*Dear Brigadier Lush,*

In the recent Conference on Domestic matters of A.C.C. I raised the difficulties I am experiencing in arranging air travel from SICILY. It is necessary to obtain every order from your Headquarters which in cases of emergency or liaison work involves possibly 48 hours delay and necessitates an interchange of cablegrams. A recent difficulty arose over the instructions to send representatives to PANTELLERIA; although this visit had been ordered by C in C it appeared to be beyond the scope of I.B.S. instructions from NATOUSA.

You counselled me to approach Maj General Heydemann of 1 DISTRICT with a view to a delegation of his authority. While he has been able to help me out on various special occasions, he now forwards the attached AFHQ instruction (Circular 82) which places A.C.C. in the same position as 1 DISTRICT.

Do you think it would be possible for the Chief Commissioner to arrange for a delegation of authority for essential military travel to Regions I and VI in view of their insular position?

REQUESTS FOR AIR TRAVEL

1. Requests for travel by air have continued to increase and the volume handled has overloaded the existing air passenger facilities in this Theater.   - Allied Force Administrative Echelon
  - Headquarters, North African Theater of Operations
  - C-in-C, Mediterranean (when established away from AFHQ)

4. Before approving a request for air travel to be presented for preparation of orders, each commander or chief of section must be certain that the mission of the individual concerned justifies the request, and that no other practical means of transportation is available.
5. In the case of personnel travelling solely in connection with the taking of leave furlough, priority rating for the movement of the individual concerned will be assigned only upon the direction of the Chief of Staff or the Deputy Chief of Staff, this Headquarters, (AG 509-1 (DS-AGH))

Attention Captain Sterne

1. This headquarters has been experiencing delays in obtaining authorization of air travel for officers going to mainland on temporary duty to attend conferences etc.

2. To date, we have followed instructions from IBS and have requested authority direct from NATOUSA for said air travel in order to expedite transportation.

3. However, in view of attached Radiogram, Exhibit "A" Island Base Section has informed us that since your headquarters has authority to issue air travel, all movement orders for personnel of this Region who are to leave on T/D for the mainland, be published on your Special Orders.

4. In the future, request that subcommissions of your headquarters have orders issued by you sufficiently in advance to allow for receipt of orders at this headquarters and for unforeseen delays due to bad weather.

5. Form of Authorization & Provision of Transport.

a. Officers empowered to authorize journeys under para. 4 above will do so in writing in the form given in Appendix "A" attached. They will classify journeys under para. 5 of the appendix as follows:

- (1) A Travel of the first importance having an operational aspect and when time is of the essence of the journey.
- (2) B Important visits or tours which it is considered essential should be made as soon as possible.
- (3) C Journeys which are desirable but not particularly urgent.

b. Authorizing Officers will consider carefully the urgency of the trip so that real emergencies receive priority over trips of less urgency. They will also determine the relative priority of applications they receive for travel.

3. On receipt of the form of authorization, G-1 (or at Rear Hq., the Deputy Adj't.) will arrange for the necessary orders to be issued, a copy being sent to G-4 (at Rear Hq., the Hq. Comd't.) (See Para. 6 below).

d. On publication of the orders, G-4 will arrange the necessary transportation and notify details as to the type of transportation provided, date and time of departure, etc. to the officer or officers concerned. If any question of priority of moves arises or if he considers that the allotment of Motor Transport would bring the reserve for emergencies dangerously low, he will refer to the Executive Officers. At Rear Hq. the Hq. Comd't. will arrange transportation provided only motor transport is involved.

e. Should circumstances prevent an officer from proceeding on a journey duly applied for and authorized, the sanctioning authority will immediately inform the officers to whom the form of authorization has been sent (i.e. G-1, G-4, Hq. Comd't.).

6. Orders for Travel not Involving Change of Assignment.

Orders are required and will be issued as follows: -

- a. For American Personnel: - A Regimental Order, or, for personnel at Rear Hq. when only motor transport is involved, an order by the Deputy Adjutant.  
The authorization for travel under para. 4 above will suffice.
