Subject: Italian Government Buildings in Rome.

To : Headquarters, Allied Forces in Italy.

1. It is most desirable, in the interests of peace, order, and the speedy economic and administrative recovery of Italy, that the Italian Government should firmly establish itself in Rome as soon as possible after its date of occupation. To enable it to do so with maximum efficiency, it must be established in conditions of dignity and prestige. How far this will be possible will depend to a large extent on whether the Ministry and other National Government buildings are kept free of troops and offices of Allied Force Units. Among the buildings deemed necessary are those of the Royal Household. While it is most desirable that all National Buildings be reserved for the use of the government, the attached list indicates in Section I the maximum required for efficient functioning if all buildings are undamaged and in Section II the additional buildings previously used by the Ministries which will be needed for expansion and in case those in Section I are badly damaged.

2. It is, therefore, requested that a directive be issued to the authority responsible for allotment of accommodation in Rome that all the buildings shown in Section I of the attached list and as many as possible of those in Section II be reserved for the use of the Italian Government.

E. Gueterbock,
Brigadier
For Lieutenant General,
Deputy President.
