Major Wilde (Freedom 541) rang up. When the Executive Com. was down there the other day he saw a copy of a letter from MIA through us to AFHQ - which had not in fact passed through us. The subject of the letter was :- "ITALIAN ARMY PERSONNEL IN N.E. ITALY AND TUCOSALVAI", dated 20 July, ref: SD.132/1.

Major Wilde promised the Brigadier to provide any further information he might require and rang up this afternoon to find out if there were any action required by him.

We have not had the letter in question through this office so perhaps you'd find out from E.C. what he wants done if anything and let Major Wilde know?

We are in sympathy with urgent desire of Italian Government to have SAN MARCO Regiment released from military duties but time to provide requisite guard battalions and to reorganize and prepare them as a brigade suitable for internal security duty precludes the immediate release of the subject regiment.

EXTRACT FROM THE MINUTES OF SACMED'S CONFERENCE
5th Meeting held on 6th September 1945

3. ITALIAN ARMED FORCES

(Previous reference SAC (45) 4th Meeting, Minute 3)

LIEUTENANT GENERAL MORGAN reported that 11 Italian guard battalions had been turned over to Italian Government control; five of these had formerly been under U.S. command, the other six under British command. There were now no Italian guard battalions remaining under United States control. Of those under British control it was expected that, by the 15th of September, five additional battalions would be released to Italian Government control.

SUBJECT: Discipline - Italian Troops.

TO : Land Forces Sub-Com (MIA).

1. The truck mentioned on the attached work ticket debouched from a side road coming from the direction of PIRELLA on to Route 1 at about 21.45 hours on the night, 26th August. The truck was driven by an Italian officer and carried a number of civilian females, probably Italian.

2. The truck was being driven in a highly dangerous manner and the driver of my own car narrowly averted collision when the truck appeared at an excessive speed out of the side road; moreover, when on my orders my driver slowed down after due warning in front of the truck to stop it, the truck collided with my car and damaged it. I hope that action may be taken.

1. Reference is made to letter, this headquarters, from Chief of Staff, dated 24 July 1945 (not furnished all distributees).

2. Following the representations made personally by General BROWNING, ways and means have been considered whereby it will be possible to compromise between the operational requirements of the Allies as stipulated in the letter under reference, and the necessity for maintaining morale by the continuation of Liberation Leave.

3. You are requested to instruct the Italian authorities that a system may be put into operation immediately by which all Italian troops under Allied operational command will receive seven days' leave once every six months, such leave to be exclusive of travelling time and arranged evenly over the six-monthly periods so that the minimum percentage will be absent from one unit at one time.

4. In addition, as authority has now been given for the over-posting to units of up to 20% of their 'E' strength, liberation leave may continue, up to a total leave quota of not more than 15% of unit strength, provided an equivalent number of replacements is present with the unit before dispatch of leave parties. These replacements will NOT include those required in substitution for men to be demobilized during the same period.

5. This letter modifies paragraph 11 of letter, this headquarters, file AG 091.711/169 GCT-O, dated 16 November 1944.

The President of the Council of Ministers

reg. n. 32
181
Rome, I - 8 - 1945 AUG 8 1945

To confirm the verbal request already made to you, I express the opinion that the effectives of the transition army granted to Italy by the Allies ought to be increased of two large units.

As I have already told you verbally, this request is chiefly made because of the requirements of public order especially during the next elections and the electoral campaign which will take place before them.

The units which are at present available do not appear to be sufficient to have them scattered as they should in all the provinces of the peninsula.

I beg you, my dear Admiral, to support this request; thanking you in advance, I remain,

Yours very truly,

s. Ferruccio Parri

AUG 2 1945

To : Minister for War

Reference your 216145/11 of 23 July, above subject.
223.4.1

1. a. In connection with the transportation to and from Sardinia, MMIA is concerned with only the following classes of personnel of the present Armed Forces:
 - (i) Personnel traveling on duty.
 - (ii) Personnel traveling on authorized leave, i.e., within the allotment of transport authorized.
 - (iii) Personnel of the present Army who have been demobilized in accordance with present orders and who are returning to their homes in Sardinia, such personnel being in possession of proper demobilization papers.

b. All other people, including ex-POW who have not been enrolled in the present Army and repatriates, are handled by the civil government and transport for them is not a concern of the War Ministry and MMIA.

2. The present arrangements provide for 400 places each month on the "Abbazia" and "Campicoglio". It is fully realized that this allotment will not satisfy the normal leave demands.

3. The following courses are open:

a. Retention of the allotment of 400 places each month on the ships as in Para 2 above.

b. Assignment of a ship of the Italian Navy to supplement the lift in Sub-para a above.

c. Charter or requisition, by War Ministry, of a schooner or schooners now in the hands of their civilian owners to supplement a and b above (as has already been done by the War Ministry).

1. a. In connection with the transportation to and from Sardinia, MMIA is concerned with only the following classes of personnel of the present Armed Forces:
 - (i) Personnel traveling on duty.
 - (ii) Personnel traveling on authorized leave, i.e., within the allotment of transport authorized.
 - (iii) Personnel of the present Army who have been demobilized in accordance with present orders and who are returning to their homes in Sardinia, such personnel being in possession of proper demobilization papers.

2. The present arrangements provide for 400 places each month on the "Abbazia" and "Campidoglio". It is fully realized that this allotment will not satisfy the normal leave demands.
3. The following courses are open:
 - a. Retention of the allotment of 400 places each month on the ships as in Para 2 above.
 - b. Assignment of a ship of the Italian Navy to supplement the lift in Sub-para a above.
 - c. Charter or requisition, by War Ministry, of a schooner or schooners now in the hands of their civilian owners to supplement a and b above (as has already been done by the Naples Territorial Command).
4. With reference to Para 3b above, the Navy Sub Commission, 517 ALCOM advises that it will be possible to assign on a more or less permanent basis one destroyer, which can ferry 600 per month. Add this number to the 400 (Para 2) and a lift of 1,000 per month is permitted.
5. With reference to Para 3c above, it is known that a number of schooners are now in the hands of civilian owners. These schooners are not controlled by the Allies and the War Ministry can arrange with the owners for the hire of these schooners on a charter basis, or in case the owners refuse to so employ the schooners, it appears that the schooners could be requisitioned and operated by Naval crews furnished by the Italian Navy. (Schooners must be provided for transport from Palermo to Sardinia, as no other transport is available between Sicily and Sardinia.)

(Memo Recd) RP

178

6. It is not considered that the problem will be solved by the assignment of the destroyer (600 places per month), but for the time being all three courses enumerated in Para 3 above must be employed. At the same time it is necessary that only the classes of personnel shown in Para 1a above be considered by you.

7. a. MMIA will proceed with securing the assignment of the destroyer from the Naval Sub Commission, and you will be advised of the final arrangements which must be handled by MMIA with the Flag Officer, Italy, who will deal with the Ministry of Marine.

b. You should proceed to charter or requisition schooners, as necessary, as outlined in Para 5 above.

c. The allotment of spaces on the two civilian ships will continue as heretofore

8. I am directed to inform you that firm orders must be issued by you, and fully enforced, so that large numbers of men will not congregate at Naples awaiting transport to Saraginia. Only men in the classes outlined in Para 1a will be authorized to proceed to Naples and then only after proper arrangements for transport have been assured in advance. This will require a definite allotment of available space and an enforced order that men for whom transport is not available are not allowed in Naples, otherwise the use of the Naples Port may be prejudiced as large congregations of men waiting around Naples interferes with the Allied war effort.

9. It is desired that I be fully informed of the action taken by you, especially in regard to Para 7b and 8 above.

DATE : 13 July 45

SUBJECT: Italian Units in VENETIA GIULIA

As is known, the Military Territorial Command of UDINE has been able to re-establish the Military Territorial organisation only within the boundaries of the Province of UDINE.

There are, however, existing to the East of the said Province, numerous Italian Military Units containing Italian military and civilian personnel who, after making great sacrifices during the period of German occupation, have waited in vain for their liberation and a termination of their sufferings.

Communications received from the Directorate of Artillery at TRIESTE and the conscription office at FUMM request the intervention of this Ministry in defining the situation of the existing units and for a settling of the disposal of their personnel.

Regarding as necessary a speedy conclusion of the critical situation in which the said personnel find themselves, I beg MMIA to consider the possibility of:-

- Granting authority to the Military Territorial Command of UDINE, in accordance with the local Allied command of providing for (in the most convenient manner) the said units, in the zone which comes under Allied Military jurisdiction;
- Obtaining the consent of the Yugoslav authorities for the transfer (in accordance with orders to be laid down by the Military Territorial Command of UDINE) to the west of ISONZO, of military and civilian personnel situated in territory at present under the jurisdiction of the Yugoslav Government.

I attach herewith a list of Italian Military Territorial Units existing prior to the Armistice, and situated to the East of the ISONZO.

1. With the complete liberation of Northern Italy and the uncertain state of discipline in the Italian Army, it is considered that arrangements must be made for the granting of LIBERATION LEAVE to Italian soldiers whose homes are in newly liberated territory. It is anticipated that such action will result in a larger proportion of men returning to duty on the expiry of their leave than might be expected from the large numbers who will inevitably desert should such leave be forbidden.

2. Liberation Leave of 14 days, exclusive of travel time, will be granted to Italian soldiers whose homes are in newly liberated territory. Allied Commanders may use their discretion as to the percentage to be granted leave at any one time up to the limit of 15% in any one unit. Where possible Allied transport will be used to assist in the movement of leave parties. 454

3. Detailed requirements for movement of Italian soldiers, outside Army Areas, will be submitted by MMIA to AFHQ through Mov channels immediately, and at intervals subsequently as bids for rail and/or sea movement. AFHQ will then arrange movement and issue the necessary instructions.

4. For Italian units in Army Areas and under command Armies, movement arrangements will be made direct by HQ at Armies.

5. Where civil train services are in operation, movement of personnel on Liberation Leave will be made by such services. Where no other means of movement is available the use of Allied transport is authorised.

6. The scheme outlined above will be operated from 1 June and meantime the proposals should be publicised to the personnel concerned through the MMIA so that the men may know they can expect leave in an organised manner and by a given date.

7. The percentage leave rate for the remainder of the Italian Army will remain at 5% in any one unit, to be included in the 15% authorised in para 2 above. On completion of Liberation Leave, the whole of the Italian Army will revert to the present leave rate of 5%.

8. Leave will not be granted to areas other than those specified from time to time by HQ 15th Army Group. The area at present available for Italian Army leave is:

West of River PIAVE from mouth to road-river crossing G 6494 thence road B 6712, B 7562, B 8875 thence due north to AUSTRIAN frontier.

No moves for any Italian Military leave personnel will be permitted east of this line nor into prohibited frontier zone which is a belt 25 kilometres in depth along FRENCH, SWISS and AUSTRIAN frontiers.

1. Herewith an interesting and instructive report to the Ministry of War from Gen. MALOMO GOC designate TURIN Territorial Region. I comment on certain sentences.

2. Part of the much bigger question as to whether we are going to uphold the authority and prestige of the official Italian Army.

3. Obviously MALOMO has NO idea of what this implies administratively and at a time when such a large part of the Italian Army is working for the Allies. Quite impossible, a complete reversal of policy and a climb down to the Patriots.

4. It is NOT a political problem only. This has been authorized by SACRED. If we put in Patriot Commanders as GOC Northern Regions we will divide North and South and get two separate Armies with all the potentialities of trouble that involves. Patriot GOC's would put in all their own officers and only pay lip-service to Ministry of War.

5. Presumably referring to recent C.L.N. visit and what they hoped to set as regards seats in the Government.

6. Again, the Northern Patriot attitude that they are the Army and the military authorities the Allies have set up do not count.

7. Why should we pay the Partisans and not ex-soldiers of our official Army? Cannot we cut off the money flow to Partisans if they will not listen to reason? They would then disintegrate.

8. A strange and illustrative commentary on French action and thought. We are backing the official Italian Army. The French, who have no right in ITALY, are in ITALY and working for the Partisans against the official Army. Yet the British and Americans won the war in ITALY!

We discussed this whole matter on Saturday.

TO : H.E. The Minister for War.

SUBJECT: Situation

1. The commander of the C.A.R.P. (Piedmont Regional Military HQ) - General TRACUCHI - whom I contacted immediately upon my arrival in TURIN (9th May) and to whom I explained my position, informed me that the FIELOMONT Partisans, who have taken possession of the districts, depots and other military establishments, will most decidedly oppose the establishment of officers coming from the south.

In short, interference by the present Government of ROSE will not be accepted.

Shortly afterwards the President of the FIELOMONT C.I.N. (Franco Antonicelli), I believe, has arrived in General TRACUCHI's office and has been informed by the latter of the arrival of officers sent by the Government of ROSE to, assume command of the territory, districts, depots, etc., the situation being defined as "very grave".

The President of the C.I.N. gave the impression of agreeing with General TRACUCHI's views. However, he said that in order to give an official decision on the matter he would have to submit the case to the committee.

Since in the meantime it seemed advisable for General TRACUCHI and myself to go to MILAN on the following day, the 10th, to confer with General CADORNA in his dual position as Commanding General of the Partisans and Chief of Staff of the Army, the President of the FIELOMONT C.I.N. said that he thought it would be better to postpone the discussion with his committee.

2. 10th May in MILAN, before General CADORNA and members of the C.E.C. of the C.V.I., General TRACUCHI read a note he had prepared addressed to General CADORNA as Chief of Staff of the Army, dealing with several matters, the outstanding one being that of the need to disband the present Army and reform it on a new basis.

As regards our arrival, General TRACUCHI stated explicitly that "FIELOMONT" did not accept ROSE's imposition in sending members of the Southern Army to assume command of the region. He asked General CADORNA to go to ROSE immediately together with the two chief political members of his command in order to settle the matter which is essentially a political problem.

General CADORNA took no decision nor did he issue any instructions to General TRACUCHI regarding the staggered cession of the districts, depots

the commander of the C.L.R.P. (Piedmont Regional Military HQ) - General TRAGUCHI - whom I contacted immediately upon my arrival in TURIN (9th May) and to whom I explained my position, informed me that the PARTISANS, who have taken possession of the districts, depots and other military establishments, will most decidedly oppose the establishment of officers coming from the south.

In short, interference by the present government of ROME will not be accepted.

Shortly afterwards the President of the FIMONT C.L.N. (Franco Antonicelli), I believe, has arrived in General TRAGUCHI's office and has been informed by the latter of the arrival of officers sent by the Government of ROME to assume command of the territory, districts, depots, etc., the situation being defined as "very grave".

The President of the C.L.N. gave the impression of agreeing with General TRAGUCHI's views. However, he said that in order to give an official decision on the matter he would have to submit the case to the committee.

Since in the meantime it seemed advisable for General TRAGUCHI and myself to go to MILAN on the following day, the 10th, to confer with General CADORNA in his dual position as Commanding General of the Partisans and Chief of Staff of the Army, the President of the FIMONT C.L.N. said that he thought it would be better to postpone the discussion with his committee.

2. 10th May in MILAN, before General CADORNA and members of the C.E.C. of the C.V.L., General TRAGUCHI read a note he had prepared addressed to General CADORNA as Chief of Staff of the Army, dealing with several matters, the outstanding one being that of the need to disband the present Army and reform it on a new basis.

3. As regards our arrival, General TRAGUCHI stated explicitly that "FIMONT" did not accept ROME's imposition in sending members of the Southern Army to assume command of the region. He asked General CADORNA to go to ROME immediately together with the two chief political members of his command in order to settle the matter which is essentially a political problem.

General CADORNA took no decision nor did he issue any instructions to General TRAGUCHI regarding the suggested cession of the districts, depots and other establishments, by the Partisans to the 1st Territorial HQ in accordance with the instructions issued by the Ministry of War.

3. 11th May. Since Colonel Marshall (Allied Regional Commissioner) is temporarily away my first contact with the Allied authorities is with the Vice Regional Commissioner - Colonel Selby (R) - to whom I explained what I considered advisable would be done under the circumstances. He also agreed that the situation is very delicate and called for much tact. On the other hand, even if there were no obstacles, it would be impossible for the moment to take over the districts, depots, and other military establishments, since the corresponding personnel mastered by the Ministry of War from 1st Territorial HQ have not yet arrived with the exception of the Commander of the TURIN District.

- 2 -

4. My personal relations with General TRASUCHI have been excellent from the first moment and the same can be said in respect of all the other officers and partisan chiefs whom I have contacted in TURIN and MILAN. It was even arranged that we should go together to see Colonel Marshall but this was not possible owing to the circumstances. On the 12th, General TRASUCHI's attitude is still the same, in fact a letter he addressed to me informing me of his visit to Colonel Marshall, ended with the following phrase: "As far as I am concerned, I have declared before the American colonel that the C.M.R.P. would have implicitly followed the instructions which the new government of ROME might have issued on the matter". The use of the words "new government of ROME" is suspiciously clear and self explanatory.

5. PLEBANT Partisans HQ has published a ban which orders all Army Officers on duty on the 8th September 43 to report as from the 12th May.

6. The object is to obtain a census of the officers, define their position, and investigate their activities with a view to a screening and weeding.

7. The financial situation of Officers and senior NCOs is, generally speaking, most serious. It would therefore be convenient if the districts could start as soon as possible payment of allowances and pay owing to this personnel, as also to the families of P.O.W.s, internees, etc. It appears, furthermore, that the PLEBANT Partisan HQ has not sufficient funds to meet these payments. This was told to me by General TRASUCHI himself.

8. From the point of view of military reorganisation, recovery of materials, etc., it also seems necessary for the districts, depots, and other military establishments, to start functioning as soon as possible in a regular manner under the Ministry of War as stipulated.

I feel sure that even the Chiefs of the C.M.R.P. are convinced of this but the difficulty is that, as a rule, the men who have taken possession of commanding appointments have no desire to be replaced by others coming from the South and who, in their opinion, are not as entitled to them as they are. It is not enough to explain to them that much personnel will be drawn from the Partisan units for the functioning of the various military establishments. The whole crux of the matter is who is going to be in power.

9. Miscellaneous

The political situation, specially in TURIN, is still delicate. The Allied authorities have forbidden the circulation in the town of armed parties and, as a rule, the order is obeyed.

It has also been ordered that all partisans hand in their arms ⁶⁴⁶ everything leads one to surmise that complete results will not be achieved. It appears that some formations are absolutely determined not to hand in the large numbers of arms they possess, alleging, among other reasons, that there are still bands of Fascists in the mountains. In fact many members of the Black Brigade or others in any way implicated have formed themselves into armed guerillas.

As April has been very severe, it appears that about 5,000

This was told to me by General TRACUCHI himself.

7. From the point of view of military reorganisation, recovery of materials, etc., it also seems necessary for the districts, depots, and other military establishments, to start functioning as soon as possible in a regular manner under the Ministry of War as stipulated.

I feel sure that even the Chiefs of the G.M.R.F. are convinced of this but the difficulty is that, as a rule, the men who have taken possession of commanding appointments have no desire to be replaced by others coming from the South and who, in their opinion, are not as entitled to them as they are. It is not enough to explain to them that much personnel will be drawn from the Partisan units for the functioning of the various military establishments. In fact many members of the Black Brigade or others in any way implicated have formed themselves into armed guerillas.

Repressions in TURIN have been very severe. It appears that about 6,000 have already been killed. The population of TURIN, minor towns, and the countryside, await the arrival of Allied or national units to guarantee order.

⑦ I deem it advisable to report that one of my officers who visited the province of CUNEO was told by a French NCO, commanding the FORO S. DALMAZZO road block, that his orders were not to allow officers of the "RADICLIO" Army to pass whilst partisan officers could circulate freely.

9. Summing up, under the present circumstances (attitude taken by the PIERMONT Partisan Regional Command) I cannot start the functioning of the Territorial organisation. A complete and proper functioning, on the other hand, would not be possible because nearly all the personnel of the districts, depots, etc., has not yet reached PIERMONT.

- 3 -

In order that I may be enabled to carry out my duties it is essential that the PLANT Partisan organization should change their present attitude. It is a matter that is based essentially on politics and consequently out of my sphere of action. However pending the solution to the problem I will continue to follow up developments with tact and firmness and shall be at all times ready to carry out my duties as soon as circumstances allow.

The Greek Delegation to the Advisory Council for Italy present their compliments to the office of the Executive Commissioner of the Allied Commission and have the honour to transmit them below the views of the Greek Ministry of War regarding the wish of the Italian Ministry of War to send to the Islands of Cefalonia and Corfu, an Italian Mission charged with recovering and giving adequate burial to the bodies of the "Aqui" division, which matter was dealt with, in Memorandum No. P/820.43 of the 20th February 1945 of the Political Section of the A. C.

The Greek Ministry of War understand thoroughly the humanitarian grounds of the above request of the Italian Ministry of War and would like to be in a position to comply with it. However, they regret to be obliged to state that they consider it opportune to postpone, at least for the time being, the sending of the referred Italian Mission, because unfortunately, owing to the conduct of the Italian occupation forces, which, as known, committed frightful atrocities against the Greek population of these Islands, and owing to the mass executions of innocent people and to the destructions of entire villages, they fear that the arrival of an Italian Mission in these Islands would give rise to unpleasant incidents which the Greek Ministry of War wish by all means to avoid. Such demonstrations of the inhabitants of the Islands in question, bound as they are to occur, given that the inhabitants are still under the vivid remembrance of the unbelievable hardships which were inflicted upon them by the Italian forces of occupation, would certainly provoke unpleasant resound which, by all means, the Greek Ministry of War want to avoid.

With regard to the gist of the matter, the Greek Ministry of War states that, upon establishment of the National Guards in Cefalonia, the Greek Military Authorities immediately took the initiative to order, on the one hand, the searching and collecting of bodies of Italian military personnel in order to have them buried, and on the other hand, the ascertaining as far as possible, of their identities. The result of this action will be, in due time, communicated by the Greek War
