore Stone to act as Chairman of the new group.

3. In view of these developments, which we hope will be ratified at the next meeting of the Local Resources Board, we believe that it is unnecessary and it might well be confusing to set up another industrial committee at this time.

23 October 1944.

Ref/4011/OCB

SUBJECT: Northern Provinces Board.

TO : Allied Forces Local Resources Section.

1. The Allied Commission has before them two proposals for the handling of Local Resources in Northern Italy - i.e. the area under the Military Administrative control of A.A.I.

- (1) To set up a subordinate Board under command of A.A.I. with sub-committees to deal especially with allocation of Industrial resources, allocation of Electrical Power.
- (2) To leave the entire allocation and control of all commodities remaining, after the operational needs of the armies have been catered for, to the main A.F.L.R. Board (Italian) and its committees, relying of forward elements of the A.F.L.R. Section and the Allied Commission.

2. The arguments in support of the first proposal have not been put forward but it is clearly based on the need for some regional organisation to handle problems of local resources in the Northern areas. In some measure this may be necessary. It is true that the operational needs of the Armies are already covered by special directions and that only the committees of the main Board can have sufficient overall knowledge of the true position of resources. It would be unfortunate if a separate organisation, with a less comprehensive outlook were interposed between the regions and the main Board and its committees: and if the Northern Provinces Board were completely subordinate, much of its value would disappear. On the other hand if it were not subordinate an imperium in imperio would arise and the work of the main Board would be stultified.

3. Further arguments against the Board are contained in Brigadier Currie's memorandum.

4. On balance the Allied Commission recommends against the establishment of a Northern Provinces Board at A.A.I. and favours the proposal that local resources functions in the forward areas be dealt with by the forward tentacles of the ~~A.F.L.R. Section combined with a~~ joint A.F.H.Q./A.C. Secretariat.

- 2 -

12

5. The Commission is of the opinion however that it may be necessary to set up a forward committee of the Industrial Co-ordination Committee and of the Electrical Allocation. But these committees should be projections of the A.F.L.R. Board.

6. If it is decided to form a more comprehensive committee of the A.F.L.R., A.A.I. and the A.C. recommend that it should be under joint chairmanship of A.A.I. and A.C. - with a joint secretariat, the Allied Commission recommend that 2 Regional Commissioners of the Northern Regions be appointed to the committee. Finally the Commission recommend that the functions of the Committee for allocation of industrial resources should be defined as follows:

In the field of industry allocations will be made only of industrial capacity in the first instance - that is to say, allocations of the output and use of existing production facilities in the places where they are found. No decisions as to breaking up of existing production units, or the transfer of machinery or other facilities, will be implemented without prior clearance from HQ A.C., Economic Section.

26 October 1944

SUBJECT: Proposed Organization of a Northern Provinces Board.

TO : Chief of Staff

1. At your request we have studied Brigadier Curry's views on the proposed Northern Provinces Board.

2. It has been apparent for some time that some form of organization would have to be set up to handle the local resources problems in forward areas. In view of the proposal for a Northern Provinces Board to handle this job, our memorandum of 21 October was aimed at defining the relationship of any new Board or Committee to the top Local Resources Board and to secure adequate ACC representation in the direction and staff work of any new group.

3. Brigadier Curry has now suggested that there be no Northern Provinces Board, but that the local resources function in forward areas be performed by "forward tentacles" of the secretariat of the Allied Force Local Resources (Italian) Board itself. This counter proposal is acceptable only if an arrangement is made (as suggested in paragraph 3 of our memorandum of 21 October and agreed to by you) whereby the principle of the Joint Chairmanship of the Local Resources Board is extended to its secretariat. The system of "forward tentacles" referred to by Brigadier Curry would then be a joint ACC-AFHQ organization, and would therefore be acceptable to us.

4. We have recently reviewed all the papers and decisions of the AFHQ and its several committees, and we are convinced that the interest of ACC and the civilian economy of Italy will be adequately protected only if ACC participates directly in the central staff work connected with the Local Resources set-up. We therefore recommend that the Acting Chief Commissioner formally place before the next meeting of the Board the proposition that a joint Secretariat be formed, consisting of the Allied Force Local Resources Section, AFHQ, and the Economic Section, ACC.

5. When the joint secretariat is established, we would propose to appoint a joint secretary on the Staff of the Economic Section. We do not believe that it would be necessary to establish a joint office. We should it be necessary to disturb the exist-

2. It has been apparent for some time that some organization would have to be set up to handle the local resources in forward areas. In view of the proposal for a Northern Provinces Board to handle this job, our memorandum of 21 October was aimed at defining the relationship of any new Board or Committee to the top Local Resources Board and to secure adequate AOC representation in the direction and staff work of any new group.

3. Brigadier Curry has now suggested that there be no Northern Provinces Board, but that the local resources function in forward areas be performed by "forward tentacles" of the secretariat of the Allied Force Local Resources (Italian) Board itself. This counter proposal is acceptable only if an arrangement is made (as suggested in paragraph 3 of our memorandum of 21 October and agreed to by you) whereby the principle of the joint Chairmanship of the Local Resources Board is extended to its secretariat. The system of "forward tentacles" referred to by Brigadier Curry would then be a joint AOC-APHQ organization, and would therefore be acceptable to us.

4. We have recently reviewed all the papers and decisions of the AFHQ and its several committees, and we are convinced that the interest of AOC and the civilian economy of Italy will be adequately protected only if AOC participates directly in the central staff work connected with the Local Resources set-up. We therefore recommend that the Acting Chief Commissioner formally place before the next meeting of the Board the proposition that a joint Secretariat be formed, consisting of the Board the proposition that a joint Secretariat be formed, consisting of the Allied Force Local Resources Section, AFHQ, and the Economic Section, AOC.

5. When the joint secretariat is established, we would propose to appoint a joint secretary on the Staff of the Economic Section. We do not believe that it would be necessary to establish a joint office with the AFHQ Section; nor should it be necessary to disturb the existing mechanical arrangements for agenda and minutes which are used by the Local Resources Section. Minutes and other documents would be issued jointly by the AFHQ Section and the Economic Section, AOC. The AOC Sub-Commissions would of course submit papers and reports in the first instance to the AOC joint secretary for handling with the Local Resources Section and with the Board itself.

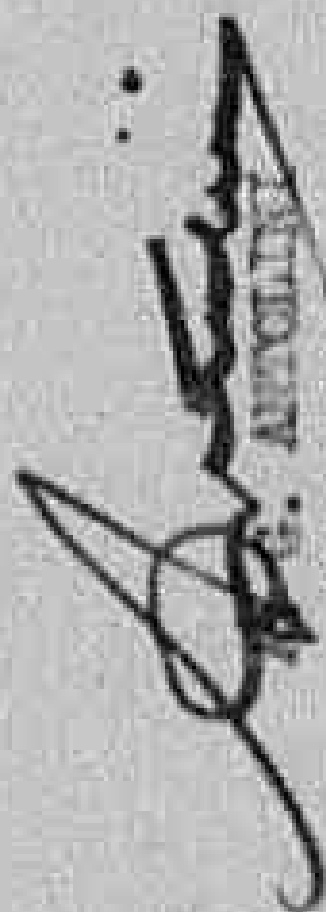

6. In connection with industry, two additional items are of interest in connection with forthcoming meeting of the Local Resources Board:

- a. The joint about industrial allocations, raised in our memorandum of 21 October, agreed to by you, and repeated in Col. Monfort's advice of 25 October, should be placed before the new Industrial Coordination Committee at its first meeting.
- b. We believe that the Italian Ministry of Industry, Commerce, and Labour should be represented as a full member of the new Industrial Coordination Committee. This proposal might appropriately be brought before the next meeting of the Local Resources Board.

DOCAO/7/16.1

Subject: Proposed Organization of Northern Provinces Board

To: Chief of Staff, HQ ACC

1. I have advised CAO, HQ AAI, as follows.
2. Para 5. HQ ACC request that Regional Commissioners of Liguria and Piemonte be included in membership of N.P. Board.
3. Para 6. As the real work of a board of this sort is done by its secretariat, HQ ACC feel that the principle of joint Chairmanship should be extended to the secretariat, and that ACC should appoint a joint secretary to work full time with the N.P. Board. The same principle should be applied to A.I.L.R.B.
4. Para 8. HQ ACC recommend that the functions of the committee for "allocation of industrial resources" be spelled out and suggest the following language:-

"In the field of industry allocations will be made only of industrial capacity in the first instance - that is to say, allocations of the output and use of existing production facilities in the places where they are found. No decisions as to breaking up of existing production units, or the transfer of machinery or other facilities, will be implemented without prior clearance from HQ ACC, Economic Section."
5. I did not press for Joint Chairmanship of the N.P. Board as I am satisfied with the proposed organization.
6. CAO, HQ AAI, agreed in principle to the above suggestions.

MEMORANDUM
 ALLIED CONTROL COMMISSION
 ECONOMIC SECTION
 APO 394

CONFIDENTIAL

21 October 1944

SUBJECT: Proposed organization of a Northern Provinces' Board.
 MEMO TO: Chief of Staff.

This refers to the request for the contents of the Economic Section on the proposed organization of a Northern Provinces Board under the Allied Forces Local Resources (Italian) Board. Our views are as follows, and we recommend that the position described below be taken formally by the ACP in the forthcoming consideration of this question.

1. We accept the fact that there will be a regional organization responsible for the allocation of local resources in the Northern provinces. It should, however, be called a "Committee" rather than a Board, in order to make clear to all concerned the fact that it is not coordinated with or competitive with the Allied Forces Local Resources Board itself.

2. Since the Northern Provinces Committee will be operating on the same type of problem as the Top Board, with the same interests involved, it should have the same composition. There should be joint chairman, one representing the military interest and one the civilian interest. It may be that ACP will want to delegate to AAT its half of the chairmanship in the case of the northern provinces job; on the other hand ACP cannot very well also delegate the half chairmanship to AAT.

2385

under the Allied Forces Local Resources (Italian) Board. Our views are as follows, and we recommend that the position described below be taken formally by the AOC in the forthcoming consideration of this question.

1. We accept the fact that there will be a regional organization responsible for the allocation of local resources in the Northern provinces. It should, however, be called a "Committee" rather than a Board, in order to make clear to all concerned the fact that it is not ~~coordinated~~ with or competitive with the Allied Forces Local Resources Board itself.

2. Since the Northern Provinces Committee will be operating on the same type of problems as the Top Board, with the same interests involved, it should have the same composition. There should be joint chairmen, one representing the military interest and one the civilian interest. It may be that AFHQ will want to delegate to AAI its half of the chairmanship in the case of the northern provinces job; on the other hand AFHQ cannot very well also delegate the half chairmanship ²³⁸⁵ held by AOC. AOC should, therefore, appoint a joint chairman of the new Committee.

3. The real work of a committee of this sort is of course done by its secretariat. The principle of the joint chairmanship should therefore also be extended to the secretariat, and AOC should appoint a joint secretary to work full time with the new Committee. The same principle should be applied to the AALRB itself.

4

-2-

b. One of the functions of the new committee is said to be "allocation of industrial resources". This phrase is subject to many interpretations, some of which could be seriously detrimental to the interest of the civilian economy of Italy. It is therefore suggested that this function be spelled out, and following language is submitted:

"In the field of industry allocations will be made only of industrial capacity in the first instance -- that is to say, allocations of the output and use of existing production facilities in the places where they are fixed. No decisions as to breaking up of existing production units, or the transfer of machinery or other facilities, will be implemented without prior clearance from Hq. ATO, Economic Section."

The above is subject to change in accordance with any alteration which may take place in the boundaries of the operational zone.

5. The present membership of the N. P. Board will be:-

Chairman: CAO AAI

Deputy Chairman: ECCAO ACC

Members: GOC, Nos. 1 and 2 Districts.

CO FEB

CO MATAF (or rep)

MLO AAI

ICAO AAI

DGHC AAI

Cont'd/... Sheet 2...

6. The Secretariat of the N. F. Board will be provided by the Allied Forces Local Resources Section, AAI, the chief of which shall act as Secretary.

7. The functions of the N. F. Board will be identical with those laid down for the Allied Forces Local Resources (Italian) Board in para 4 of AFHQ Administrative Memorandum No. 41, subject to the following restrictions :-

(a) The N. F. Board will conform to the policies laid down by the Allied Forces Local Resources (Italian) Board.

(b) On all matters which affect or might affect that part of ITALY which is not within its area of operation, the N. F. Board will not take action except in emergency, but will submit its recommendations to the Allied Forces Local Resources (Italian) Board. The following matters are specifically reserved under this head :-

Wage levels and conditions.

Forms of contract.

Allocation of industrial resources.

8. The N. F. Board will set up such Committees as it

may require for the conduct of its business and, in particular, 2383

down by the Allied Forces Local Resources (Italian)

Board.

(b) On all matters which affect or might affect that part of ITALY which is not within its area of operation, the H. P. Board will not take action except in emergency, but will submit its recommendations to the Allied Forces Local Resources (Italian) Board. The following matters are specifically reserved under this head :-

Wage levels and conditions.

Forms of contract.

Allocation of industrial resources.

8. The H. P. Board will set up such Committees as it may require for the conduct of its business and, in particular, 2,82 will set up Committees forthwith to deal with the following matters :-

Allocation of industrial resources.

Allocation of electrical power within the Northern section, as defined in the Minutes of the Electric Power Committee of the Allied Forces Local Resources (Italian) Board, dated 28 Sep. 44.

9. The Staff section at HQ AAI to be approached in matters concerning the H. P. Board is the Allied Forces Local Resources Section, AAI.
