My dear Colonel:

Colonel Marshall was in my office today and told me of a so-called black market farmer who had some United States Jeep tires on his car and who seems to be holding back some information on some American officers. He suggested that when Lt. Col. Middlewood was in Rome he should drop in my office and talk this matter over with me.

I have this date been appointed Executive Officer (A), AOC, in addition to my other duties, and I am very much interested in knowing of any irregularities concerning United States officers.

ALLIED MILITARY GOVERNMENT
Senior Civil Affairs Officer
Main HQ II Corps.

10 September 1944.

Colonel Norman Fiske,
Allied Control Commission,
APO 394.
Dear Colonel Fiske:

At our Salerno Day celebration yesterday there were a number of promotions made of officers in field grade. It indicated that the temporary ban on such promotions had been lifted, and it may mean good news to Captain Long, Majors Walker, Holzgreen and myself. I am just as deeply concerned about promotions for these officers as for my self. They were all with me for sometime and are very fine officers and certainly merit promotion.

We are on the move again, and hope you may find time to catch a Sub and come up to see us at II Corps soon. It will fine to have you whenever you can come.

Francis M. Wray
Major,

In view of the failure of the authorities concerned to supply this Sub-Commission with the necessary skilled officer personnel and in view of the known "heat" in the north of Italy I propose to withdraw from Sicily and Southern Region such inadequate staff "as is". The Italian Government (if any) can look after the South and the Islands, we must have officers in the North.

SUBJECT: Future Planning - Officers
TO: Economic Section - Att. Major Fisher
R.C. and N.G. Sections

1. This is in response to your memo ES/2 of 26 August on above subject.
2. The officers to be earmarked for Regions I, XI and XII and (in brackets) their location according to present orders, according to Agric. S/C files, are as follows:

Region X -	Capt. Kreidler	(Region VI)
	Capt. Morgan	(Southern Region - Bari)
	Lt. Germann	(Agric. Sub-Comm. HQ)
Region XI	Major White	(Southern Region - Ca-
		tanzaro)
	Major Crawford	(Southern Region - Bari)
	Major Guy	(Southern Region - Bari)
Region XII -	Capt. Case	) already with Region I
	Capt. Cobb	
	Capt. Young	
	Capt. Ault	
		(Agric. Sub-Comm. HQ)
		(Agric. Sub-Comm. HQ)

3. As regards an early call forward for planning, Capt. Case and Capt. Cobb are already with Region I. Major White should be called on now for XI and Capt. Kreidler for X.

Capt. Ault and Lt. Germann (both with the Sub-Commission on important work) should not be called on yet. Capt. Young's transfer should go through at once.

The departure of Majors Crawford and Guy, and Capt. Morgan, from Southern Region will weaken the agricultural team formerly proposed for that region but the North

has prior claims on the small personnel available and the Italian Govt. is anxious to show that it can run its own affairs in the South.

4. Action should be taken, if this has not already been done, to remove Lt. Viti, formerly in Region II, from agricultural duties.
5. The total strength of officers and their distribution will be:

At HQ 9 as compared with 11 at present and 12 on Establishment's T/O Appendix

In the field	"	"	"	"	"	"
<u>22</u>	"	<u>20</u>	"	<u>28</u>	"	"
11		11		40		

(Note - 42 was T/O formerly approved - 14 at HQ, 28 in the field).

6. Lt. Col. Kennedy in Region 8 and Capt. Morgan now in Southern Region may be repatriated, the former to U.K. and the latter to Kenya. If Lt. Col. Kennedy goes, arrangements will have to be made for Lt. Norton to take charge. Though he is junior in rank to Capt. Stringer, he is agriculturally trained and capable of taking charge; Capt. Stringer is an excellent officer but lacks agricultural knowledge.
7. So as to make the present and proposed lay out of the agricultural officers in this theatre clear, appendices are attached - A showing present and eventual status at HQ Agric. S/O, and B showing present and eventual status of agricultural Field Staff.
8. It is requested that the data supplied in this memo and in its appendices A and B be checked closely with data in hands of GI etc. We have never had a 100 per cent. check on personnel and we would like to be sure

1. The present difficulties that are being experienced owing to the extreme seriousness of the existing manpower situation are quite apparent.

2. In order to ensure the best use of all available personnel, it is essential that every man, whether he be of low medical category for reasons of sickness or wounds sustained in action or psycho-neurosis as a result of his former service, be employed in the type of employment to which he is best suited.

3. This letter is being given a full distribution in order to ensure that the LAD and the personnel, who are now being posted to this formation in replacement of high medical category personnel, receive appropriate consideration and are not treated as unwanted personnel thrust upon us.

4. All TRs have undergone a month's training with a view to adjusting their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

5. In every case their mental condition has been created by many causes and factors. These have been investigated, and in some cases corrected, with the result that the men's efficiency has greatly improved. It has been proved that if such personnel become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

6. It has also been proved that where TRs have been sent to feel that they are welcome members of their new unit and that their unit is essential and valuable, they have proved to be reliable and efficient soldiers. All these factors call for the tactical assistance of both officers and soldiers.

6. All PIs have undergone a month's training with a view to adjusting their mental outlook. They have been encouraged to feel that they are still useful members of His Majesty's Army and that their services are valuable. They have not been allowed to feel, or given the impression, that they are failures.

7. In many cases their mental condition has been created because of family troubles. These have been investigated, and in many cases remedied, with the result that the men's efficiency has greatly improved. It has been proved that if each personnel feels that an interest is being taken in them as individuals, they become enthusiastic soldiers, with a greater determination to prove to the Officer or N.C.O., who has given them a helping hand, that they are efficient members of that unit.

8. It has also been proved that where PIs have been sent to feel that they are useless members of their new unit and that their work is essential and valuable, they have proved to be reliable and efficient soldiers. All these factors will for the tactical assistance of both officers and senior N.C.O.s in connection with their mental problems.

9. Regarding IIC personnel, these soldiers have also to adjust themselves to their new circumstances. In many cases they have been fighting soldiers, a fact of which they are very rightly proud. They do not always take the trouble to analyse for themselves the importance of their new employment, and are not initially inclined to feel some quite understandable sense of inferiority vis-a-vis their late front-line comrades.

10. Here again they should be made to feel that they are welcome members of their new unit, and that here also there exists that

ownership and credit to come which they had formerly known. They must also be made to realize the value which their own employment contributes to the war effort and to the well-being of their former comrades, all of whom are dependent on U. S. units.

9. Before posting, both the and IMs are interviewed by Personnel Selection Staff who assess their qualifications and recommend them for various types of assignments. With the exception of C.I. men, these men are being assigned in the trades or tasks as recommended by the P.S.S. On no account will such personnel be otherwise employed without first reference to this Headquarters.

10. All IMs and IME personnel who are now being posted will be given every opportunity to settle down in their new surroundings as efficient soldiers. No efforts should be spared by officers and NCOs to ensure that these men are afforded the encouragement and the personal interest which is so necessary to enable them to prove themselves to be efficient members of the formation.

1. I refer to your letter 16002/2/0-1 of 23rd July. Is there any later development? I hate to bother you but I ought to let East Africa Command know definitely whether he is required or not.

2. It seems that if you are short of Provincial Commissioners it is a pity not to use him. If you do not want him, he will go back to civil life in Nyasaland and I think that A.C.C. would be the loser.

A. RECOMMENDATION

At the present moment there are the following officers in this Branch:

Col. Fiske
Lt. Petrillo
Lt. Col. Shipp
Major Dillert
Major Dillard
Major Loring
Capt. Hester

We hope to get in the near future two more officers - Capt. Dean and J/O Mason. These officers are all urgently required as we are finding it extremely difficult to function properly at the moment.

It is hoped to organize the officers into three sets of pairs, one pair working with the Economic Section, one pair working with the Administration Section and one pair with the various Branches and activities of the R.C. & R.O. Section.

In addition to increasing work in the office there is the urgent necessity for getting out in the field. Officers are at present tied to the office much too much which has had effects on the Regions and probably increasing our own work. This situation will be aggravated by the increase in territory which is coming under our control.

2051

B. Other Points and Related Items

Attached is a list of the above employed in the Civil Affairs Branch. None of the other ranks mentioned as not replaceable by civilians can be spared with the exception that if suitable British

- 2

civilians could be found and time given to train them in their duties, it might be possible to release Cpl. Middleton and L/Cpl. Thomson.

It is pointed out that of the Civil Affairs Branch staff two were released shortly after the move of A.C.C. to Rome and two more are shown on the present list as being available for release. This means that we have already released four out of a total of eleven. This is about 36% and it was hoped that the Branch would not be called on to release more than 1/3 of its staff. It is recommended that Cpl. Middleton and L/Cpl. Thomson should not be replaced by civilians unless it is absolutely necessary.

In general the office work is increasing rather than decreasing. Staffs have had long periods of work without leave and they are not often able to take their full day off a week.

As much use as possible is made of civilian staff but some military staff must remain to deal with classified correspondence. They are also essential for their experience in dealing with military life and functions, an activity for which this Branch is especially responsible.

1. The limited available personnel, both Officer and EN/O.S., of the Commission, with no immediate relief assured and the extensive requirements indicated to man the unliberated regions of Italy, necessitates drastic elimination of all non-essential activities and the consolidation of Offices and Sub-Commissions of Headquarters, Allied Control Commission.

2. The Acting Chief Commissioner has appointed a Committee as follows :-

Brigadier H.S. LUSH,	V.P. P.O. & H.G. Section - Chairman
Colonel C. HENRIK,	V.P. Admin. Section - Member
Colonel R.W. MONTGOMERY,	Member
Mr. A. ARVOLINI,	Executive Director, Econ. Section
	Member
Lt. Col. J.B. JONES,	Secretary

with the following terms of reference :-

To consider the re-organization of Headquarters, Allied Control Commission, with the mission of making the greatest possible number of Officers and EN/O.S. available for field assignments and with a view to securing optimum efficiency with the most economic employment of available personnel. Consideration will be given to effecting the elimination of all activities not absolutely required for the accomplishment of the mission of the A.C.C., and also to the consolidation of Offices and Sub-Commissions where possible, consistent with the present situation.

3. The Committee met on Tuesday, 5th August 1944 and it was agreed that the four main points on which recommendations for possible reductions should be based are :

- (a) Amalgamation of Sub-Commissions and Branches
- (b) Reduction of functions
- (c) Substitution of Italian or other local personnel for Allied personnel
- (d) Withdrawal of non-essential personnel.

4. It is the intention to ask Heads of Sub-Commissions and Branches to present their own recommendations by which the Acting Chief Commissioner's proposals will be met and for this purpose the Committee will sit each day from 0900 hrs to 1200 hrs commencing Friday, 11th August 1944.

5. When preparing their recommendations, Heads of Sub-Commissions should remember it is the policy of A.C.C. to transfer forwarding responsibility upon the Italian Government, leaving members of Headquarters, Allied Control Commission to advise and supervise.

6. The following is the order in which Heads of Sub-Commissions are requested to present their proposals. They will please hold themselves available between 0900 hrs and 1200 hrs on the morning allotted to their Section, and
