SUBJECT: Return of US and British Personnel to the US and UK

TO : DDCS, Establishment Section, Hq AC

1. It will be appreciated if this office is given a regular routine report whenever American or British personnel are returned to the US or UK on rotation, leave, temporary duty, or permanent relief. Several situations have occurred in the recent past where American personnel have been returned to the US without such knowledge being conveyed to this office. The compliance with this request is desired purely from the standpoint of good administration. It is most embarrassing for the Chief of Staff or this office to request to see or refer material to an officer only to find that he has left the organization.

2. It will be appreciated if this office can be brought up to date insofar as 1945 is concerned; that is, all officer personnel returned to the UK and/or the US and basis for such movement.
