RAC/273/175/CA

SUBJECT: Proclamations and General Orders.

TO : R.G. Region V.

1. Reference your RS/XII/17 of 27 June 44, addressed to Rear Hq. your attention is drawn to our letter 273/186/CA of 29 June 1944.

2. Your original letter of 9 June 44, asked for certain proclamations and orders to be forwarded to you stating that "as the matter there is no need for any further deliveries but it would be appreciated if the totals of the proclamations and orders could be brought up to 1000 in due course". The was no indication of urgency and the only other information we had from you was on 23 June when you stated they were urgently required and the necessary copies were forwarded to you on 25 June 1944. Partial action was taken on your original letter and then full request was met on receipt of your second letter.

3. Legal Sub-Commission advised this Hq. on the 15th that you desired copies as soon as possible. At that time the matter was in the hands of the printers and we had to wait until the printer had run off some more copies. Your reference to repeated request is therefore not understood.

4. Legal Sub-Commission have also advised you that the old Proclamations No. 3 and 12 are out of print. This Section has none of these old proclamations in stock as they were handled by Legal Sub-Commission. We are however asking Region III if they have any on hand and if this is so, we shall forward them to you. It is suggested that you might consider having copies printed. We are prepared to assist but it is pointed out if you wish us to have these printed it will take a little time as the printers are very busy at the moment with proclamations, orders etc.

5. With regard to old General Orders Nos. 18 and 20, this is not understood here as there were no old Orders of such numbers. Copies of Order No. 20 have been forwarded to you and copies of No. 18 will be sent to you as soon as possible.

Subject: Posting of General Orders

To: 1. R C & M G Section (CAB)

1. As a result of a visit by the Chief Judicial Officer to Region V, it appears that some regions and Army areas are quite uncertain as to what proclamations and general orders should be posted in areas now being invaded and when.

2. This is a matter for the Executive Commissioner to determine by Executive Memorandum (see your 278/35/CA dated 1 Mar 44, para 2 (b)).

3. For your assistance in issuing such Executive Memorandum, and in arranging your printing program, therefore, I have compiled a list of all General Orders which have been issued, showing:

- (a) Which General Orders should now be regarded as obsolete;
- (b) Which General Orders were issued in Sicily, but which do not appear to have been used by 15th Army Group in Italy.
- (c) Which General Orders may now be regarded as current;
- (d) Matters now under consideration with sub-commissions.

4. It is for you to determine, after consultation with the originating sub-commission, at what stage a General Order should be posted, e.g. whether in army areas or whether only after any locality has been handed over to a Regional Commissioner; whether posting is to be compulsory or at the discretion of the Regional Commissioner and so on. On the other hand some General Orders are primarily for use in army areas (e.g. the award general orders) as they contain the provisions of Royal Decrees which will be made part of the law of occupied territory when a province is handed over to a region.

5. I have not touched on proclamations as the position is simple; proclamations 1, 2, 3 are always posted on entry and proclamation 4 if, but only if the policy is to close the banks.

6. This sub-commission is the originating sub-commission only in respect of General Order No. 12 (Sicily) and in respect of this order I recommend that it be not posted until after a locality has been handed over to a Regional Commissioner and then only at his discretion acting on the advice of the HIO. It will require a few amendments to bring it into form for use in Italy.

Copy to:

Orders will be made to

Proclamations.

1. The present position would appear to be that Proclamations Nos.1 -5 codify a number of Proclamations but not them all, and that since the publication of Proclamation No.4 a number of others have been published. May we be advised of the present position giving the numbers of the Proclamations which fall to be published in new territory.

General Orders.

2. It would appear that General Orders have been codified in Nos.1 - 2, and that in addition to these two orders the new ones from 20 - 27 will fall to be published as well. Please say if this is correct and send us a complete list of General Orders still extant. No.27 has not as yet been printed. Are there any further notices other than Nos.1 and 2.

3. It will be obliging if you could let us have full information on the present state of Proclamations, Orders and Notices for our future guidance. If you could indicate the Sub-Commission who originated the Proclamations, Orders etc., this will be a great help.

They appear to have been codified as Nos 1 and 2. In addition to those we have various others which have been issued and are still in being. Up to what No. do the new General Orders Nos 1 and 2 include the old ones. There would be appear to be new ones from 20 to 27. 26 is being issued by Agric S.C.. In confirmation of today's telephone conversation (Major Rogers - Lt. Col. Campbell).

2. The C.I.O. has just returned from a visit to Region 5 and has been asked by the Regional Legal Officer to pass the following message to SAC and ILL Section.

(a) Region 5 letter 26/31/47 of 6 June lists the quantities of Proclamations and Orders held at Regional HQ. Region 5 asks that its holding of such of these Proclamations and Orders may be brought up to 2,000 as soon as possible, so that it may be in a position to meet any new commitments that may arise by virtue of a change in the tactical situation.

(b) Region 5 also asks that your instructions as to what General Orders are to be posted in any territory which may come under Allied Military Government.

That Region holds no Proclamations or Orders other than those listed in the letter above referred to. If, therefore, the answer to the last preceding paragraph refers to any orders not so listed a full supply of such orders will be required.

1. It is understood that at the last R.L.O's conference this H.Q. agreed to make an estimate of the number of proclamations and orders which would be required for posting in the future provinces of this region.

2. The number estimated, which have been calculated roughly on the basis of 10 per Comune are as follows :

AQUILA	1000
PESCARA	400
TERAMO	450
ANCONA	400
ASCOLI PICENO	700
MACERATA	550
PESARO URBINO	550

4050

3. The scale indicated is slightly higher than the existing scale but many of the Provinces are large and it is felt that a wider distribution of the proclamations would help to reduce the work of the A.M.G. Courts.

4. It is also understood that the stock pile of proclamations is to be held at Province H.Q. for use by 8th Army when required. It would be appreciated therefore if 1500 copies could be supplied to this H.Q. for onward transmission to the Provinces of Teramo, Ancona and Ascoli Piceno when needed.

HEADQUARTERS REGION IV
ALLIED MILITARY GOVERNMENT
A.P.O. 394

TO : C.I.O. Legal Sub-Commission, A.C.C.

FROM : R.I.C., Region IV

SUBJECT: Proclamations and notices.

REF : R4/LS/Reg./D/1.

DATE : 30 May 1944.

1. Reference letter of 25 May 1944 from C.I.O., A.C.C., 8th Army, (Ref. CA/73) addressed to Executive Commissioner's Branch, A.C.C., copy to me.

2. While I have no desire to be obstructive, I still consider that it would be most convenient for supplies of Proclamations to be delivered by you to Armies direct, as agreed at the meeting, and distributed by them to P.Co.s as required. At any time when proclamations, etc., require to be posted P.Co. will invariably be acting under the orders of the respective Army Commander, and not under this H.Q. Distribution through Regional H.Q. would therefore be irregular, and would possibly present difficulties; since Regional H.Q. will not necessarily be in touch with Provincial H.Q. during the operational phase.

3. However, I am prepared to cooperate in any system of distribution that may be arranged. For your information, my estimate of the number of Proclamations, etc., required by Region 4 is 10,500, made up as follows:

Littoria Province	1,000
Frosinone Province	1,000
Rome Province	1,000
Rome city	2,000
Viterbo Province	1,000
Rieti Province	1,000
Terni Province	1,000
Perugia Province	1,500
Regional Reserve	1,000
Total	10,500

It is understood that 2,000 copies have already been supplied to C.A.C., which will take care of Rome city. The 3,000 copies already supplied to A.M.G. 5th Army (Field) should take care of Littoria, Rome Province and Viterbo. It is suggested that while operating in Region IV territory A.M.G. 8th Army will require 4500 copies, to cover the Provinces of Frosinone, Rieti, Terni, and Perugia, as above. The 3000 copies already supplied to A.M.G. 8th Army, can presumably be used for the first three provinces. This will leave Perugia to be dealt with later. If it is considered desirable that copies for this Province be distributed through Regional H.Q., may they please be delivered promptly, so that they can be passed to the P.C. before the Province takes the field?

4. Please let me have your final instructions as soon as possible.

1. The solution of this problem centers in the interpretation of Section 5 of Article VII. The sub-heading of the Section indicates it deals with foreign exchange and does not affect AM or Metropolitan lire.

2. It is felt that should any question arise, which is highly improbable, it should be handled by interpretation as above.

3. It is agreed that in order to remove any possible doubt, AM lire and Italian lire might have been part of the exception in Section 5. However, because it is felt interpretation and usage can meet the problem, because copies of this proclamation are already posted in the newly occupied territory and because it is not deemed advisable to have two sets of proclamations which differ in wording, it does not seem wise to alter the proclamation at this late date.

8 Army. Proc. (1-4) 3,000 each.
Notices (1 & 2) 6,000 each.

After the above had been issued Legal Sub-Com., found that Section No. 46 of Article 5 had been omitted from Proc No. 1., and held up printing of that proc., arrangements were then made to amend by sticker, this operation is being carried out and we hold 8,000 amended copies with a further quantity at the Printers.

8 Army point out that Section 46 as amended is not suitable for their Area and proposed to post Proclamation No. 1., as issued without section 46 and would continue to do so until proc No. 1. had been properly amended, (section 46 is covered in Army Areas by posting of Notice restricting movement).

The position as far as Civil Affairs branch is concerned now is: we hold several thousand copies of Proc 1, 2, 3 & 4, Notices 1 & 2 and General Orders No. 1 & 2. (General Orders Nos 1 & 2 it is presumed are the new General orders embodying all previous General Orders, this needs to be confirmed).

Points to be cleared:-

1. Is proclamation No. 1 to be issued as amended by sticker. (if so all above can be cleared).
2. If No. 1. Proc., not to be issued as amended above, is a new proclamation being issued, in that event do we hold all proclamations until No. 1. is ready for issue.
3. General Orders No. 1 & 2 in our possession are they to be issued.

SUBJECT: Proclamation 4.

20 May 1944

TO : RC & MG Section.

1. A copy of a letter directed to "Executive Commissioner's Branch" HQ ACC dated 18 May 1944 from SCAC 8th Army has been received by this Subcommittee.

2. It is the understanding of this subcommittee that the banks were not originally closed nor a moratorium imposed in territory presently embraced in Region 3 and there would seem to be no reason for posting Proclamation 4 in newly occupied territory closing the banks and declaring a moratorium there, unless the Finance Subcommittee so desires. This is not a matter concerning the Legal Subcommittee.

3. It is suggested that the Finance Subcommittee be consulted and that directions be early sent out accordingly. General Order No. 2 is designed to open the banks if closed and to lift the moratorium if imposed. This General Order would not be posted if Proclamation 4 were not posted first.

TO: HQ Allied Control Commission (Rear).
(attn C.L.O).

1. Subject was revised by addition of Amendment to Article V by sticker (Section 46) restricting movement.
2. Such amendment is not suitable for Eighth Army Area for the principal reason that same simply states "without permit". For our purposes the order must state "without a permit issued by an Officer of the Allied Military Government".
3. It is also considered better to state "normal place of residence" rather than "his own home".
4. Inclosed is "Travel Prohibited" Notice which is now being posted with Proclamation No I as originally received. Such procedure will be followed by this HQ so long as we have sufficient quantity of such Proclamations.
5. The wording of Notice above referred to by agreement corresponds exactly with a like paragraph in Notice which 5th Army prepared to publish in its area.
6. Unless future printing of Proclamation No I includes Section 44 substantially as in the English version of inclosed "Travel Prohibited" Notice, may we in the future be furnished with the Proclamation as originally printed and we will post our own "Travel Prohibited" Notice.

1. Referring to my letter CA/73 of 26 April, 44, I understood from my S.L.O. when he last went down to Salerno that the new Proclamations would be up with Eighth Army by 6th May. Subsequently it is understood they were being brought up by an officer to arrive here on 7th May, and I am now informed that they will be delivered on Thursday next week at a Conference being called at Caserta.
2. I have sent two messages down by telephone today to the effect that unless the Proclamations arrive here tomorrow morning it will be impossible to distribute them in time. I wish to stress this point and to make it quite clear that I have no Proclamations available to issue in the event of any advance being made, and if these Proclamations do not arrive, I cannot accept responsibility for posting proclamations in freshly occupied territory.

Mr. Wickensham will be on Col. Fisher's staff and, if he can locate the personnel, there will be no difficulty in taking them on the pay roll.

Gabor Subcom has approved 2 types of legal interpreters pay class A' 4000 - 7600 fine per month class B' 4000 - 6000 " per month

I really think that the legal sub-com could locate someone.

The difficulty may be that the wages board have not actually published the above pay scales but Gabor Subcom will approve pay in those brackets.

SUBJECT: Translations.

TO : VP Administrative Section,

This Subcommittee has been asked on several occasions recently to undertake translations for the RC & MG and Administrative Sections.

This Subcommittee is only too anxious to assist in this way but the Italian Section of the Subcommittee is so overburdened with work at present that it is unfortunately quite impossible to undertake translations of documents outside its own work, and outside the terms of the Directive on the preparation of Proclamations, etc.

It is suggested that the only way of coping with the situation is to appoint a high grade Italian translator who has had legal experience, who would probably sit at Salerno.

- b. Accordingly the number of proclamations per Province will vary with the number & size of the communes.

SUBJECT : General Order No. 20.
TO : R.C. & M.G. Section, ACC. ✓

1. The proof reading of General Order No. 20 has been delayed by reason of the fact that upon examination of the galley proof it was found that it conformed neither to the English or Italian texts as submitted to us by you.

2. Extended conferences with Public Safety Sub-Commission developed the fact that Brigadier Lush had executed a version of General Order No. 20 different and subsequent to the one which you submitted to us for comparison with the galley proof.

3. Public Safety Sub-Commission has today delivered to us what it represents to be the latest signed copy of General Order No. 20 and we specifically direct your attention to the fact that we have conformed the galley proof to this Order rather than to the order as submitted by you to us. We also direct your attention to the fact that Public Safety Sub-Commission likewise today delivered to us a new and different Italian text of this order and that it is to that text that the galley proof has been conformed rather than to the Italian text which you supplied.

4. We must point out to you that the General Order which is represented to us to be the last signed by Brigadier Lush is not in the form which was certified to by the Chief Legal Officer. This Subcommission manifestly cannot be responsible for documents which have been revised subsequent to certification thereof by the Chief Legal Officer and not resubmitted to him.

5. Several errors appear in the General Order as finally executed by Brigadier Lush which we have corrected in the galley proof not wishing to correct the original order after its execution. We point out for example that the last word of Section 1 of Article 4 should be "vehicle" instead of "vehicles" and that the phrase "Allied Government" appearing at the end of Section 2 of Article 2 should be "Allied Military Government".

6. Returned herewith are the following enclosures:-

- (a) Galley proof approved with corrections.
- (b) Galley proof not approved.
- (c) General Order No. 20 represented to be the last executed

- (d) General Order No. 20 as submitted to us by you but represented by Public Safety to have been cancelled by a subsequent order(c).
 - (e) Italian text of General Order No. 20 submitted by Public Safety Subcommittee and the basis for conforming galley proof.
 - (f) Italian text submitted by you and not used.
