3/11/45

Dear Admiral:

Ambassador Marchetti di Saninello, recently arrived in Ankara, has asked me to convey to you his thanks for the courtesy shown by the competent Allied authorities in arranging his transportation by air and has expressed the wish that the kindness and the efficiency of the pilot of the plane, Lieutenant Long, and his crew be signalled to you.

This officer and his men have facilitated in every possible way the voyage of the Ambassador Marchetti and his unexpected stay in Athens.

I take pleasure in adding to Count Marchetti's thanks the expression of this Ministry's appreciation for the cooperation of the Allied Commission in the matter.

With my best regards, believe me, Dear Admiral,

Sincerely Yours,

/s/ M. BRUNO

MAY 11 REC'D

1. Reference your letters No.6/1144/529 dated 26th April and 6/913/393 dated 28th April requesting this Commission to clear the difficulties in Paris, Brussels and Ankara with the authorities there over the transmission from your Embassies at these places of telegrams in cipher addressed to your Ministry in Rome.
2. There is no difficulty at this end over the transmission or receipt of ciphered telegrams to or from any Italian Embassy in an Allied or neutral country.
3. The difficulties at the far ends are considered to be most easily overcome by representations made to the authority concerned by your Ambassador in the place in question, rather than through Allied channels.
4. It is therefore recommended that you send telegrams to your Embassies, preferably in clear French text as it is found that the use of the Italian language is sometimes a source of difficulty with certain censorship offices abroad, instructing them to urge the Government to which they are accredited to give the necessary authority for telegrams in Italian text and in cipher to be passed, pointing out that such telegrams have been authorised by the Allied authorities in this theatre and in London and Washington.

For the Chief Commissioner.
