1. The proposals that officers from regions should be attached to the Interior Sub-Commission is a most valuable one and this has already been discussed with Lt. Colonel Spicer. I do, however, wish to submit that in the case of Region 6, with its very small officer strength, an attachment for two weeks is a heavy strain on our machinery. The work of the Interior Sub-Commission has been undertaken by Major Alexander, my sole Legal Officer. Inasmuch as the Legal Sub-Commission, ACC, sent over yesterday on temporary attachment Major Palmieri, I had proposed to send over Major Alexander on Sunday next, 19th March for a short (possibly 7 days) attachment to the Interior Sub-Commission. I feel that this attachment would be adequate to give Major Alexander, who is a most capable officer, a sufficient working knowledge of the problem.

I should be glad if you would be good enough to consider this subject and give it your approval if possible.

Ref file

The second Course and attachment to Interior Sub-Commission commences Thursday, 6th April, at Salerno Headquarters.

All Regional and 5th and 8th Army officers, however, should report, in accordance with the Executive Commissioner's instructions (160/18/CA of 13th March and 160/15/CA of 8th March) on 5th April at 1430 hours to the Executive Commissioner, Main Headquarters, Naples.

All officers reporting for this Sub-Commission's Course and attachment should report to the HQ Commandant, Rear Headquarters, Salerno, by the evening of 5th April and will arrange their billeting as directed by him.

It is not possible, I regret, to repeat the first intensive course, but every endeavour is being made to present suitable lectures on as many days as possible.

During the non-lecture hours of the period of attachment, the students will work as a syndicate during ordinary office hours, i.e., 8.45 AM to 5.45 PM daily.

Current office files of this Sub-Commission will be passed to them for the drafting of their "syndicate" proposals and replies.

Past files on which decisions have been taken will be, as opportunity occurs, passed to them for study, information and discussion.

The actual lectures will take place twice daily, from 10 to 11 AM, and from 3 to 4 PM. The following is a provisional program which it is hoped will be adhered to, as nearly as possible:
