1. Investigation discloses the building known as the Italian Post Office Assorting Office adjacent to the railway station is now occupied jointly by a unit of Military Railway Service and the British Postal Service. The British Postal Service has repeatedly requested additional space and the Military Railway Service is continually requesting additional space.

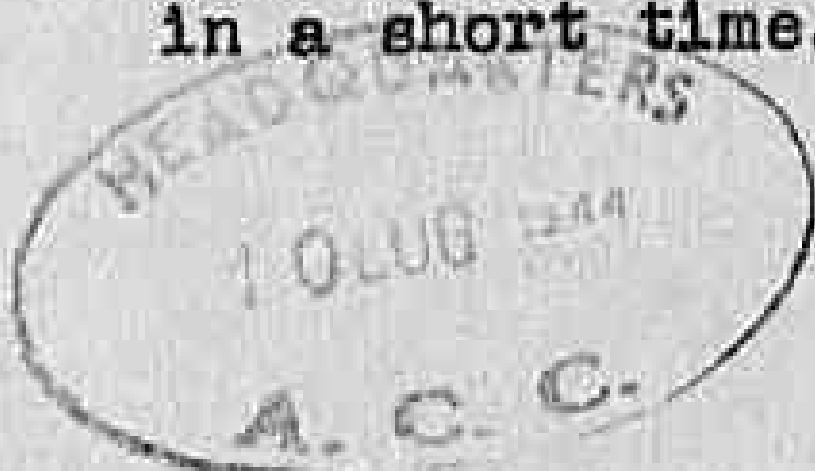

2. A portion of this building is, at the present time, vacant. However, the Military Railway Service Billeting Office is in need of the vacant portion to billet two new units expected in the very near future.

3. The thirty (30) rooms now under requisition in the Central Post Office building are also necessary for units at present in this area. These buildings are deemed necessary for Military Service and cannot be released at the present time. It is highly probable that space in the Post Office Building can be made available in a short time.

1. Request that urgent consideration be given to relinquishing for use of the Naples Post Office the space now requisitioned in the Central Post Office building and of the Post Office Sorting Office at the Railway Station.

2. At least one third of the Central Post Office building is still unusable because of war damage. A considerable number of offices now being used by the Post Office and the Censorship are still in need of major repairs. Some thirty (30) rooms are now under requisition and in use by Allied activities. This combination of circumstances has forced the Post Office to house the Conti-Corrento Department, to which the public should have ready access, at Possillipo and to house three of the administrative departments at Via Salute. This not only makes operation of the Post Office facilities exceedingly difficult but it adds to the transportation difficulties of the city in the direction of the Possillipo.

The use of the Post Office Sorting Office in the Railway building by the Allied Forces has forced the Sorting Office to move to a warehouse near the station which is quite unsuitable and inadequate for the present volume of mail. Since the Censorship staff cannot be accommodated in the same building, it results in great loss of time. Since the Naples Post Office is handling over 2,000,000 letters a month and with the return to normal civil facilities (Registration, insurance, express, newspapers, airmail service already has been added to ordinary letter service and parcel service is likely to be added shortly), and with the steady growth of foreign mail, it becomes essential that adequate accommodation be provided for the Postal service.

3. It is appreciated that the present influx of a large number of Allied activities into the Naples area complicates the problem of the release of space now being used by Allied forces, but the release of the Post Office is an urgent matter in the re-establishment of the Italian Government on a firm basis. It is, therefore, requested that

ADVISORY COUNCIL

MacMillan, Vychinsky and others had an all day interview with leaders of sixth political parties.

a. President and Secretary of the Sixth Party Committee. This was formed before the armistice and reconstituted after the armistice as the Committee for the Liberation. That its views are divided. Some in principle are Royalists, some Republicans. This matter must be decided by the Italian people. King Victor has signed every Fascist decree and the people have no confidence in him. The committee, most public opinion and all parties demand his abdication and they wish a strong government and popular support for the government not forthcoming until after the abdication; this makes matters urgent. Complain their activities in Naples have been curbed. Vychinsky asked how you get public opinion; answer, "these views are in everybody's lips". Asked how did it work, the witness replied that the Crown Prince was a Fascist that a Regency would be needed. Asked by Vychinsky what regent; answer Some one said Badoglio form a committee of regency. Vychinsky asked "would abdication affect the loyalty and discipline of the troops"; answer: "On the contrary, volunteers would increase in numbers and some very senior officers may suggest to retain King Victor, but a regency would meet their case. The Navy is more royalist than the Army.

Daily wages too low, e.g., a professor's wage is only sufficient to buy a few potatoes, a great difference between provinces, a better distribution needed, and the grain ration is too small, and appeal to more grain impulse.

1040

Unemployment heavy but less than previously.

The witness has no touch with Sicily or with other parts of

Italy. Their program has a new outlook, they have peasant and worker supporters.

b. Liberation Party - Florio. Their undertakings in agriculture which could be revived for

The housing crisis and overcrowding produce typhus. Figures are rising, now reach 28 cases per day.

The unemployed march out to the country, get a sack of potatoes, march many miles in order to make a living. Black market bread is 100 lire a kilo. The land fertility has been reduced by the "battaglia di grano".

c. Rector of University. A Christian democrat. Wants a strong government to wage allied war. Wants abdication of King and Crown Prince with Regency for Prince of Naples by the Christians. Must be reserved for the whole Italian people to decide. Shortage of good men due to 20 years of Fascism. A strong government must be created. To decide the question of monarchy after the liberation. Urgent need for a "depurazione". The Regent could be a member of the House of Savoy, not the Duke of Aosta, but the Duke of Genoa. Unless the constitution is changed Humbert automatically becomes king on the abdication of Victor. Under the constitution the Regent should be the nearest relative who has not renounced the crown. This would be the Duke of Aosta but he should be forced to make way for the Duke of Genoa as the last compromise of the royalists.

Although they do not like it they recognize the sad necessity for the foreign allied governments to get rid of Victor and Humbert for them by moral pressure.

There is not yet freedom of press, meetings and no communications. Parties are therefore handicapped in their activities.

MEMORANDUM FOR THE CHIEF CIVIL AFFAIRS.

SUBJECT: Educational Reconnaissance and Administration in Occupied Areas.

1. Constructive criticism of the Educational Reconnaissance preparatory to the occupation of Sicily, and recommendations as to planning for educational administration in areas yet to be liberated are contained in the attached report (Tab A) of Major C. R. Koopman, Chief of the Education Division, Region I.

2. The attached booklet "Programmi Di Studio" (Tab B) was prepared and distributed for the AMG. It is designed to replace instructions previously issued by Fascist educators. The "Avvertenza" found on page 3, a translation of which follows, indicates the purpose of this publication.

"This is the program for the scholastic year 1943-44 for all the schools of liberated Italy. It was prepared by commissions of officers, scholastic functionaries, professors and elementary teachers, and consists of two parts: the first is the basic program--that is, the old program well known by all teachers but without the Fascist element; the second is the work of an eminent pedagogue of an Italian university, which tends to orient teaching towards a more modern sense of culture nearer to the world democratic movement. Teachers that feel themselves prepared for this can actuate gradually this orientation."

3. It is further explained in the "Premessa" (page 5), that the scope of these programs is to indicate to the teacher what results the State expects from his work for each school year, at the same time leaving him free to determine for himself how these results can be best attained. Each subject treated in the curriculum is discussed in a general way in the "avvertenza Generale" (pages 11 to 13), while the separate programs for each of the five classes are discussed in more detail in the rest of the volume.

4. The second volume mentioned on page 3 of the "Programmi Di Studio" was printed, but before distribution could be made, it was discovered that it had to be withdrawn for correction. The "Concordato del Vaticano" between the Pope and the Italian government provides that religious instruction in Italian elementary schools should be obligatory, but Volume II contained a statement to the effect that religious instruction was optional. In order to avoid any confusion or bad feeling this volume was corrected.

MEMORANDUM FOR THE CHIEF CIVIL AFFAIRS DIVISION.

SUBJECT: Damage to Monuments, Fine Arts and Archives by Allied Troops in Sicily and Italy.

1. In spite of the efforts of the President of the United States, and of the American Commission for the Protection and Salvage of Artistic and Historical Monuments in Europe, of which Mr. Justice Owen D. Roberts is chairman, and of the work of the American Council of Learned Societies, and the American Defense Committee on the Protection of Monuments, and of other groups of the United Nations, and of the Civil Affairs Division of the War Department in making available qualified experts for duty in Sicily and Italy, there is a mass of tragic evidence of vandalism and looting and careless damage or destruction of historical monuments, of priceless art treasures, scientific collections and irreplaceable libraries.

2. Damage was done to the walls in the Royal Palace in Naples. More than a hundred microscopes in the University of Naples were robbed of essential parts; one instrument valued at 1,000,000 lire before the war was ruined; rare stuffed birds from the museum were taken to decorate barrack rooms and thrown out in the weather when their new owners grew tired of looking at them; paintings were cut from their frames in private villas; boxes of paintings and other art treasures that had been packed and stored for safe keeping or removal were broken open and the contents removed or damaged; 15th Century chairs from the Royal Palace were used for GI camp furniture.

3. These and many other stories are freely circulated; most of it is verified by NEA&A; much of it I have seen. Aside from the aesthetic and moral considerations, the judgment before the bar of world opinion, and the cost in claims, it is also a fact that monuments, fine arts and archives represent Italy's greatest economic assets.

4. While all of this was going on, the NEA&A officers were not at the front. They were at Tizi Ouzou and in Sicily! Even the Regional NEA&A officers were not with troops. Most of the damage, it is said, was done in the first ten days, but not so much, in the opinion of at least one Civil Affairs officer, by combat troops as by the first service troops immediately following. In Sicily, it was said, most of the damage was done by combat troops and by civilians. In the opinion of officers interviewed, 90% of the damage is due to ignorance and lack of discipline, 10% is due to deliberate looting, and most of all of it is preventable.

5. Two instances of deliberate vandalism are reported during the German occupation: one, the burning of the collections of the Royal Society of Naples and the other, the burning of the State Archives of Naples together with the most valuable treasures from Count Pellagieri's private collection. Both were said to be in retaliation for alleged crimes committed in the vicinity.

6. Lt. Colonel Sir Leonard Woolley, Archaeological Advisor to the DCA, came out from the War Office in London, and initiated a letter which was transmitted to the C-in-C as a result of which a Commission of Inquiry was appointed on 28 Decem-

ber 1943, consisting of Major General Collier (British), Colonel Bullis, of the American Claims Commission, Lt. Colonel McQueston, of the British Claims Commission, Major Theodore Sizer, (American), and Captain Farrell, (British). This commission is now conducting its inquiry in Naples.

7. Attached is an excellent memorandum by Captain Mason Hammond on "Needs of the AMG Sub-Commission and Regional officers for MFAAA, with appendix 1 giving a list of MFAAA personnel in the theatre, and appendix 2, a memorandum by Captain Hammond on "Damage to Monuments, Fine Arts and Archives by Allied Troops in Sicily". Because of the forthcoming report of the Commission of Inquiry, no report has been prepared on the damage to MFAAA in Italy.

8. It will be noted that among other important recommendations Captain Hammond proposes that a Monuments, Fine Arts and Archives officer be assigned to the Civil Affairs Division of the War Department, whose sole duty would be in connection with this work. He also recommends that greater effort be made to secure the issuance of orders to tactical troops down to the smallest unit commander for the protection of MFAAA during the first stages of occupation, and that MFAAA officers be assigned or attached to AMG headquarters in the military operational headquarters.

MEMORANDUM FOR THE CHIEF CIVIL AFFAIRS DIVISION.

SUBJECT: Meeting of Civil Affairs Officers of Palermo Province, 19 December 1943.

1. Attached is a copy of the agenda of a typical conference of Provincial Civil Affairs officers (Palermo Province, 19 Dec. 1943). Colonel R. W. Jordan, chief regular officer, who had been serving as SCAG during the illness of Major Gorman, presided and reported on the recent conference of SCAGs. He explained that the forthcoming turn-over to the Italian government would not mark the end of the work of the SCAGs but a transition to a new phase and a change of emphasis. He discussed conditions in the Province which he regarded as improving. It was suggested a check list be prepared of the duties of SCAGs on the occasion of the turn-over of authority to the Italian government.

2. The crime situation was discussed and jail sentences recommended for curfew violators. There was a report of increased counterfeiting of AM currency which first took the form of raising of notes by amateurs but now revealed a professional technique.

3. The critical food situation was the subject of considerable discussion. The time for the collection of the 50-30 kg contribution from the retention of wheat allowed growers and tenants for personal consumption had been extended to 15 December. The question was what to do with those who failed to comply. The sentiment of those present was unanimously opposed to the use of troops but favored strict control on the millers, a report by the Carabinieri of those failing to comply, vigorous prosecution of the guilty, and a gesture to those that did comply - e.g., fertilizer distribution for the new crop only to those complying.

4. The successful use of the "Scheda Personale" for the "vetting" of Italian office holders and other civilians was commented on favorably. This is discussed in a separate report.

5. In the discussion of educational matters complaint was expressed at the Army occupying school buildings in Sicily at this late date. A suggestion was made for the use of Gioventù Italiana del Littorio funds for scholarships for Italians similar to the Boxer and Rhodes scholarships.

6. A report was made of the progress of road repair work. It was pointed out that in addition to demolition by the Germans, road maintenance has been neglected in Sicily in recent years. The principal bottle necks in road repair work was lack of materials, especially cement, and transportation. Local labor was being used for some of the bridges and the Army had furnished some materials for the more urgently needed repairs. The general subject of road maintenance and internal transportation in Sicily is dealt with in another report.

1. Supplementing my letter of 10 February 1944 requesting that the name of Capt. Lockwood Thompson be omitted from the list of officers going to another operation, I submit in his place for such other operation the name of Capt. Little who is now in Region II and who previously had extensive experience in Region I. As Region II personnel are winding up their work, Capt Little would be available at any time without causing inconvenience or disruption of effort.

2. I repeat the urgent request that Capt. Thompson be permitted to remain here where his services are most essential for the continued functioning of this Sub-Commission.

Dear

Clough

Lieut Pratt has already been the subject of correspondence between myself and Colonel Allbright, who agreed that he would remove him from A.M.C. Eighth Army if I put in an Adverse Report on him. This was sent off on the 15th June 44.

The officer with whom Pratt was working and upon whom he was dependent for transport is being moved from Avenzano up to the forward areas on this side, and is passing through Rome on his way up, so I have instructed him to leave Lieut Pratt in Rome, with instructions to report to you. In view of Lieut Pratt's lack of capability I do not want to cart a useless officer about in the forward areas at this time.

Yours sincerely.

A.U.S. - A.M.G. Eighth Army.

1. This officer has been with A.M.G. Eighth Army for a period of 4 months, during which his work in the field has been carefully observed. As the result of observation, it is considered that he is of a type and temperament totally unsuited for work in Military Government.

2. This officer entirely lacks any administrative ability or initiative, and he is unable to deal satisfactorily with normal administrative problems, in addition he has failed to carry out his instructions in certain matters of procedure, such as the use of the proper pass forms and legal forms, both of which were in his possession.

3. In fairness to him, it should be stated that since landing in Italy last year, he was involved in a serious motor-accident when he suffered a broken leg and head injuries. It may, therefore, well be that his unsatisfactory work can be attributed to reasons of ill-health, resulting from this accident.

4. In view of the foregoing and my entire lack of confidence in this officer may the necessary measures please be taken to replace him in this formation.

SUBJECT : Assignment of Officers.

TO : Executive Officer

The attached application from Capt. J.E. HUGHES (A) No.0-186803 for transfer, with recommendation from the Regional Commissioner is forwarded.

This Sub-Commission has no objection to the proposal.

It is recommended that if the transfer be approved that Capt. C. HAYES (B) 37332, P.P.S.O. in Sardinia, be posted to Region VI HQs as R.P.S.O., and that Lt. J.C. DAVENPORT (A) at present in Region IV, nominated for Region XI, but not yet assigned, be assigned as P.P.S.O., Region VI.

The assignment of Capt. HUGHES could be considered on his arrival at this Headquarters.

SUBJECT: Lieutenant Commander MUSMANNO, USNR.

TO: Headquarters, Allied Control Commission, APO 394.
(Attention: Executive Officer).

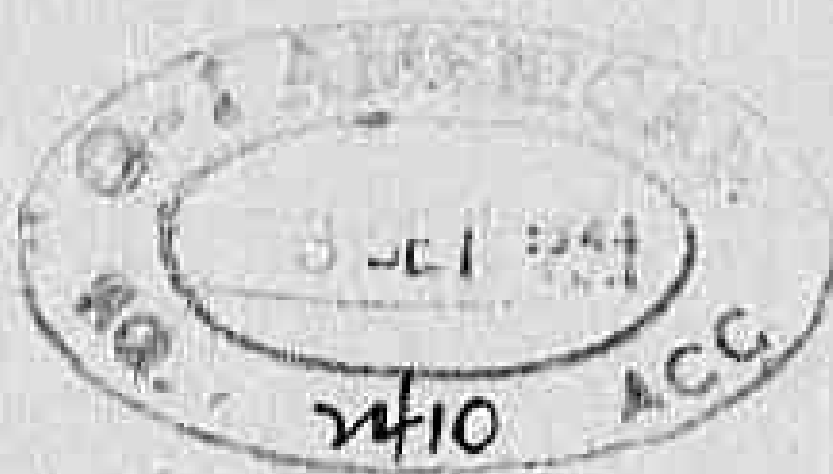

1. The only two Civil Affairs Officers in Bari "Zone" will be Lt. Col. ORFWOOD and Lt. Comdr. MUSMANNO. They will have five Provinces and the important centers of Bari and Brindisi to look after. It is important, therefore, that the Commissioner himself should be free to leave his HQ for considerable periods and that his 2 i/c should be competent to carry on and make decisions in his absence.

2. I had some dealings with Lieutenant Commander MUSMANNO about four months ago. He did not make a good impression. At the Naples Conference, however, he was recommended as suitable for retention at Bari.

3. My original opinion has now been confirmed by a number of officers who have been associated with him. It is considered that, while Lieutenant Commander MUSMANNO would do very well in an active job requiring initiative up north, he lacks the application and balance necessary for the position of sole assistant to the Commissioner of Bari "Zone".

4. This is not an adverse report on Lieutenant Commander MUSMANNO, but a request that he should be substituted by a steadier officer, if this is at all possible.

1. This is to inform you that on June 9, 1944, 1st Lt. N. J. Barbato, assigned to this Sub-Commission, after being properly informed of his Duty Tour, failed to report for his tour of duty in this building. He did appear here the following day, June 10, at which time he was reminded of his failure to appear for his duty. He advised us that he would take the proper steps to clear himself.

2. However, since Saturday, June 10, Lt. Barbato has neither reported to Col. Albright as instructed, nor has he made his whereabouts known to this Sub-Commission. Both his mess and his billet have been checked but his location is unknown.

3. Ref is made to our ltr AGR/10010 9 June 1944, Subject: Request that Lt. N. J. Barbato be Relieved from Present Assignment with Agriculture Sub-Commission.

SUBJECT : Report, Lt. N. J. Barbato.

TO : Director, Agriculture Sub Commission, ACC

1. In compliance with your request for a report regarding Lt. N. J. Barbato, recently assigned to duty at this office under my supervision, I regret to report that he is not suited to the type of work required.

a Lacking training or experience in business, the officer is unable to effectively execute assignments of a routine nature. To assist the Federation in the location of warehouse facilities, or in the verification of availability of binder twine, the officer is required to either know from experience, or from native ability, the way to work with both military and civilian groups and obtain sound information.

b Lacking self-control in the execution of assignments, the maintenance of an impersonal attitude seems extremely difficult for the officer when dealing with Italians. It is deemed essential in this work that a fair hearing be given in all cases of controversy, and judgement be reserved - but the officers emotional condition or his previous connections among the Italians have made it impossible to defer responsibility of contact with civilians to him, because in several instances lack of self-control has required intervention to effect a clear understanding. It is to be noted that the officer is deeply concerned with personal problems that have no relation to this office, and that may be a factor.

2. It is requested that the officer be relieved from his present assignment, and it is recommended that consideration be given to relief from ACC work, for possibly because of his excellent knowledge of the language or his extreme youth, his approach seems to be entirely too personal to be sound

1. In view of the fact that my past training and experience has all been directed for a different type of assignment, and the fact that up to date my assignments in this organization have been with various Economic branches, I do feel that my past training, training given me by the U.S. Army, as will be born out by my 66-L and 201 File, really was in the interest of channeling me to an organization that could fully utilize the results of being trained by the Military Intelligence Section, U.S. Army, and my work and efforts compensate for my presence in an organization that needs and officer with my experience and training.

2. Further to the above, I submit the fact that my past history and private life, especially that of my father's family in Italy, could very well be offered as a personal interest in my desire to be released to an organization where I could do most good.

3. Up to the present date, I am sure my work with this present organization has been of a category above board, as I am sure can be verified by my past Sub-commission and Section chiefs.

SUBJECT: Assignments * Officers (Capt STANLEY D. DECKER)

TO : Headquarters, Allied Control Commission.

Reference Paragraph 34, Special Order 225, Headquarters ACC, as pertains to Capt Stanley D. Decker.

It is proposed not to send Capt Decker, as he is now employed in Pesaro Province and it was agreed at the Regional Commissioner's meeting at Siena that no one from the Pesaro team should be released until an immediate need arose. It was also decided that no one on the Pesaro-Ancona team should go to Rome for reassignment but upon orders should go directly to his new region.

Request for transfer by Henry R. Atkinson.

5 August, 1944

SUBJECT: Request for Transfer.

TO : Commanding General, MATSUHA, APO #534, U. S. Army. (Thru Channels).

1. It is desired that I, the undersigned, T/5 HENRY R. ATKINSON, 4913699, Battery C, 106th AAA AF Bn., be transferred to the Military Government Section AFHQ (Q-5) for assignment to the 2675th Civil Affairs Regiment, (OVHD).

2. The reasons for this request are:

a. That I am qualified for such work by:

- (1) Formal education, to wit, six years at college (Harvard AB 1921; Trinity College, Cambridge, England, BA 1923; and three years of law school (Harvard Law School LLB 1926 (7)).
- (2) Five years of practice of law in Boston, Mass.
- (3) Seven years of legislative and public relations work in volunteer civic organization, the last four years of which were in contact with the Legislature and various executive departments of the Commonwealth of Massachusetts, and with two Committees of the U.S. Congress, as President of the Massachusetts Civic League Inc., and as member of Legal Committee of the National Motion Picture Research Council.

b. That due to age (44 years and 7 months) and to nature of work of anti-aircraft artillery, my special experience can be put to little use in this unit.

3. I believe that said transfer would be more beneficial to the Government of the United States than my continuing as at present in the position of gunner of an M-13 self-propelled vehicle.

HENRY R. ATKINSON,

TO: Commanding Officer, 108th AAA AW Bn (SP), APO 512, U. S. Army.

1. Approved.
2. Accepted for Service at Thursley, England.
3. Present Age: 44 years.
4. Marital Status: Married. Dependent: Mrs. Ruth L. Atkinson (Wife)
5. Physical Condition: Good.
6. Statement of Service: Prior service from 5 October 1918 to 3 December 1918 30th Central Officer Training School. Service with the Canadian Army from 1941 to 1942 (11 months). Transferred 2 July 1942 to date to 108th AAA AW Bn (SP).
7. Soldier has had no convictions by Court-Martial during current enlistment.
8. Soldier is not under charges or awaiting trial.
9. Statement of Accounts: Due US Nothing. Due Soldier: Accrued Pay & Allowances.
10. Army General Classification Test Score: I-139.
11. Character: Efficiency:
12. T/5 ATKINSON'S request for transfer is highly recommended by the undersigned as it is obvious, due to his previous experience and education and being a member of an organization of this type, his full service to the Government has not been received. Although T/5 ATKINSON has been outstanding in all duties he has been assigned within this organization and his transfer will be a definite loss, but a trained replacement is available.

2. T/5 ATKINSON has impressed me with his unusual loyalty to the allied Cause. He obviously possesses a superior education and his civilian experience should qualify him for the work to which he desires to be transferred. It is my belief that his value to the service has been restricted due to the necessity of his serving as an enlisted man in an organization of this type.

To: Col. Gethold, C.O. 106 SEP. AAA. AW. Bn.
A.P.O. 512, U.S. Army.

6th September, 1943.

1. It is understood that a request has been forwarded to you to determine whether or not Pfc. Atkinson would be interested in being transferred to AMGOT. Pfc. Atkinson has called at AMGOT H.Q. to discuss this matter.
2. Pfc. Atkinson is a graduate of Harvard College and Law School and of Trinity College, Cambridge. After practising law in Boston for some years he later joined the Massachusetts' Civic League. In 1934 he became Chairman of the Executive Committee and in 1936 President of that organization. He enlisted in the Canadian Army in July, 1941 and transferred to the American Army after the U.S. entered the War.
3. Pfc. Atkinson was interviewed by the Chief Staff Officer of AMGOT and by the Chief Legal Officer, who had known him well for many years. In their opinion his background and experience both as a lawyer and as a Civic leader qualify him particularly for work with AMGOT. If he should be commissioned he would be of great value to this organization.
4. At the present time AMGOT is extremely short of personnel and it is important to use all available personnel in this theater of operations. If Pfc. Atkinson should again make an application for a commission before a Board and receive his commission, it is requested that he be transferred to AMGOT.

MEMORANDUM:

TO : Major L. W. Stearns, G-1 (American), Allied Control Commission.

1. Here is a copy of Circular No. 85, NATOUSA, which outlines the new procedure for personnel requisitions. You will note that Par. 5 discusses the best utilization of personnel, which is definitely in line with your letter on exchange of officers.

2. Letters have been typed requesting the cancellation of Unit Personnel Replacement Requisitions No. 2, 4, 8, 26, and 27. Copies are furnished herewith.

3. Files in this office show that a letter requesting the assignment of Captain Ewen was sent to AAI on 2 May 1944. Copy of this letter and Captain Ewen's letter of 17 June are inclosed.

4. We have no record of correspondence on Lieutenant Grant. Major Dragneff has not been assigned to the Regiment as yet. Officers at MGS are as follows:

TO 2675TH REG -	Capt Sam H Acheson	Capt Ralph R Hotchkiss - DROPPED
TO 2675TH REG -	Capt Orville C Anderson	Capt Joseph M Maloney - TID 2675TH REG
	Col James E. Butterworth	Major Albert H Aronson - DIS MGS REG
	<i>at Col Mitchell John. m</i>	

5. I have attached herewith several efficiency reports. I would appreciate it if you would find an officer who would be in a position to rate them.

6. Major Casey's letter is on its way to AAI.

5 Incls:

- 1 - Cir 85, NATOUSA.

SUBJECT: Officers Specialist Personnel

TO : Military Government Section, AFHQ, APO 512

1. Reference is made to my letter ref. 16031/1/G-1, subject WE/TO - Hq Allied Control Commission, dated 24 April 1944. While the total officer strength of Allied Control Commission now approaches the ceiling set in my letter, there are serious deficiencies in Specialist Officers necessary for the efficient functioning of the Commission. We have been unable to obtain these Specialist Officers in this theatre and urgently request that you make every effort to obtain these officers for us from the United States or the United Kingdom. The specialists required are as follows:

Agriculture - total 10 officers

- a. 1 Experienced Agricultural Economist - not above rank of Major.
- b. 2 Experienced Crop Estimators - not above rank of Major.
- c. 1 Forestry Administrator - not above rank of Major.
- d. 6 General Agriculturists with specific knowledge of the industry and practical experience in "field" operations - not above the rank of Captain.

Public Works and Utilities - total 26 officers

- a. 1 Experienced Public Works Officer as assistant to the Chief in charge of the Public Works Division. Extended experience necessary in charge of Public Works, such as Water, Sewers, Gas, Streets, and Buildings - Major.
- b. 1 Materials and Supply Officer. A qualified engineer with construction experience and Construction Material supply - Captain or Lieutenant.
- c. 1 Building Construction Officer. A qualified engineer with practical experience in Building Construction - Captain or Lieutenant.
- d. 1 Designing Engineer. An engineer experienced in structural theories and design with drafting room procedure experience - Captain or Lieutenant.
- e. 4 Public Works Engineers with experience in responsible charge of such installations as Water, Sewers, Gas, Streets, and Buildings. General engineering and construction experience is preferred if specialists are not available - 1 Major, 3 Junior Officers.
- f. 6 Electrical Engineers with the experience of electrical distribution problems, operation and maintenance of distribution systems, sub-stations, power flow calculations and consumers records - 1 Major, 5 Junior Officers.

- g. 12 General Engineers with basic knowledge and experience in all phases of Highway and Bridge Construction - Junior Officers.

Labor - total 22 Officers.

The qualification requirement is for thoroughly competent officers who are properly trained labor men with actual experience in the many phases of Organization, negotiation, and Control of labor problems - Junior Officers preferred.

2. The Vice President of the Economic Section assures me that these officers are needed for operation in the field, and that they cannot be efficiently replaced by civilian specialists. It might be possible that civilians could replace a. b. and c. of the agricultural requirements but this is not recommended. A small percentage of both the Public Works and Utilitien and Labor Officers might be civilians but effectiveness would be less than if they were commissioned officers. If the addition of these specialists should increase the strength of ACC over that in the reference letter, officers of general qualifications can be released for other assignment to keep our strength within the required limit. It is quite probable that this will be unnecessary due to normal losses from our present strength.

It must be appreciated that the low ceiling placed on our strength requires that the officers assigned be highly specialized and highly efficient.

NOEL MASON MACFARLANE
Lieutenant-General
Chief Commissioner

W

Two years of high school French and two years of college German. Original research in typhus Control at the University of Maryland Feb to June 1942 are other qualifications.

Because the writer has been trained in either or both Malaria and Typhus Control as well as other more or less insect borne diseases and intends to do this type of work after the war, it is felt that this transfer would be of benefit to the government.

Subject: Application for transfer to AMG Service

G 1 (4)

1. I am a 1st Lieutenant in the Coast Artillery Corps (AC), my date of present rank being November 15th, 1943. I enlisted in the armed service on June 6th, 1942 in New York City and went through basic training at Fort Sisseton, Virginia. In September, 1942 I attended O.C.S. at Camp Davis, N.C. where I was commissioned on November 25th, 1942.

2. My overseas service began in February, 1943 when I was sent to Africa where I joined my present organization, 106th AAA Artillery Battalion, in early March. I went through the ensuing African Campaign as a Platoon Executive and at its end was made a Platoon Commander, my present capacity. After Africa, I made the initial landings in Sicily (Licata), Italy (Salerno) and on January 25th on this Beachhead.

3. For many months, I have been interested in your work and have felt that I could be of some service to you. I speak Italian fluently, reading and writing as well. I can carry on a normal conversation in French and understand some Spanish. I have attended Columbia, Art Students League and American School of Design, all in New York City.

4. I was born in New York City on November 9th, 1917 of naturalized American citizens, my parents' birthplaces being in Italy (father - Venice - mother - Bologna) and through them plus schooling I have obtained an excellent knowledge of the Italian language plus habits and customs of the people. Also, being in the front lines since arriving in Italy, I've seen and realize the need of Allied military Government and understand its' necessary functions.

5. If at all possible, I should like to obtain some information in regards to transferring to AMG, the necessary qualifications, steps etc. to do so. Should my presence be desired at your headquarters I'm quite certain that can be arranged. Any consideration on your part will be greatly appreciated.

1. Paras 7 a & b Circular Number 26, Hq NATOUSA, 6 March 1944, provides:

"7. Battle Participation Awards. a. A list of battles and campaigns in this theater recognized by the War Department has been published in General Orders Number 75 and 83, War Department, 1943.

b. A list of units entitled to battle honors, together with the campaigns for which such awards are authorized, has been published in secret letter, this headquarters, dated 23 December 1943, file AG 200.6/263 P-O, subject: "Battle Participation Awards", as amended by secret letters this headquarters, dated 10 January 1944 and 17 February 1944, same file and subject. As units become entitled to battle honors by virtue of participation in operations, this list will be amended to include such units. Units omitted from any list published by this headquarters announcing battle honors, which are entitled to such honors under the provisions of AR 260-10 and as outlined herein, may be included by making application to this headquarters through channels."

2. The 2675th Regt ACC has been designated as being entitled to battle participation awards for the Italian Campaign. See secret letter AG 200.6/263 P-O, Hq NATOUSA, 20 March 1944, subject: "Battle Participation Awards".

3. Attention is directed to the fact that the Allied Military Mission which served in Italy from Sept 12 1943 to Nov 10 1943 has not been included as a unit entitled to battle honors.

4. Attention is also directed to the fact that the organization "Hq AMGOT Sicily" was not included as a unit entitled to battle honors in AG 200.6/263 P-O, Hq NATOUSA, 23 Dec 43, subject as above. There are a number of American Officers and Enlisted Men who were assigned to AMGOT and served in Sicily between 9 July and 17 Aug 43 but who were not assigned or attached to any other military unit.

962

5. In accordance with provisions of para 7 b, Circ #26, quoted in para 1 hereof, it is suggested that application be made to Hq NATOUSA for the inclusion of AMM & ANGOT as being authorized appropriate battle honors.

Allied Military Mission, as you know was never an activated unit, but merely, as the name implies a mission of Allied officers and enlisted men ordered together by General Eisenhower after the Italian Armistice. The personnel was on detached service from their regular units and remained so until the activation of Allied Control Commission, 10 Nov. 1943.

1. Returned for clarification and resubmission if
necessary.

2. Was Allied Military Commission constituted, or organized
or activated as a "unit"? The same question applies to "Head-
quarters AMGOT, Sicily". It is believed that these two groups
are not units under the regulation governing battle parti-
cipation awards and therefore are not entitled to unit battle
honors.

3. If Allied Military Mission and Headquarters AMGOT,
Sicily were activated units, it is recommended that a new
communication be originated outlining in full the details of
organization, dates these units were in battle areas; per-
centage of assigned personnel present in the battle area and
such other information as would justify including them among
the units entitled to battle participation awards.

4. Individuals who served under competent orders in
Sicily or in Italy are entitled to battle stars regardless of
their assignment status. Mere membership in a unit entitled
to battle honors does not of itself entitle the individual to
a battle star. He must have been physically present in the
prescribed area to receive such an award.

(Attention: G-1(A))

1. Paras 7 a & b Circular Number 26, Hq NATOUSA, 6 March 1944, provides:

"7. Battle Participation Awards. a. A list of battles and campaigns in this theater recognized by the War Department has been published in General Orders Number 75 and 83, War Department, 1943.

b. A list of units entitled to battle honors, together with the campaigns for which such awards are authorized, has been published in secret letter, this headquarters, dated 23 December 1943, file AG 200.6/263 P-O, subject: "Battle Participation Awards", as amended by secret letters this headquarters, dated 10 January 1944 and 17 February 1944, same file and subject. As units become entitled to battle honors by virtue of participation in operations, this list will be amended to include such units. Units omitted from any list published by this headquarters announcing battle honors, which are entitled to such honors under the provisions of AR 260-10 and as outlined herein, may be included by making application to this headquarters through channels."

2. The 2675th Regt ACC has been designated as being entitled to battle participation awards for the Italian Campaign. See secret letter AG 200.6/263 P-O, Hq NATOUSA, 20 March 1944, subject: "Battle Participation Awards".

3. Attention is directed to the fact that the Allied Military Mission which served in Italy from Sept 12 1943 to Nov 10 1943 has not been included as a unit entitled to battle honors.

4. Attention is also directed to the fact that the organization "Hq AMGOT Sicily" was not included as a unit entitled to battle honors in AG 200.6/263 P-O, Hq NATOUSA, 23 Dec 43, subject as above. There are a number of American Officers and Enlisted Men who were assigned to AMGOT and served in Sicily between 9 July and 17 Aug 43 but who were not assigned or attached to any other military unit.

SUBJECT: Legion of Merit Award

TO : Allied Force Headquarters, G-5, APO 512
(Attention: Colonel Spofford)

1. This is in reference to our conversation relative to the inadequacy of Legion of Merit Award quotas for Army and Navy personnel of the Allied Control Commission through the 2675th Regiment.
2. It appears that a quota of one award (enlisted man) has been allotted to the 2675th Regiment for period ending 31 May 1944. Attached for your information is copy of letter 200.6 Hq 2675th Regiment dated 11 March with three indorsements. The quota was allotted in the 2nd Ind. Also attached is copy of letter dated 28 March 44 from the Regiment to "All Concerned".
3. Allotments of a certain number of awards to major commands are to be made each three months by Hq NATUSA under provisions of paragraph 2c, Circular Number 26, Hq NATUSA, 6 March 1944.
4. It is possible that the allotments to be made to the regiment will each time only apply to enlisted personnel, if so a separate allotment should be made for officers. I understand, although there has been no order issued, that naval officers are attached to the Regiment for rations only. If this is true I wonder if they are eligible to participate in the Regiment's allotment if and when awards for officers are included. If not, I think some provisions for naval personnel should be made--perhaps something could be worked out with Admiral Hewitt.

SUBJECT: Legion of Merit Award

TO : Headquarters, Allied Control Commission, APO 394.
(Attn: Captain Ellery W. Stone).

1. Your letter of 7 June has been received and we have been able to elicit certain further information regarding the award of the Legion of Merit.

2. The allotment of one award, for an enlisted man, as granted the 2675th Regt by 2nd Ind, Hq, Hq Command, AF, APO 512, dated 18 March, was sub-allotted from the allotment of 7 awards given to Headquarters Command for distribution to Troops, by Natousa. All of this quota was for enlisted men.

3. While a maximum of 50% of all awards may be given to officers, the recent policy of G-1 has been to limit the quota for officers to a smaller proportion. One reason for this is to achieve a cumulative total of not more than fifty percent for officers, since, previously, a majority of the awards had been made to officers.

4. An announcement of the new quota of awards is expected to be made by G-1 Section, this Headquarters, on the 25th of June.

5. With respect to attached Naval personnel, no Army quota has been established. Nominations for award of the Legion of Merit for outstanding achievements by attached Naval officers may be made through normal Army channels to this Headquarters, with an additional reference to Comnavnaw.

16 March 1944

SUBJECT: Application for Transfer to AMG.

TO : G-1 Section AMG, Naples, Italy.

1. Request transfer to AMG on the basis of convenience of and greatest service to the Government.

2. Lt. Col. John M. Kennedy III, C.O. 6723rd Truck Group has stated to me that he would give his approval when he knew of my reasons:

- a. Willingness to be engaged in overseas duty for indefinite period.
- b. Civilian and military experience.

3. Civilian experience:

a. Four years assistant secretary and associate editor, Associated General Contractors of America, a national trade association with which was affiliated The American Construction Council. Headquarters in Washington D.C. All of our work was in constant contact with Federal government departments and agencies; also labor unions connected with construction. My own work was research, labor and construction economics, writing and editing. Also handled press relationships.

b. Twelve years with Kiwanis International as assistant secretary, managing editor of all publications and director of public relations throughout the United States and Canada. Duties included promotion of organization, and development of comprehensive program of civic, economic, trade and social service activities in over 2000 cities of these two countries and constant collaboration with Federal, State, county and municipal agencies.

c. Four years business research, advertising agency and public relations activity. This period, just prior to outbreak of war, included organization of world-wide special features service to cover economic and cultural subjects in all countries. Service had full approval of the Department of State and the Pan-American Union.

4. Military experience:

a. Reserve officer since 1923.

b. Present active duty began December 2, 1940. Served as Special Services Officer for both Camp Grant, Illinois and the Reception Center at Camp Grant. Period covered first organization of three theatres, Service Club, library, athletic program and collaboration with all city officials and civic leaders in Rockford, Illinois to establish activities prior to organization of USO. Later, at Camp Grant was Company Commander and Acting battalion commander and in this capacity was train troop commander numerous times. Entire period covered 14 months.

c. Three months duty as Air Priorities officer, Transportation Section, SOS, Washington, D.C. which duty covered priorities for any passengers or cargo flown on U.S. civilian airlines within the United States or connecting up with any destination in the world.

d. Three months duty as officer courier, attached to the Department of State, courier and liaison duty between Washington and London, via air travel.

e. Served about one year as Billeting Officer and assistant Coordinating officer, Staging Area, Fort Dix, N.J., handling incoming and outgoing units, approximately 300,000. Staging was discontinued at Fort Dix, May 31, 1943.

f. Sent overseas June 6, 1943. Was Provost Marshal at Camp Don B. Passage, near Casablanca and was in charge of some 1500 survivors of British ships sunk. This group included British Air Force, Navy, Merchant Navy, Army and civilian government personnel. Duties covered housing, equipping, medical aid, and collaboration with British Consul.

g. Arrived Italy December 1, 1943. The 6723rd Truck Group was organized by Hdqrs. 5th Army and I served as Adjutant and chief of operations under Lt. Col. W.V. Owen, now Chief of Transportation 5th Army, Advanced. Function of this Group, now operating about 3000 U.S. trucks and British lorries, is to supply beach-head.

SUBJECT: ATTACHMENT OF CAPT. WILLIAM HALLER JR. (A)
REF : R4.PR.2.2
DATE : 3 February 1944

1. I am instructed verbally by the C of S to ask if you will please discuss with Colonel RATHBONE the possibility of having Capt. William HALLER, Jr, (A) attached from HQ ACC to the Public Relations Division, Region 4.

2. Capt. HALLER was assigned by HQ AMG (Special Order No. 13 dated 20 Nov 43) from the Information Subcommittee AMG to accompany a British Army Film Unit detailed by AFHQ to make a feature picture of AMG in Italy and Sicily.

3. The work of the Film Unit has not been completed but it no longer requires that Capt. HALLER spend all his time with them.

4. Capt. HALLER is a highly qualified, experienced and competent Public Relations Officer.

5. The Deputy Director of this Division, Capt. JOHN P. LEACACOS (A), has been loaned to PRO 5 ARMY AMG for an indefinite period and the Division is understaffed. While Capt. LEACACOS is subject to recall when Region 4 moves into Rome, and will be recalled, Capt. HALLER's services will be greatly appreciated if he assigned from HQ AMG to this Division.

c. It is understood that Capt. HALLER will continue to give the British Army Film Unit whatever time is required under the terms of his assignment of 20 Nov 43.

SUBJECT: Assignment, Lt. R. I. Shadwick to Agriculture Sub-Commission.

TO : Economic Section, ATT: Col. D. S. Adams.

1. As the forward program of this Sub-Commission is clarified by current developments, in the field and within HQ ACC, the need for junior officers with both agricultural and administrative (staff) experience becomes apparent, for the following reasons:

- a. To relieve the senior officers of considerable time-consuming detail incidental to the preparation of statistics for analysis, requests for requisitions, and office phases essential to the crop production program.
- b. To relieve Capt. J. M. Merritt, Special Assistant to the Director of the Sub-Commission, of the duties incidental to detailed management of the office and clerical staff.

2. R. I. Shadwick, at present detailed as Assistant Transportation Officer, has had experience qualifying him for work of this kind. He is a graduate of the University of Missouri in agriculture, and has been employed as secretary of the AAA in a part of the state, and later as Assistant to the State Statistician for two years, becoming fully familiar with crop reporting and office administration. He subsequently has had experience in the office of a railroad, and as an accountant.

3. It is requested that his services be made available to this Sub-Commission as soon as possible.

I do not think we should put Bachman in to do this particular job in Reg III's area of responsibility.

In our functioning, Reg III should be the person. Please let me know so that we can reassign Sgt Bachman. Ref James

SUBJECT: Appointment Board of Officers.

TO : All concerned.

1. Pursuant to the authority contained in letter Headquarters Allied Armies in Italy (Rear Adm Echelon), Subject: Damage to Non-Military Objectives in Rome, dated 6 June 1944 and with concurrence of the Commanding Generals of Fifth Army and MAAF, the following board of officers is appointed to inventory the damage caused to non-military objectives in Rome due to allied bombing.

Brig Gen	WILLIAM S. GRAVELY	09990	AC	(A)	HQ MAAF
Lt Col	PAUL D. CARTER	08416	Inf	(A)	HQ RAAC

Major	V. A. GIANELLI		Inf	(Cdn)	Rome Region ACC
Lieut	PERRY B. COTT	151647	USNR	(A)	Rome Region ACC

2. The Board is authorized to deal directly with the Commanding General, Fifth Army, the Commanding General, Rome Area Command, the Commanding General, MAAF, and such other commands as may be necessary to secure essential witnesses and evidence. All movements of the Board and its members into and within Rome will be coordinated by the Commanding General, Fifth Army, who is requested to facilitate the activities of Board to the greatest extent practicable.

3. Evidence will be as comprehensive as the requirements for expeditious completion of the inventory report permits. The gist of all pertinent testimony will be recorded, and all pertinent documents and written records will be incorporated in the record of proceedings. It is stressed that photographs, sketches and diagrams are of great assistance in securing clarity of understanding. Ten complete copies of the report of proceedings will be furnished CG Headquarters, Allied Armies in Italy.

4. If in the opinion of the Board a partial or preliminary report of the findings of the Board is desirable such a report will be rendered.

5. The report is intended to cover damage, whether direct or indirect due to aerial bombardment to non-military objectives. If there is doubt as to where damage is due to aerial bombardment or as to whether the objective was a true military one the report will include such cases in the inventory with proper explanatory remarks.

6. The report of inventory will contain no findings of praise or criticism of bombing or other military action and no recommendation as to repair or rehabilitation of any damaged objectives. Any military lessons learned from the survey or any conclusions reached by individual members of the Board may be transmitted by those individual members to their respective commanders for such separate action as may be desirable.

SUBJECT: Distribution Lists - HQ. A.C.C.

TO: Distribution below.

1. Reference Headquarters, Allied Control Commission Distribution Lists recently issued under separate cover.

2. Pending receipt of printed booklet entitled "Office Procedure", the following explanation of the above noted Distribution Lists is forwarded for information.

3. (a) List "A" covers all the possible recipients under the present organization, and provides for the largest number of copies in each case.

(b) List "B" includes all Branches of Headquarters except Sub-Commissions, It also includes Regions, A.M.G. Armies and outside authorities.

(c) List "C" is the internal distribution for Headquarters, It covers all Sections, Branches, and Sub-Commissions of Headquarters, but does not include Regions, A.M.G. Armies, and outside authorities.

(d) All three Lists include the A.C.C. Liaison Section, H.Q. A.A.I. (late A.C.M.F.).

4. (a) It will be noted that the Lists have been divided into 3 Groups.

(i) Group 1 consists of all Sections, Branches, and Sub-Commissions of Headquarters, and the Liaison Section H.Q., A.A.I. (late A.C.M.F.).

(ii) Group 2 consists of the Regions and A.M.G. 5th and 8th Armies.

(iii) Group 3 consists of the outside authorities with which Allied Control Commission principally deals.

(b) A serial number has been allotted to each recipient.

(c) The object of this is to give originators of correspondence an easy means of cutting down the distribution to what is actually necessary.

Example: "Distribution B" plus Serials 6 & 10 less serials 67, 68 and 74, signifies that the originator desires copies to go to the Interior and Property Control Sub-Commissions for which distribution "B" does not provide, but does not desire copies to go to A.F.H.Q., Natoua or I.B.S. of Group 3.

and outside authorities.

4. (a) All three Lists include the A.C.C. Liaison Section, H.Q. A.A.I. (late A.C.M.F.).

d.

If there was no armies occupation the king would be forced to go at once under pressure of public opinion. It is the protection of the Allies that keeps him there. Witness made general attack on the under-secretaries and general Army and Navy officers who had been appointed. Regency a possibility but the king had violated the constitution and all royalists were compromised. For head an eminent man must be chose; for example, Curci. Witness does not think rank and file of the service are royalists. A purgation of higher ranks needed.

Sforza and Curci would do to start a government, afterwards men from the north would arrive. Prices no means of organizing public opinion and king is surrounded by Fascists.

e. Porzio - Labor Socialist. - Present ration 125 grams a day and not every day. People very disappointed after the Allied promises, no meat, no milk for children, no medicine, bad houses. Coal lacking although gas supply repaired after the Germans have left not operating; no soap, clothes and underclothes lacking, impossible to fill their needs from the provinces. The Fascists have closed each province as a war measure. Wants the currency stabilized otherwise wage rates cannot be fixed. Expenditure of USA soldier about \$2 a day; this raises prices. 100,000 skilled munitions workers formerly available now unemployed.

Wants more liberty for the general meetings, etc., in Naples. The police soaked in Fascism. Italian soldiers need arms and they would fight. Demands a left wing government and work with the Liberation Committee. Abdication of the king made of secondary importance by the bourgeoisie. They are republicans and want a government of parties, not men. Names suggested: Sinbona, Nigni, or the witness himself, Porzio. Party membership 3,000.

f. Communist: - Dr. Reale. Wants democratic government and abdication of the king. Puration should be started with the king, otherwise a sham. Badoglio hasnt a single anti-Fascist. Naples Committee in disagreement with the AMG as to constitution of Puration Commission. AMG insists on Prefect being on the commission but he is an old Fascist and he himself should go.

It is impossible to get war volunteers if they must fight for Badoglio whose officers are Fascist. There has been no puration of the Army or the Navy. Referred to the disbandment of the volunteer corps under General Pavoni in Naples (NOTE: This appears to be due to the heavy pay they demanded). These volunteers would turn into an Italian army under oath of allegiance to the king. Italians regard ex-Fascist officers as still being Hitler's agents.

Witness could name no party leaders, stated they are in the North, America, Tunis and Russia, they wont come back. They want this government at once. Willing to wait to settle the monarchy question till the whole of Italy can decide. Badoglio could be regent, or Sforza. Important thing is that the government is to have a left wing program: confiscation of war fortunes, etc.

Wants freedom of the press and pamphlets. There are underground papers, but at Bari a communist paper is allowed.

Black market bread 100 to 120 lire a kilogram. Should be brought from the provinces. The political promises made to Italy have not been kept. The unemployed walk into the country and get food for sale as described by a previous witness.

g. Democratic Labor. The man's name was Florencio Cerobuona. Formerly a socialist reformist. Party of Buonami and Bissoleti, middle group.; king and prince must go. He does not object to regency. Quest-

ion of monarchy must wait till Italy is free, but they are republicans.

They want the Allies to get rid of Victor who is determined to remain. The regency must not become itself a party government, but the government must be of all parties. Badoglio has put monarchists in the government and carries on propaganda for the monarchy. Many Fascists appointed. Unless they are rooted out they will come out again as soon as they can get a chance. Food situation in Naples very bad. Oil (240 lire) a litre, bread 150 to 160 lire a kilogram, coal 15 to 18 lire a kilogram.

h. Ex service men and Mutilati. Non political but members of the Liberation Committee. In order to provide national unity demand that the big Fascists should be punished like the little ones. Their appeal to the soldier has been made to them, not as soldiers of the king but as soldiers of Italy. Demand that the king and crown prince should go at once. General question can wait till after the war. In the province of Naples there are 20,000 ex service men and 11,000 mutilati. These two witnesses have replaced the Fascist leaders of the organization and themselves are carrying out a purazione, and demand a free press.

i. Allied Advisory Council examined Badoglio, Reale - Interior, Cuomo - Education, and Jung - Finance. Badoglio wants to participate actively in the war. For example, has troops in Sardinia and wants arms for them. Already the Italian Air Forces and the Navy are fighting. The Italian troops would be better than the Allies in the mountains.

"All parties are united against the Germans, the Royalist would give loyal cooperation, but dont treat me as an enemy, treat me as a friend and an old soldier". To discuss Italians without Italian participation not a friendly act. (Apparently wishes membership of the Advisory Council). Emphasized the fact that all Mediterranean interests

were one.

MacMillan seemed to reply that the Advisory Council should have consulted the Italian government, who could not be members of it, but what may come of that impossible to say. MacMillan asked "does the type of government in the south and alleged contentions of fascism affect the morale on the other side of the line". Badoglio replies "fascism has permeated every organization, could not be eradicated all at once. Government influence restricted by lack of communications. Government at present is in Brindisi, Bari, Lecce and Salerno. Badoglio wants to go to Salerno but first the province must be handed over then his government would be all together.

Vychinsky explained AOC is not to govern but to advise. Badoglio replies "we can give better information on Italy because we are Italians". They want membership of the council. Cites the safety of which dumps of ammunition enjoy unguarded.

Vychinsky points out only three ministers, all the rest under-secretaries. Can Badoglio come to terms with Committee of Liberation which opposes the government. National union needed. Badoglio replied the leaders are at Rome just waiting for a government embracing the leaders of all the parties to present to the king. The two aims of the present government are anti-Fascist, anti-German. Badoglio says he is a soldier not a politician and wants to give up his task. Cannot form a real government in Salerno

All parties desire national unity. Vychinsky asks have the party leaders their conditions. Badoglio replies if he cant accept their conditions he will ask other people. Vychinsky but the conditions come from parties not from individuals. Badoglio, some parties are all center and no supporters. The liberals, the Christians, Democrats and social Communists are the real parties.

Badoglio says the king requires for unity, e.g., Army and Navy. Reale supports him, though a republican. Reale declares the opposition to the king strengthens the government. Later the people would be free. The question is not urgent and could be settled a year hence. Cuomo says parties are sectional, the government has only two aims: Anti-Fascist, anti-Hun. Jung expresses his agreement with the Marshal. Badoglio makes it clear that when Italy is free he still desires to be allowed to fight with the Allies.

Monday 10 January Advisory Council interviews Badoglio and the government.
We explained findings.

Tuesday 11 January. Grady, Taylor, Spofford and Stansgate to Universal
to meet MacMillan and commission. Discuss only the best form of organ-
ization of ACC work. Report from Makins to follow.

Wednesday 12 January Meeting of Central Economic Committee that Stansgate
attended Committee decided prices of oil, wheat, coal and other commod-
ities. The chairman had made it clear that it was a coordinating com-
mittee and indicated that within a month or so, it would hand over to
ACC.

MEMORANDUM FOR THE CHIEF, CIVIL AFFAIRS DIVISION.

SUBJECT: Insurance Problems in Occupied Areas.

1. Reference is made

- a. To the undersigned's memorandum of 16 November 1943, "Insurance Problems in Occupied Areas".
- b. To the memorandum on the same subject addressed to Mr. George L. Harrison by 1st Lt. Adrian S. Fisher dated 27 November 1943; and
- c. To OEW report 166 "Private Insurance in Italy: Recommendation and Guide".

2. These documents have been reviewed with finance officers in this theatre and particularly with Lt. Colonel Carl Miller, Comptroller, Financial Institutions, AMG/ACC. The principal recommendation of OEW Report 166 is the appointment of a coordinator of insurance by "the United Nations for the purpose of supervising all insurance agencies of the Italian State, coordinating the efforts of United Nations agencies in the field of insurance and performing other duties as are enumerated herein. The coordinator should be assisted by a staff of insurance experts who are citizens of the United Nations". It is the opinion of the Comptroller of Financial Institutions, AMG/ACC, in which the undersigned concurs, that this is unnecessary and unwise for the following reasons:

- a. The Finance Sub-Commission, through the Comptroller of Financial Institutions, has ample power to deal with the problem, to the extent of the area under its jurisdiction.
- b. That the recommendation is contrary to the established policy of restoring the Italian economy through the Italian institutions functioning under the supervision and in accordance with policies of the United Nations. As to recommendation No. 8 of the OEW Report that the coordinator should permit branches of insurance companies whose home offices are in the enemy occupied area to operate in the liberated area, the Comptroller of Financial Institutions is working on this problem. It is hoped that it may be possible to create a pool which would permit branch offices to collect premiums and pay claims, financing their operations through the banks with the aid of the Italian Government, if necessary AMFA furnishing funds as needed for this purpose for the account of the Italian Government.

3. The recommendation for a pool for new life insurance business is not considered practicable from an underwriting standpoint. Provision can be made for the writing of new life business by Italian companies as soon as Rome is occupied. The important thing is to protect existing equities and pay claims in the meantime. This can be done under the arrangements proposed by the Finance Sub-Commission.

SECRET

4. As to recommendation No. 5, that the German insurance assets should be immediately sequestered, this has been done.

5. With the statement of the problem by 1st Lieutenant Fisher, the undersigned and the Comptroller of Financial Institutions are in agreement, with the following exceptions:

a. In paragraph 6 Lieutenant Fisher states that "issue must be taken however with the statement in Colonel Clabaugh's Memorandum of 16 November 1943, that economic warfare measures are outside the field of Civil Affairs". Lieutenant Fisher obviously misread this part of the memorandum of 16 November which stated: "Economic warfare measures, e.g., acting to embarrass German companies by making it difficult for them to replace with neutrals the reinsurance formerly carried with Italian companies.....is outside the field of Civil Affairs". Lieutenant Fisher states "the Finance Sub-Commission clearly has power to compel the use of the finance power of the Italian companies in the manner most hostile to the enemy". Agreed. And this has been done by the severance of relations between the Italian and German companies under the "trading with the enemy" provisions. However, the statement in my memorandum of 16 November had to do with efforts to prevent insurance companies in neutral countries, e.g., Zurich, Switzerland, from accepting the German reinsurance formerly ceded to the Italian companies. This is a diplomatic and economic warfare measure to be undertaken in neutral countries and is entirely outside the scope or reach of the Civil Affairs Division and military government in the occupied areas.

b. It is considered that the present authority of the Finance Sub-Commission is ample to take whatever steps are necessary and practicable to re-establish some form of commercial insurance in liberated Italy on a temporary basis until such time as all Italy comes under the jurisdiction of the Italian government and A.G.C. Until the Allies control all of Italy, any arrangements are a temporary makeshift and stop-gap until the head offices of the three leading companies (one at Rome and two at Trieste) come within the jurisdiction of the Italian government.

6. Of course, in all of the foregoing it must be realized that at present the Finance Sub-Commission has no authority to deal with Regions 3 and 4, which are under the jurisdiction of the 15th Army Group.

S. F. CLABAUGH,
Colonel, SSC,
Civil Affairs Division.
