Tour Notes Brindisi

27 Nov 43

By Brig. Gusterbock

Setting up A. C. C.

1. Contact was made with the Italian government. From discussions it was apparent that the earliest date for handing over territory is 20 December 1943. The principal limiting factors are accommodation, provision of communications and setting up Italian governmental machinery. General Joyce was not prepared to start functioning from Brindisi.

2. It was agreed that HQ AMG and A. C. C. should move forward - simultaneously is possible. A. C. C. would examine the transport situation and see if they can move with the transport which they have plus what is coming from Palermo. *not to hold up Naples move*
Report probably w/ Gen Joyce

3. General Joyce decided that A. C. C. would be established with a limited advance H., the balance being at Naples. Advance H. would initially be organized at Sorrento or Salerno as at Appn A, rear H. at Naples as at appn B. Head men would in all cases be at Adv H., except for the following:- *not feasible*

- (a) Executive officer and internal ACC administration
- (b) Security
- (c) War material Factories Subcommittee
- (d) Property Control Subcommittee
- (e) Fine Arts and Monuments Subcommittee and temporarily
- (f) Internal Transportation Subcommittee
- (g) Shipping Subcommittee

4. It was apparent that the present organization of the Economic and Administrative Section does not correspond with the Italian governmental organization. Pending any decision by the Vice President concerned, the following changes will be effected at a date to be notified later:

- (a) Economic Director will parallel the Minister for Commerce, Industry and Labour and control Sub-commissions for Industry, Commerce and Labour only. *Included Foreign Trade.*
- (b) Administrative Director will parallel the Minister for the Interior and control the Interior, Public Safety and Public Health Subcommissions only.
- (c) Mines will be under Public Works and Utilities.

Must await

Let 1852's approve. Director will be sent from USIB.

U. S. SECRET
Equals British SECRET

U. S. SECRET

5. Three officers provided by AFHQ, G-4, have arrived at Brindisi to be attached to War Material Disposal Subcommittee. Col. Zellers is to visit Brindisi to contact them.

Transportation coordination

6. A conference was held with Q(S) FLAMBO. It was decided that there would be a conference at Naples on 30 November at 1500 hours to discuss the procedure for moving civilian freight and passengers. The following are to attend:-

Col. Fitch

Col. Murphy

Major Hickingbotham

Col. Evans

Lt. Col. Legg

Supply representative, Region 2

7. In order to facilitate movements of imports and exports over internal transportation routes, it was decided that at every main port AMG (A.C.C.) would have a supply officer who would be in close touch with the local movements office and be able to represent AMG (A.C.C.) requirements. As far as AMG is concerned the ports are Palermo, Catania, Syracuse, Messina, Reggio and Crotona. The AMG (A.C.C.) supply officer must report his location both to the local movements office and to the local HQ Base area, subarea, section, etc. *I must have report details. Regions to provide.*

8. For the present *the address of* Col. Fitch's HQ is c/o movements and Transportation, Adv. Admin. Ech. AFHQ (FLAMBO for movements for Fitch).

Local Resources and Transportation

9. AFHQ (or FLAMBO) will require accurate data regarding local resources. It will be for AMG (A.C.C.) to produce these data. Then, when it comes to bidding for supplies or transportation, AMG (A.C.C.) has to bid for civilian requirements. It is therefore clear that A.C.C. will have to be certain regarding the accuracy of data produced by the Italians and will have to be able to prove their points in bidding on behalf of the Italians. This aspect requires emphasis in certain Subcommittee, etc., directives.

Information Subcommittee

10. It seems probable that this will be abolished, the whole task being taken over by P. W. B. Mr. Hamilton Smith of P. W. B. will visit HQ AMG (Major Desmond) about 3 December to discuss the disposal of the present information officers.

Pages increase

11. General Joyce approved Jung's proposed increase to basic pay

only of Italian armed forces, and his proposal to increase civil servants' wages, less indemnities "Presenza" and "Operosita", in the four provinces. It was agreed that it would be desirable for Region 2 wages to keep in line with this increase and Region 1 wages to be brought in-line when sufficient food rations could be made available.
