ADMISSION OF OFFICERS OF THE COMANDO GENIO MILITARE TO REQUISITIONED PROPERTY

Rome Allied Area Command letter ref IG 600, dated 12 Aug 44, is transcribed for the information and guidance of all concerned:-

"1. The department of the Italian Government responsible for assessing rentals of requisitioned property is the Comando Genio Militare whose officers visit the various requisitioned premises for this purpose.

2. In spite of the fact that these officers are furnished with passes issued from this Headquarters, some units have refused them entry to their premises."

3. This obstruction will cease forthwith as it is contributing to delay in the carrying out of the duties of the Comando Genio Militare. There any such refusal is made without good reason being given, a report is being made to this Headquarters as to the identity of the unit concerned and the circumstances of the case."

240. ORs REST HOUSE

" Rest House has now been established at FREGENE, about 20 miles from Rome and very nicely situated near the sea-shore, with all bathing facilities.

Transport will continue to leave at 0830 hrs daily for ORs on day leave and will make the return journey from the Rest House at 1730 hrs, arriving in time for the evening meal.

Until further notice, only the lunch meal will be served at the Rest House. At present there is no sleeping accommodation and in consequence only the permanent staff of the Rest House will remain overnight.

All eating utensils are provided.

Dress will be optional in an area to be pointed out on the morning of the opening.

 It is needless to point out that such a practice is dangerous and must cease forthwith.

The Commander of British Troops in Rome is very concerned about the high rate of V.D. contracted in this city, which is becoming increasingly alarming. Prophylactic Stations Centres or Pro Stations exist throughout the city and these should be made use of after intercourse. A list of the approved Pro Stations is posted on the notice board.
The O.C. will give a lecture on this subject at the Vaccinal Restaurant, Tuesday, 16 Aug 44, at 1300 hrs. All Oms up to and including the rank of Cpl, not on duty, will attend.

222. MESSAGE FROM HIS MAJESTY THE KING.

The following message from H.M. The King has been received by the Supreme Allied Commander Mediterranean Theatre.

"I have greatly appreciated the opportunity you have afforded me of seeing so many of my Armed Forces and of those of the Allies in the Italian Theatre of War.

During the past few days I have traversed the ground from CASSINO to the present front line a distance of some 250 miles, through which, since the middle of May, the Eighth and Fifth Armies have driven a powerful and highly experienced German Force. It is true to say that the onus has been out-generalled and out-fought. This brilliant campaign has added much to the glories of the British, the Dominions and the Allied Armies. Such success could never have been achieved without the full cooperation and powerful support of the Royal Navy, Royal Air Force and their Allied Brothers-in-Arms.

I am very pleased to have been able to see for myself some of the splendid work they are doing. Please convey to all under your command my best wishes and my confident belief that final victory will be theirs. I pray that the day is not too far distant when I shall be able to welcome you home again".

The following reply was sent to H.M. The King by the Supreme Allied Commander, Mediterranean Theatre.

"On behalf of all ranks of the British, Dominion and Allied Services it is my humble duty to convey their thanks for Your Majesty's message which they appreciated greatly. The visit of your Your Majesty to ITALY has given encouragement and inspiration to complete the task which lies ahead of them".

POSTINGS TO HOME ESTABLISHMENT

1. A letter was recently addressed to all ranks of British units in this theatre by the Supreme Allied Commander explaining the reasons and difficulties why he cannot repatriate more personnel to the U.K. under the PYTHON Scheme, and that the recent concession allowing personnel on completion of that period of service, was all that could be done for the present in view of the difficult manpower situation.
2. An article was published in the issue of "Union Jack" dated 13 Jun report- ing a statement by Mr. Anthony Eden in the House of Commons to the effect that "the bulk of those who had served over five years had returned and a start had been made with the men having four and a half years of service abroad".
3. It is unfortunate that this statement should have been made, without qualification, and published as having general application, as it is contrary to the Supreme Allied Commander's directive.
4. The qualifying period for service abroad may vary temporarily in different theatres, either because the manpower situation is less acute in one theatre than in another or because there is a difference in the time necessary to get men back to the U.K. in this theatre the directive issued by the Supreme Allied Commander states as follows: "In this theatre the directive issued by the Supreme Allied Commander states in the penultimate paragraph of his letter, the question of reducing the period of continuous service is one which he has constantly in mind, and as soon as it becomes possible to increase the home- ward flow he has promised to reduce the qualifying period as much as possible.
6. It is likely that the report of the statement made by Mr. Anthony Eden in the House of Commons may cause confusion and dissatisfaction, and it is the Commander-in-Chief's desire that the gist of this letter should be made known to all ranks.

"There have been a great many cases recently of interruption
to long distance telephone and telegraph communications due to
telegraph poles being knocked down by vehicles.

Long distance communications can only be provided in the
first instance by means of copper wire built on pole routes of either
heavy or light construction.

The knocking down of one pole usually causes several days to
collapse, and not only is considerable expenditure of time and labour
necessary to restore the route, but further delay is caused by the

"There have been a great many cases recently of interruption to long distance telephone and telegraph communications due to telegraph poles being knocked down by vehicles.

Long distance communications can only be provided in the first instance by means of copper wire built on pole routes of either heavy or light construction.

The knocking down of one pole usually causes several days to collapse, and not only is considerable expenditure of time and labour necessary to restore the route, but further delay is caused by the electrical re-alignment of the carrier equipment which provides the long distance telephone facilities.

The act of one careless driver in colliding with a pole or stay (guy) wire can cause interruption for several hours to important channels of communication. It is the duty therefore of all drivers to exercise the utmost care to avoid damage to telegraph poles and other line communication equipment.

Drivers of vehicles causing such damage will report details and exact location thereof to their unit, who will report the matter forthwith to the Signal Officer of the Area/Sub Area/Garrison concerned.

The Commander in Chief has directed that all commanders ensure the most strict compliance with the above orders."

898. CENSORSHIP - AIR LETTERS.

General Routine Order No. 556, dated 23 June 44, is republished for the information of all concerned.

1. The condition that only private and family matters may be mentioned in air letters submitted for base censorship under GRO 385/44 is proving unduly restrictive.
2. To enable writers of air letters to relate their personal experiences in battle within the limits imposed by GRO 99/44 it has been decided that air letters may be used for such descriptions provided they are submitted for unit censorship.
3. In such cases, the declaration on the back of the air letter that its contents are only of a private and family nature, will be struck out (or will not be completed as the case may be) by the sender, and the air letter will be left unsealed. It will then be censored in accordance with GRO 99/44, paras. 23, 24, 25 and 26.

675. PARCEL POST - FRUIT

General Routine Order No. 543, Serial No. 24, dated 16 Jun 44, is republished hereunder for the information and guidance of all:-

1. A large proportion of the fruit in parcels despatched by troops in this Command arrives in the U.K. unfit for consumption and has to be destroyed. Apart from the waste of sender's money and the disappointment suffered by the persons to whom the parcels are addressed, the rotting fruit causes serious damage to other postal packets and mail bags.
2. The principle causes of damage and decay are:-
 - (a) Inadequate and unsuitable packing. Experience shows that the thin wooden boxes frequently used for packing are totally inadequate.
 - (b) The despatch of soft fruit, particularly oranges and lemons in a ripe condition. Fruit parcels are liable to take several weeks in transit to U.K. and fruit should therefore be despatched green.

District Routine Order No. 193, Serial No. 13, dated 20 Jun 44, is re-published hereunder for the information and guidance of those concerned:-

1. It has been found that officers when censoring letters have sometimes added comments of their own.
2. Officers who censor letters are forbidden to add any comments, with or without the consent of the writer. Commanding Officers will draw the attention of all officers to ORD 99/44 Part IV para 24 reproduced below:-

"Any matter contravening censorship regulations must be made completely illegible or the letter returned to the writer for re-writing. The most effective method is excision by scissors or razor blade, but in the case of Airgraphs and Air Letters, or where excision is likely to destroy harmless matter on the other side of the page, the unit censors may obliterate by overwriting with close coils in ink or indelible pencil. Unit censors will bear in mind that ineffective deletion defeats its own end by directing particular attention to the censorable matter. No comments of any description will be written on letters by Unit Officers."

652. RETURN TO U.K. OF LONG SERVICE PERSONNEL

General Routine Order No. 501, Serial No. 25, dated 9 Jun 44, is republished hereunder for the information of all concerned:-

1. As from the date of publication of this GHO the qualifying date for eligibility to return to U.K. will be that on which five years' unbroken service overseas is completed. The 1st January, 1944, will no longer be the qualifying date for the purposes of such calculation.
2. The qualifying period of overseas service will be calculated from date of embarkation in U.K. Periods of leave on duty, not exceeding six months, spent in the U.K. during the five years are not taken to constitute a break for the purpose of eligibility; for the purpose of calculation, this period of leave or duty in U.K. will be counted as if it were service abroad.
3. Personnel entitled under this scheme to return to U.K. will be called forward by GHQ 2nd Echelon as soon as their overseas period is completed. In some cases personnel may be called forward shortly before the actual completion of the qualifying period.
4. In order that a forecast may be made of future commitments, all OSG will submit to GHQ 2nd Echelon, HIAF, nominal rolls giving date of embarkation of men serving under their command who, at the time of receipt of this GHO, or who report to their units at a later date, embarked for service overseas before 30 June, 1944. Names of personnel already forwarded under GHO 671/43 or GHO 138/44 need not be re-submitted.
5. The return to U.K. will be operated by monthly drafts from No. 4 Reception Camp, ALGERIA, and No. 159 Transit Camp, MARLB, to which all qualified personnel will be ordered by GHQ 2nd Echelon.
6. On receipt of instructions to despatch personnel to No. 4 Reception Camp or No. 159 Transit Camp, OSG will be governed by operational considerations as to whether the men can be spared. In cases where the men cannot be spared, a certificate to this effect, signed by the Air Comd, will be forwarded to GHQ 2nd Echelon, who will add these names to the number to be called forward the following month.
7. Personnel returned to the U.K. under this scheme will be posted to the Home Establishment for a period of not less than three months, including disembarkation leave before being considered for posting to another

RETURN TO U.K. OF LONG SERVICE PERSONNEL

General Routine Order No. 501, Serial No. 23, dated 9 Jun 44, is republished hereunder for the information of all concerned:-

1. As from the date of publication of this ORD the qualifying date for eligibility to return to U.K. will be that on which five years' unbroken service overseas is completed. The 1st January, 1944, will no longer be the qualifying date for the purposes of such calculation.
2. The qualifying period of overseas service will be calculated from date of embarkation in U.K. Periods of leave or duty, not exceeding six months, spent in the U.K. during the five years are not taken to constitute a break for the purpose of eligibility; for the purpose of calculation, this period of leave or duty in U.K. will be counted as if it were service abroad.
3. Personnel entitled under this scheme to return to U.K. will be called forward by GHQ 2nd Echelon as soon as their overseas period is completed. In some cases personnel may be called forward shortly before the actual completion of the qualifying period.
4. In order that a forward pass may be made of future commitments, all OSC will submit to GHQ 2nd Echelon, Liaison, nominal rolls giving date of embarkation of men serving under their command who, at the time of receipt of this ORD, or who report to their units at a later date, embarked for service overseas before 30 June, 1944. Names of personnel already forwarded under GHO 671/43 or GHO 138/44 need not be re-submitted.
5. The return to U.K. will be operated by monthly overflights from No. 4 Reception Camp, ALGIERS, and No. 159 Transit Camp, NAPLES, to which all qualified personnel will be ordered by GHQ 2nd Echelon.
6. On receipt of instructions to despatch personnel to No. 4 Reception Camp or No. 159 Transit Camp, OSC will be governed by operational considerations as to whether the men can be spared. In cases where the men cannot be spared, a certificate to this effect, signed by the EIC Comd, will be forwarded to GHQ 2nd Echelon, who will list these names to the number to be called forward the following month.
7. Personnel returned to the U.K. under this scheme will be posted to the Home Establishment for a period of not less than three months, including disembarkation leave before being considered for posting to another theatre, and will then only be posted to North-West Europe unless they volunteer for despatch to any other theatre.
8. The above exchange is voluntary on the part of those qualified. In all cases where an officer or other rank does not wish to take advantage of this repatriation, his name will be reported to GHQ 2nd Echelon accompanied by a signed certificate to that effect.
9. Such certificates may at any time be revoked, but in the event of their non-receipt by GHQ 2nd Echelon these personnel will be called forward.
10. It is once more stressed that the success of this scheme depends on the early submission of the nominal rolls called for in para 4 above.
11. Attention is drawn to GHO 349 of 1944 whereby married personnel may apply for the return to the U.K. of their wives and children. This application should be made six months before personnel become entitled to repatriation. In view of the large number of families involved it may not otherwise be possible to return the families at the same time.
12. GHOs 138, 299 and 320, all of 1944, are cancelled.

841. OPTION TO ELECT POST-1925 RATES OF PAY FOR SOLDIERS PAID AN PRE-1925 RATES

The following extract from General Routine Order No. 408, Serial No. 22, dated 2 Jun 44, is republished for the information of all concerned:-

1. Army Order 38/44 gives a further opportunity to soldiers at present in receipt of pre-1925 rates of pay to elect instead to receive post-1925 rates.
2. If soldiers who wish to change their rate of pay under this Army Order apply to their COs before 1 July, 1944, the change may be made retrospectively from 26 December, 1943; if they make such application on or after 1 July, 1944, the change will be effective only from the date of election.
3. A comparison of pre-1925 and post-1925 rates is given in the new edition of AB 64, Part II (see also AGI 1756/43, and the pamphlet issued with QRD 249/43); but attention is drawn to para. 1 of GKO 489/44, which notifies increases, v.e.f., 29 Apr 44, to certain classes of post-1925 rates of pay.

Two other main differences are:-

- (a) a non-tradesman private on pre-1925 rates, to be placed in Class IA, must be in possession of a 2nd class Certificate of Education; this is not necessary for those paid at post-1925 rates.
- (b) Long Service and Good Conduct Pay is inadmissible to soldiers in receipt of pre-1925 rates.

2. E.F.I. Beer Issues
 Area Routine Order No. 737, dated 5 Jun 44, is repeated hereunder for information:-
- (a) Since at present there is no prospect of any immediate improvement in beer supplies, the following explanation of the situation has been given by AAI.
- (b) About six weeks ago a letter was received from N.A.A.F.I. H.Q., London stating that owing to difficulties in obtaining bottles, beer shipments from Canada were falling off by over 100,000 cases per month, and that beer must be expected to be in very short supply for a period of at least three months. A further communication has been received from AFHQ to the effect that there is still no improvement in sight.
- (c) For the past five weeks all beer has been sent to the troops forward of Army and Corps boundaries, with the exception of the British share of the local beer from the Bari Brewery, which is unsuitable for travelling. This has been issued to Bari Rest Camp and Operational Air crews in the Foggia Area, and the small remainder locally in the Bari Area. Otherwise 1 of C Troops have had no beer for five weeks.

CONTINUED ON SHEET 2.

- (d) Dues in for June are equivalent to one bottle per man, and those supplies will be issued on a general basis to all British troops.
- (e) There is a possibility of a further supply coming from the Tunis Brewery which may make possible a restricted issue later in the month.
- (f) Local production of beer is hampered by lack of certain essential commodities, which cannot be obtained locally. The position has been represented to AFHQ and HQ N.A.A.F.U. London, are endeavouring to make good this position. It is, in addition, hoped that the supply of imported beer will improve.

such commodities that are not consumed will be under-drawn at the next
issue. On no account will a stock be kept or any food wasted.

722. DISCIPLINE (BILLET ORDERLIES)

soldiers employed as billet orderlies were not present at their place

Billet Orderlies are hereby warned that irrespective of being
employed away from Headquarters they must still abide with the parade
hours, dress, discipline, etc., laid down.

Officers on duty with troops will wear hosetops with short putties, or anklets web, and boots when shorts KD are worn. When not on duty with troops they may wear stockings and shoes.

Officers in possession of jackets KD may wear them when not on duty with troops, but no officer will be required to purchase a jacket KD. Owing to the difficulty of obtaining medal ribbons and means of attachment, it will not be compulsory to wear medal ribbons on bush shirts, but the CO in C wishes them to be worn as far as possible.

Bush shirts will be worn outside trousers or shorts, with belts. If cloth belts are not available, bush shirts may be worn tucked inside the trousers or shorts at the discretion of COs.

Gorget patches will be worn on bush shirts by officers of the rank of Colonel and above.

Worsted badges of rank when available will be worn by officers on bush shirts. When not available badges of rank of other materials may be worn.
