Subject: Withdrawal of Public Works Officer.

To : Regional Commissioner, Region I.

1. In order to more adequately man northern Regions, it will be necessary to withdraw all possible Public Works and Utilities Officers from the southern Regions. The Director of the Public Works Sub-Commission is experimenting by withdrawing the last Public Works and Utilities Sub-Commission officer from Region VI on the 15 of September. He plans to withdraw Major Boyd, your only Public Works Officer about the 15 of October if the plan for Sardinia is successful.

2. The general plan has been agreed with the Minister of Public Works and the Italian Engineers for Sicily will take over full control of Public Works from the Public Works Sub-Commission. The Italian engineers will prepare plans for all projects in Sicily and forward these plans to the Minister of Public Works for approval. The Minister will pass on such projects in all cases which he has been given authority from us to approve and will send to Headquarters ACC only such projects as require critical materials and machinery.

3. The Italian engineer will act as your Public Works advisor. He will make a full report each month as our engineers have done on all operations on the Island. He will address his report to the Minister of Public Works with a copy to the Italian High Commissioner and will deliver two copies to you on the 25th day of each month. One of these copies is for your record and one will be forwarded to the Public Works and Utilities Sub-Commission by air-mail with such comments as you may desire to make.

4. Major Boyd, your Regional Public Works Officer is now at Headquarters ACC and this change-over has been discussed with him. On his return to Sicily he should be able to arrange affairs so that the change-over can be made about 15 October. If his arrangements proceed satisfactorily and there is no further communication on this subject, you may expect orders to issue relieving Major Boyd on or about the time stated above.

SUBJECT: Withdrawal of Engineer Officer.

TO : Establishment Section A.C.C.

1. In order to adequately man Forward Regions to cope with urgent engineering projects we are planning to withdraw certain of our Engineer Officers in rear Regions and to turn over the engineering work to be done there to the Italian engineers. We have already taken action along these lines in so far as Sardinia is concerned and you have issued orders accordingly.

2. We are now planning to withdraw our Regional Engineer, the only Engineer Officer left, from Sicily about October 15th 1944.

3. We shall appreciate it if you will please advise the Regional Commissioner accordingly, so that when the time comes orders can be issued and no delays will be experienced.

4. The Regional Engineer has been here several days for conferences and we feel satisfied that in the one month remaining he will be able to arrange affairs in Sicily in such a manner as to permit us to withdraw him permanently.

5. Will you please send me a copy of your letter to the Regional Commissioner Region I referring to the above matter.

L.A. JENNY,
Lt Colonel, C.E.,
Director.

Subject: Cessation of Night Staff Duty Officer in Region I.

To : Regional Commissioner, Region I.

1. Your letter, file RC/210.45, dated 2 September with reference to the above subject refers. Approval has been granted to Region I to discontinue the duty officer at Headquarters on the 24 hours per day basis.

2. It is agreed that you should keep a staff officer on duty until 2000 hours and that thereafter the presence of the telephone operator who will be able to contact a responsible officer at the hotel will be sufficient.

File: RC/210.45 2 Sept 1944

SUBJECT: Cessation of night staff duty officer in Region I.

To: Executive Commissioner, R.C. & M.G. Section, ACC Hq, APO 394.

1. For some months, pursuant to orders from Hq ACC a night staff duty officer has been maintained in Region I.

2. Due to the sharp decrease in personnel at this headquarters, the assignment is becoming arduous and perhaps lessens the efficiency of the officers for more important work.

3. In recent months there have been, for long periods of time, no calls or business for the staff duty officer to transact.

4. A competent telephone operator is on duty at this headquarters 24 hours per day. Every responsible officer has a telephone, at the Hotel Excelsior or at his billet, and can be connected by the telephone operator without delay.

5. It is, therefore, requested that this Region be permitted to cease the practice of maintaining a staff duty officer at headquarters after 2000 hours, (8.00 p;m;)

6. It is contemplated that one or more officers will be on duty throughout Sunday for the same hours as any other day.

TO: Regional Commissioner, Region I

1. Your interpretation in paragraph 4 basic letter is correct. A reasonable length of time to complete and turn over is permitted. Thereafter, the officer should report in accordance with orders without delay.

2. Surplus of younger officers in the theatre and A.C.C. resulted in unfavorable consideration of your recommendation for retention of this officer in service.

Colonel William R. Jordan,
Headquarters, Region I.

My dear Colonel Jordan:

Re: Capt. Matson's promotion about which you phoned.

Capt. Matson had served insufficient time in grade as compared to combat troops of 5th Army. It was not, therefore, considered by the Board. The recommendation is due to come before the Board in July.

Sincerely,

JOHN J. ALBRIGHT,
Colonel, Infantry,
Establishment Officer.

Colonel William R. Jordan,
Headquarters, Region I.

My dear Colonel Jordan:

The Executive Commissioner has turned over to me for reply your letter in reference to Capt. Perry. I am very sorry that Capt. Perry cannot now be spared from ACC. As you know, we have furnished approximately 275 officers for other theatres and these in general have been experienced and able officers. Our present needs for officers experienced in Economic and Supply cannot be met from the officers available.

I am very glad to know that Capt. Perry can be spared by Region I within the next two or three weeks because we will have an assignment for him in one of the northern Regions. Please convince Capt. Perry that there are as many important assignments within this organization as there are with the Group whose mission may be completely called off before they ever go into the field.

Sincerely,

JOHN J. ALBRIGHT

Brigadier S. M. Lush
A.C.C. HQ.

Dear Brigadier Lush:

Captain Perry (U.S.) has been employed, since the occupation of Sicily, in the Economics & Supply Division, much of that time working with Major Archie Alexander, who is now with the Gerry Operation.

Major Alexander has written to Capt. Perry that an important assignment is open.

Soon, perhaps within two or three weeks, the volume of work in the Economics & Supply Division, Region I, should be reduced to the extent that Capt. Perry could be spared. Col. Hancock is not desirous of standing in the way of such an assignment for this officer.

Is there possibility that a transfer to Gerry of Capt. Perry could be effected?

Yours very sincerely,

/s/ William R. Jordan

My dear Colonel Spofford:

The attached copy of a letter indicates personal and direct recruiting of our officers by members of another group. I think you will agree that this is bad practice. Request you take such steps as you think necessary.

Sincerely,

JOHN J. ALBRIGHT
