Re 1.

Col. Fiske. I believe, discussed
the need for stickers with Italian Govt. officials
- will probably know the answer.
If necessary, P.S. can find out tomorrow if
this system always existed (as I believe it did)
or whether this is an innovation.

Re 2.

This is necessary, as the Wolf's Crown
can only be displayed when the car is occupied
by the person authorized

Re 3

See 1 above.

Re 4

If the system worked ~~before~~ satisfactorily
before then seems no objection

Re 5

Nothing known by Public Safety.

Re 6

The distribution ⁴²⁵⁷ is inadequate even if
no change is made. b should have gone to
AAI (for all Power Members), ~~for~~ RPDD, Min of Int
(for Questions) CCKA + GGF

1. Having just seen folios 13-17 it seems to me we shd. ask Italian govt why more stickers are needed.
2. You will note that PS (folio 16) presume it will be ^{carried} in addition to "Crown" + "Wolf" signs (Para 10)
3. I think the Italian govt have another motive which is not clear. To use it perhaps for a large number of general duty cars.
4. A multiplicity of stickers will defeat the object.
5. I have heard that the "Wolf" sign ^{applies} ~~relates~~ now to Rome City cars only but there is nothing on file of an amendment to folio 6. This may have something to do with it.
6. Any amendments to folio 6 will require a wide distribution for their observance + enforcement.

In risposta al foglio N. 10227-13.1 in data 12 corrente, si comunica che l'uso del disco contrassegno per gli autoveicoli in servizio di Stato viene senz'altro approvato da questa Commissione, alla condizione che esso:

- a) non sostituisca il normale permesso di circolazione;
- b) serva unicamente ad indicare che il veicolo e' impiegato per servizio di Stato;
- c) sia apposto sulle macchine dei membri della Famiglia Reale e del Governo, oltre al contrassegno della Corona o della lupa gia' in uso;
- d) porti una sovrastampa con l'indicazione che si tratta di servizio di Stato Italiano, data la probabilita' che i tre colori svaniscano con rallungata esposizione alla luce;
- e) sia numerato, datato e firmato da un funzionario Italiano responsabile;
- f) contenga l'indicazione del numero di registrazione del veicolo;
- g) vi sia apposta la data di scadenza, che deve corrispondere a quella indicata sul permesso di circolazione.

ACC/14408/PS

SUBJECT : Issue of Passes for Italian
Govt. vehicles.

TO : Deputy Exec. Commissioner
R.O. & M.G. Section A.C.C.

1. Reference is made to Est O/July 15 dated 15th July,
addressed to Deputy Exec. Commissioner from Establishment's Branch.

2. Attached is copy of letter S.B./130 dated 15th July
from Security Branch to Public Safety Sub-Commission.

3. The views of the Public Safety Sub-Commission are
as follows:-

1. It is presumed that the suggested "sticker" :

(a) is NOT intended to replace the usual circulating
permit.

(b) will merely indicate that the vehicle is being
used on State service.

(c) will be carried on cars bearing members of the
Italian Royal Family and Ministers in addition to
the "Crown" or "Wolf" signs and the circulating
permit.

II. No objection is raised as far as A.C.C. is concerned
provided :-

(a) The "stickers" show that the vehicles will be used
on ITALIAN State service as it is likely that the
colours shown on the "sticker" will fade in a very
short time.

(b) The "stickers" are numbered, dated and signed by
a responsible Italian official.

(c) Each "sticker" bears the registration number of the
vehicle to which it is allotted.

(d) Each "sticker" bears an expiry date which corresponds
to the expiry date of the circulating permit.

4. All temporary circulating permits issued by Rome Region
have been automatically extended until further notice.

MEMORANDUM:

TO : Col. N. E. Fiske, Deputy Executive Commissioner, RC & MG
Section, ACC.

1. Request that this matter be taken up through the Security Branch with G-4, ACC for recommendations. In my opinion, these stickers should be numbered, dated, and signed by a responsible official in order to keep them from a too wide distribution. It would probably be a good idea to have reports made to Allied Officials of the numbers issued.

2. I am sure between Security Branch and G-4, they will come up with a good recommendation.
