REMARKS:

19 February 1944.

Because both the Labour and Finance Sub-Commissions, A.C. will have responsibilities of varying degrees concerning the operation and overall supervision of the several social insurance plans in force in Italy, it has been deemed appropriate that their respective parts in this activity be made a matter of record. Thus, duplication of effort will be avoided.

It is agreed between the two Sub-Commissions, therefore, that the following are the broad spheres in which each will operate, through the properly constituted Italian authorities:

The Labour Sub-Commission shall assume responsibility for:

1. The adequacy of payments to beneficiaries in the several categories, in cooperation with the Public Welfare / Sub-Commission.
2. The proper functioning of the several organizations as they exist or may be changed to ensure prompt and regular payments.
3. All dealings with Labour which touch on the Insurance systems.

The Finance Sub-Commission shall assume responsibility for all of the financial aspects of the plans, including, where deemed advisable:

1. Complete actuarial analyses of the several systems to determine their financial soundness, and recommendations for changes, if any, as a result of such analyses.
2. Study of the operation of the systems with a view to improving their efficiency and eliminating waste, dishonesty in administration, if any, and recommendations for changes.

APPROVED: Colonel A. P. Graffney-Smith,
Acting Chief Finance Officer, Finance Sub-Commission.

Colonel J. T. R. Bain,
Chief, Labour Sub-Commission.
