1. When I was at Region V Headquarters yesterday I was advised that a quantity of copies of General Order No. 30 had been received without instructions as to publication. It was not clear to Region V whether it was intended that the General Order should be published throughout Region V or whether it was intended to be left to the discretion of the RL.

2. May I suggest that instructions in this regard be given to the RL Region V. In such cases it should be helpful, I am sure, if appropriate instructions issued by your office accompanying copies of General Orders when transmitted or be sent separately at the same time. This I realize is entirely outside my jurisdiction, but I pass the suggestion along to you for what it is worth.

SUBJECT : Notice No. 2.

TO : RC & MG Section.

1. In conformity with the decision to divide the present Notice No.2 into two separate Notices, I enclose herewith two specimens of each of such notices called respectively No.2 and No.3. The former deals with curfew, the latter with leaving the shore.

2. Apparently the reason for separating the present Notice No.2 into two separate notices was the apparent irrelevance in inland areas of that part of the notice concerning "do not leave the shore".

3. No doubt in distributing the revised notices you will issue instructions as to the circumstances in which Notice No.3 is to be posted. You will appreciate that this is not a legal point: to leave the shore in any vessel or in any other manner except as authorised is an offence -see Proc. No.1, Article V (25). This notice has no legal effect: it is merely an admonition. It is suggested that the posting of it should not be limited to extreme coastal areas, as even people living some distance inland may wish to take to the sea for one of many reasons e.g. to communicate with the enemy, to escape justice or to carry contraband.

4. Notice No.2 merely fixes the period of curfew until further notice, which may well be published by an SCAO or Regional Commissioner: and notice No.3 is merely admonitory. I am therefore of opinion that these documents need not be submitted to the Acting Chief Commissioner for his signature: the text and translations remain precisely as in the present Notice No.2.

TO : Admin. Section (For Legal Sub-Commission)

1. Reference your 4071/5/L of 11 July 1944, General Order No.18 has been issued to Regions IV and V. Our letter 276/208/CA of 6 July sets out the policy with regard to publication of this and other Orders and has asked Regions to let this HQ know what further supplies they require.
2. SCAGs in terms of the above letter have not been asked to publish General Order No.18. This was done so as to limit the number of Proclamations etc to be published in Army Areas and also because of the rapidity of advance and the speed with which these areas come under Region control. It was felt that it was better to allow Regions to publish these Orders etc not considered essential in Army Areas.
3. Please say if you wish this Order published in Army areas and we shall get copies distributed if so desired.

SUBJECT: Proclamations, Orders and Notices.

TO : RC & MG Section (~~the above~~).

1. Pursuant to your letter 29 Jun 44 ref/276/191/CA, we have revised draft of two letters enclosed therewith.

2. Para 4 of both letters has been redrafted by reason of our understanding that the present policy is to close banks only on the advice of the Finance Subcommittee. Accordingly Proclamation No. 4 which closes banks and General Order No. 2 (renumbered) which reopens them would be posted only after the appropriate decision had been reached by the Finance Subcommittee.

3. Para 2 and 3 of letter to Sections and Subcommittees required revision in order more accurately to reflect the facts as to the status of the various General Orders.

4. We have inserted the words "number of" before the word "copies" in Para 2 of letter to RCs Regions and SCAs in the interest of clarity.
