Agreed with all concerned that for Adm reasons 13 CORPS area should include provinces of UDINE VENEZIA TREVISO thus enabling 13 CORPS to control both ports VENICE and TRIESTE. Subject Chief of Staff agreement I propose that 13 CORPS should control this territory direct under AFHQ when EIGHTH ARMY HQ moves to AUSTRIA. Meanwhile EIGHTH ARMY will make such arrangements as are possible now to facilitate setting up of this organisation. Extension 13 CORPS area northward to AUSTRIAN frontier to take over TARVISIO PONTEBBA area is question requiring decision and is being considered by EIGHTH ARMY. EIGHTH ARMY will draw up order of battle of units to be transferred to 13 CORPS which will include 56 AREA and 401 (201?) Sub Area. Nothing in these arrangements will alter AC/AMG organisation nor affect decision on passing control of provinces in VENEZIA PROPRIA back to Italian control. GOC 13 CORPS will deal with SCAO VENEZIA GIULIA and with Regional Commissioner 12th Region of VENEZIA PROPRIA. I will communicate separately certain minor amendments to draft Adm instruction

Big question is whether Italian Government willing to finance industry to meet these demands. TURIN and MILANO seem to be same condition. Ref MAT 784. This is MAT 804.

Fascist Government and German funds in northern ITALY. In answering MAT 784 please deal with following representation to ALLIED COMMISSION by Italian Ministry Foreign Affairs. Ministry draw attention to peculiar juridical situation of war booty comprised of funds in Italian lire held by German Army. Italian Ministry claims funds paid to GERMANY as war contribution imposed on enemy ITALY are property of Italian Government and that allotment of these funds to Allied Financial Agency implies recognition of validity of contributions emposed upon ITALY by GERMANY and this undoubtedly not intended by United Nations.

At meeting today with British Ambassador at Foreign Office it was agreed it was most desirable that national elections should be held at the earliest possible moment. I explained the present law by which communal elections cannot take place until mid November earliest and national elections 3 months later. I have been asked to enquire from you whether it would be possible for Italian Government by legislation or otherwise to arrange for national elections to be held simultaneously with or immediately after communal elections. Grateful early reply.

PALERMO

ARMINAL STONE ALLIED COMMISSION ROME

IN CLEAR.

Our Longshoremen Union whichhas been re-organized after the Allied War of 1945. until today has fulfilled with discipline and diligence the unloading of coal from steamships in the port of PALERMO, thus preventing other port unions from causing disturbances with strikes and senseless troubles, while the war was going on. Our union, well organized and equipped has always been opposed by Fascists still controlling the "Compagnia Portuale Di Palermo" (Port Company Of Palermo) and seeking to obtain monopilization of labor in order to impose excessive tariffs and to come into possession of our contracts, which can be evidenced by investigations carried out by the Allied Military Police of PALERMO. Since two years we have been working for the state railways, which, through our collaboration have made a saving of many millions of lires. The Ministry of Merchant Marine informs today that it has obtained from the Allied Command the authorization to commit that work exclusively to the Port Unions thus affecting our independent organization, which is composed of efficient workers and men w who have been persecuted by Fascism. Back in 1929 they were opposed same as today. Therefore we beg you to intervene in order that under a regime of Freedom, a new attempt against our organization be avoided.

The Allies have fought and shed their blood to give us that Freedom which today after the liveration, they want to deny us. We have always opposed fascism and for that reason we have suffered persecutions; therefore we have the right to get back our jobs again. Today they follow the same old system and avail themselves of p Fascist Law to deprive us of our work. We ask your intervention also as a reward for

1. we have seen reports on FERRANIA film raw stock factory in north ITALY which states that factory is intact and can shortly start at full production provided raw materials and fuel available. report suggests however, that some local stocks of raw materials are available and that locally produced wood and coke can be partly substituted for coal.

2. In view of general acute shortage 35 mm film any contribution from FERRANIA would be a help. so far we have had to supply film which we can ill spare for PWB requirements in ITALY while we understand USA has covered OWI requirements.
