This seems to me to be generally satisfactory. There may be exceptional cases where it may be desirable to replace a commander nominated from the South by some outstanding military personality in the North but that could be settled when the time comes.

I think that Regional Commissioners designate should be aware of what is proposed so that they can explain the position to local political leaders on the spot.

 JUL 4 1945

1. The object of this letter is to restate and clarify the functions and responsibilities of Italian Army Territorial Hqs and Adm Division Hqs with reference to AMLA letter IS/G/12 of 28 Dec 44.

2. The layout of Territorial Hqs is attached at Appx "A", Appx "B" shows the org and allotment of Adm Div Hqs.

3. Adm Division Hqs were formed in the first instance to maintain and administer on the Italian side, US-ITV, M4-ITV and IIV-ITV under command of British and American Armies, East Sections and Districts to whom they were directly responsible and part of whose staff they may be said to be. When Combat Groups were formed and arrived in Army Areas Adm Div Hqs allotted to Armies also administered them on the Italian side. The channel of command on the Italian side is normally - Unit - Adm Div Hq - Territorial Hq - War Ministry, ROME, but in actual fact since Territorial Hqs did not function in Army Areas before the cessation of hostilities, Adm Div Hqs with Armies often dealt direct with HQs. For the above reason also they maintained and administered IIV-ITV Units in forward areas.

4. Territorial Hqs were formed with the object of:-

- (a) Extending the authority of the Ministry of War over all Italy.
- (b) Enabling control of Army personnel, real estate and military stores to be reassessed as soon as possible.
- (c) Implementing the call-up or demobilization of classes as required.
- (d) Administering and maintaining IIV-ITV formations not under Allied Command in their area including all Districts and Depots.

Since the Commanding General of a Territorial Hq is the equivalent of a Corps Commander he is delegated certain powers (especially of disciplinary matters) that are not accorded to a Divisional Commander.

5. Whilst Appx "A" and "B" which are attached for ease of reference

2. The layout of Territorial HQs is attached at Appx "A", Appx "B" shows the org and allotment of Adm Div HQs.

3. Adm Division HQs were formed in the first instance to maintain and administer on the Italian side, US-ITL, BR-ITL and ITL-ITL under command of British and American armies, Base Sections and Districts to whom they were directly responsible and part of whose staff they may be said to be. When Combat Groups were formed and arrived in Army Areas Adm Div HQs allotted to Armies also administered them on the Italian side. The channel of command on the Italian side is normally - Unit - Adm Div HQ - Territorial HQ - War Ministry, ROME, but in actual fact since Territorial HQs did not function in Army Areas before the cessation of hostilities, Adm Div HQs with Armies often dealt direct with ROME. For the above reason also they maintained and administered ITL-ITL Units in forward areas.

4. Territorial HQs were formed with the object of:-

- (a) Extending the authority of the Ministry of War over all Italy.
- (b) Enabling control of Army personnel, real estate and military stores to be reassumed as soon as possible.
- (c) Implementing the call-up or demobilization of classes as required.
- (d) Administering and maintaining ITL-ITL formations not under Allied Command in their area including all Districts and Depots.

Since the Commanding General of a Territorial HQ is the equivalent of a Corps Commander he is delegated certain powers (especially of disciplinary matters) that are not accorded to a Divisional Commander.

5. Whilst Appx "E" and "F" which are attached for ease of reference to MHA letter TS/G/12 of 25 Dec 44 are in no way altered or affected by the cessation of operations it should be noted that Adm Div HQs with Armies are now for the first time located in areas where Territorial Div HQs are installed and have started into full function. The channel of Command - Unit - Adm Div - Territorial HQ - War Ministry, ROME - is now the correct one for them on all purely Italian adm matters and especially A/GI matters.

3. PRALORNO is a high class officer with ties TURIN way.
4. FRATTINI commanded FULCORE Div at EL ALAMEIN, so must have been considered one of their best. I liked the look of him when we met.
5. CADORNA, head of the "Corps of Liberation" in PIEDMONT. A great name and an excellent choice.
6. NEGRONI, I believe a good officer. I have not met him.
7. ARMELLINI - you know of. He has a brother with the patriots in the UDINE area, I am told.
8. The Minister of War has selected all these and the junior commanders as well personally with great care. I propose to say we approve. Do you agree?

My dear General:

Thank you for your DO letter S/G/12 of 10 March.

I agree with the policy outlined in your letter to the Minister of War. I would suggest that there may be exceptional cases where it may become desirable to replace a commander nominated from the South by some outstanding military personality in the North, but that could be settled when the time comes.

Yours sincerely,

(Signed) Maurice Lush.

Dear Maurice

1. We spoke re attached on 8 Mar.
2. I discussed the matter fully with the Minister of War yesterday and, as you see, he is in full agreement.
3. Actually it is no new policy. For some time we have been absorbing into the Army officers and CDRs who come through the line or whom we picked up, as we advanced to the COCHIC Line. The whole scheme is covered by the authority of existing regulations. All I am doing is to clarify the details of the plan; in view of the fact that I have been ordered to produce these military organizations as North ITALY is freed.
4. I therefore intend to send attached to Minister of War, copy to you for information.
5. Do you agree ? May I have your answer urgently.

TO : Minister of War.

Ref MAIA letter TS/C/12 dated 26 Dec 44: -

1. The matter of earmarking the personnel to fill the staffs concerned north of the existing line has been reconsidered by this HQ.
2. (a) It would obviously be an advantage if we could earmark now the complete actual staff to go forward and take over the various Regional HQ etc without delay as North ITALY is liberated.
- (b) This, however, would allow for no absorption of the many officers who are now controlling and fighting with the partisans in the North, and whose local knowledge and authority would be of great value.
- (c) To impose complete control by Officers from the South can only lead to friction or worse. Yet it is necessary to establish the authority of the Ministry of War by means of officers nominated by the latter whom it trusts and of whom it knows the capabilities.
- (d) The answer is to coalesce the North and the South by having a combined staff drawn from both.

1796

1. The matter of earmarking the personnel to fill the staffs concerned north of the existing line has been reconsidered by this HQ.
2. (a) It would obviously be an advantage if we could earmark now the complete actual staff to go forward and take over the various Regional HQ etc without delay as North Italy is liberated.
(b) This, however, would allow for no absorption of the many officers who are now controlling and fighting with the partisans in the North, and whose local knowledge and authority would be of great value.
(c) To impose complete control by Officers from the South can only lead to friction or worse. Yet it is necessary to establish the authority of the Ministry of War by means of officers nominated by the latter whom it trusts and of whom it knows the capabilities.
(d) The answer is to coalesce the North and the South by having a combined staff drawn from both.
3. (a) To do this, it is possible to earmark a proportion of the staffs now from the South.
(b) The general earmarking of personnel now in the North for these staffs does not seem to be a feasible proposition as:
 - (i) they may be killed or captured before we get there.
 - (ii) we have not sufficiently full information to be sure they are suitable.
 - (iii) it might cause jealousy and friction among the hands themselves.

Sheet 2.

- (a) It has therefore been decided that you will:-
- (1) nominate the commander and one-third of the staff from the South now.
- (ii) leave the post of 2nd-in-command vacant for a local appointee from the North.
- (iii) leave two-thirds of the staff vacancies unfilled till the new Regional HQ is set up.
- (iv) delegate to the commander, under authority of M of W, the power to fill all vacancies in conjunction with the local army leaders in the partisan organisations.
- (b) The action as in 4 (a) will apply to Regional HQ, Districts and Depots only. The ITI-ITI ceiling now being full, a reduction in this will be made forthwith in accordance with App "A", in order to create the requisite vacancies within the ITI-ITI ceiling.
- (c) The action as in 4 (a) will NOT apply to CERSEVI detachments or Services, which will be filled now by personnel available in liberated ITALY.
- (d) The above permits of a staff being sent forward to take charge immediately and start the business. It will give effect to local aspirations, while still producing an organisation with knowledge of Allied orders and procedure and under control of Mof W.

- (f) For security reasons and because it is not possible completely to anticipate the actual state of affairs that we shall discover in the North, you will consider this scheme as SECRET. This letter is thus sent to you as a policy to work to secretly for the time being.

It will be seen that the permitted ceiling of 20,200 is now fully absorbed. It has been allotted by units, except for a small unallotted reserve in the case of Engineers and Motor Transport.

(b)

If it is necessary at any time to form a new unit or increase an existing one this will only be possible at the expense of another existing unit (except in the two cases where there is an unallotted reserve). Any proposals of this nature therefore, should include compensating reductions.

Basis

To facilitate administration, the units in Appendix "I" have been based as far as possible on the respective Territorial Regions HQ. (TS/G/12 of 26 Dec 44 refers)

3.

Numbering

Accordingly, whenever a unit belongs or is intended to belong to a definite region, it has been numbered in accordance with the number of the Territorial HQ. Where there is no definite Territorial affiliation, the present numbering has been retained as far as possible.
