My dear Brigadier:

I talked at some length with Major Messler on his arrival here with reference to his experiences in Region V. He spent the first six weeks at Macerata Province where he dealt with a difficult Patriot problem. He seems to have done an excellent job as attested by Major Selby.

Due to a combination of these Provinces into one Provincial Headquarters, he was then given the Province of Campobasso where he has been Provincial Commissioner for several weeks. He has, therefore, had experience in both forward AMG Provinces and also experience in the advisory capacity.

I believe that probably he should be given Padova Province rather than Vicenza Province and that Capt. Hoelsher, whom I have earmarked for Padova Province should go to Vicenza Province.

Sincerely,

My dear Brigadier:

Thanks for your long explanation of your use of Deputy Regional Commissioner rather than Executive. I am sending a copy of your letter to the Executive Commissioner so that if he desires to take any action in the near future based on your excellent exposition of the reasons you think the title should be changed, he may do it prior to the Regional Commissioner's Conference.

I do know that there was a rather lengthy discussion of the title to be given to the Regional 2nd in Command and that the Executive Commissioner was strongly in favor of the present designation.

I have no personal prejudice either way. However, Bob Marshall apparently favors your designation and wrote in asking permission to use the same one you were using. The argument as you see is not one sided. My only desire is that we keep it uniform.

From : Brigadier J.K. Dunlop, O.B.E., M.C., TD.

My dear John.

Very many thanks for your typically charming letter of the 23rd of July, about the style to be employed for the second in command of a Region.

One point which, perhaps, I have omitted to make clear in the frequent raillery we have had on this subject, is that the style of "Deputy" was employed by me only after securing the approval of our late Chief Commissioner. I see from my diary that it was on 24 March 44 that I visited the Chief Commissioner on first taking over Region IV. On that occasion I explained to him how I intended to work with my senior American colleague, and that I should like to make his position clear by the use of the phrase "Deputy". General Mason MacFarlane, at that time, completely agreed. It is clear he did not leave any written instructions in this matter, and therefore our only evidence, is my own recollection of a long distant interview. I have never felt entirely satisfied with the use of the word "Executive". It is a purely American term - indeed I believe I am right in saying that it is quite a modern innovation in the U.S. Army - Both the word and the position of the office holder are not easily translated into equivalents in the British Army, or for that matter, the Armies of France, Poland or Italy.

It may be assumed that my work in the future will be chiefly within an Eighth Army Area. I can foresee the necessity for frequent explanation that "Executive Officer" is not equivalent for a British Adjutant or GSO 1, but that it is in fact a second in command. I believe that the Brigadier General who now serves in most U.S. Infantry Divisions is not known as

the Divisional Executive Officer, but is the Assistant Divisional Commissioner. You will see this follows the same lines of thought as my own suggestion that the second in command of Regional Staff should be called "Deputy" or, if you like, "Assistant Regional Commissioner", using a terminology which is easily understood by both American and British Armies.

Having said all this, I assure you that I am a very well disciplined officer, and I shall do exactly what the Acting Chief Commissioner wants. Later on, perhaps, we might raise the question, as a matter of interest, at some Chief Commissioner's Conference.

Yours ever

Colonel John J. Albright,
HQ ACC, (Establishments Branch).

TO : Brigadier J. K. Dunlop.

My dear Brigadier:

Copies of letters addressed to the Deputy Regional Commissioner, Region IV have come to my notice this week. I also found that the sign over the Regional Executive Officer's door at your Headquarters, also, was Deputy Regional Commissioner.

The Chief Commissioner and the present Acting Chief Commissioner approved the title of the No. 2 in each Region as Executive Officer and have so designated in General Orders the Regional Executives. I happen to know that the Acting Chief Commissioner takes a personal interest in these designations and in the publication of the General Orders. I suggest that it would be good policy either to get his personal approval to the new designation or to use the official designation for the No. 2 officer in your Region.

1. Copy of a letter from your Regional Finance Officer to you, letter 24/VI/512, of 20 July has been shown to me by the Finance Sub-Commission with a statement that they are at a loss to understand the above letter as the matter was completely discussed and agreed by your Regional Finance Officer.

2. It appears to me from paragraph 2 of the reference letter that there is no concern over the release of Sgt. Varn at the moment and that he is only required when the new Region is activated. Economic use of all of our personnel will not permit the holding of either officers or EM/ORs in less than full time jobs pending some future activation of a new Region. This is particularly true with the Accounting Section of the Finance Sub-Commission which must use to the limit all of its trained personnel. Since the accounting of Region IV is now being centralized at Headquarters AOC, the services of Sgt. Varn are urgently required at Headquarters.

3. Orders will be issued in the very near future transferring him to our Headquarters.

2. The Finance Sub-Commission is completely at a loss to understand this letter as the calling in of Sglt Warm to ACC Headquarters was discussed at length with your ~~Chief~~ Regional Finance Officer ^{who} I agreed by him ^{with his Regional Accountant}. ~~This agreement was confirmed by the Regional Finance Officer to the Regional Accountant.~~ ^{in view of} ~~subsequent an officer in the staff of the Regional~~
3. As explained in Executive Memorandum 64 the centralization of accounting necessitates the calling in of accounting personnel in the Regions as only by this means can economy of ^{personnel} staff be achieved which will permit the staffing of new Regions.
4. Sglt. Warm is at present assigned to Region IV whose accounting is now being brought into the centralized system. Should the present Headquarters staff of Region IV be subsequently transferred to another Region ~~and~~ a Regional Accountant will be provided in the early stages & the question of suitable clerical help will be dealt with when that ~~from~~ the time arrives.
