Private insurance companies.	Workers request wage adjustments granted to employees of I.N.A.	19/5/45	18/5/45	18/5/45		Ministry of Labour; Rome Camera del Lavoro; C.G.I.L.	None	For several weeks Negotiations between the workers' representatives and private insurance Companies have been in progress for wage increases. The workers have demanded the same increases received by the employees of I.N.A. The Companies have stated that their financial position does not permit the granting of similar increases. Because negotiations have been prolonged over long period of time the workers decided to go on strike on 18 May. Minister Paresce has intervened to try to settle the dispute. No agreement has been reached so far. Negotiations are still proceeding. On 19 May employees of INA went on a sympathy strike.

Workers demand salary adjustments which have already been obtained by private workers.	4/5/45	3/5/45	3/5/45		Rome Camera del Lavoro.	Allied Forces; Lt.Col. Bestock	For the past two months workers of the Allied Forces have been agitating for wage increases in view of the rising cost of living. Their situation has been aggravated by the fact that Private Industry has granted substantial increases to their workers. Whereas up to the time of these local and private increases the employees of the Allied Forces enjoyed some advantage over other employees, they are now working for wages which range from 50 to 110 lire less per day. The district Committee to consider revision of wage rates for the Allied Force employees in Rome is in the process of formation. It is hoped that some action will be taken soon. <i>W. H. They demanded 4000 lire more to February 16, 1945. They contend they are unhappy about this increase because fares are frozen. Workers further demand the appointment of Antonio Circumetnea as Commissioner of the Circumetnea. The reason for the protest is not known. Report will be sent to the Liaison officer at Catania. Strike still in progress. Stoppage seems to be on the railroad only.

Chief Commissioner.

1. Director, Labour Sub-Commission, informed me on enquiry this morning that a strike of the electrical workers in ROME was now in operation. Reasons for the strike are failure of the Italian Government to meet the demands of the workers that they should come on to the same level of wages (in relation to certain specific increases) as the water and gas employees.

2. Mr. Braine is in close touch with the Italian Government and is doing his best to persuade them to reach a conclusion before 1st May. In the meantime the strikers have agreed to carry on the essential services which include all Allied military circuits. Mr. Braine, however, considers that if the strike continues until 1st May (Labour Day) these services may be affected.

3. I have informed Commanding General, Rome Area Allied Command, who will be prepared to man and operate the essential military circuits, if needs be.

(Strike now called off and C.G., RAAC informed).

	Employees request that Italian Government intervene on their behalf so that Allied Forces will accept the principle of "prevailing wages"	24/4/45	no stop-page	no stop-page		C.G.I.L.; Rome Camera del Lavoro	Allied Forces	Yesterday, 23/4/45, a large number of Allied Forces employees demonstrated before the Viminale Building to urge the Italian Government to intervene on their behalf. The workers request a cost of living bonus and a general revision of salaries to match wage increase obtained from private employers. C.G.I.L. has repeatedly urged A.C. Hq. for a revision of the wages paid to this large group of workers. Labour Sub-Commission has initiated proceedings for an adjustment of wages to Allied Forces employees. Labour and Wages Control Committee has approved wage increases for these workers which will soon be put into effect. <i>W H Braine</i> W. H. BRAINE Director, Labour Sub-Commission
