Reference our EX 14947 of 29 June and F 10113 of 5 July and your 1137 of 4 July and 1157 of 5 July.

The Supreme Allied Commander takes a very serious view of the recent civil disturbances in the ANDRIA and MINERVINO Areas and does not consider the action indicated in your cables quoted above to be adequate.

The Supreme Allied Commander directs that he be informed urgently what action the Italian government has taken:

A. To clear up the situation in the ANDRIA and MINERVINO Areas and to ensure there is no recurrence in the future.

B. To hand down, disarm and speedily bring to justice the instigators and those who took part in these disturbances.

The Supreme Allied Commander expects that persons convicted of taking part in the disturbances will be severely punished and he wishes to be informed of the sentences meted out in each individual case

Costing civilian supply accounts ITALY and BALKANS.

1. Serious concern felt here over delay in costing of civilian supply accounts preparatory to billing recipient governments. Also anticipate inadequate personnel and considerable technical difficulty in applying landed costs to our quantitative records at long distance from committee which has developed unit cost data.

2. Following proposed for your considerations:

(a). We would close our Italian and Balkans quantitative supply records, by months as completed and send them to you.

(b). Landed cost sub-committee would apply landed costs to these records, using TAM 228 procedure or combined weighted unit landed average costs under TAM airgram 42 as appropriate. Same agency would prepare bills for Italian and Balkans governments in whatever form directed by you.

(c). If desired, this HQ could present the bills to recipient government.

3. We feel this procedure would speed up whole process of billing and would at same time preserve principle of costing and billing by combined military. We would also be able to spare a few Balkans accountants at early date to assist in WASHINGTON.

4. Understand objection to using TAA airgram procedure prior to cut of date is due to WASHINGTON records being on theater basis. Suggest overcoming difficulty by adjusting WASHINGTON records by reference to SACMED monthly reports of civilian supplies showing all shipments received for Italian use.

Ref your 1214 of 5 July and this Hq letter LIC/HQ/104 of 7 July recom end restoration to the Italian Govt of provinces of APUANIA and LUCCA as of 2359 hrs 31 July. Consider however that distressing conditions existing in GOTHIC line area should be drawn to attention of Italian Govt which should give an undertaking to remedy existing conditions before bad weather starts. Heavy rain starts in 2 months and snow in 4 months time. Also suggest some form of Allied Welfare Mission should be assigned to GOTHIC line area as it is understood was done in case of CASSINO.

Refer CAIROMAST immediate telegram addressed shipminder NAPLES 1493 repeated GREEKMIL ATHENS 188 rptd to ME. Would draw your attention to COUTSAFTIDES telegrams 96 and 98 addressed to you personnaly 22nd June through Governor CYPRUS and CESC in which complete shipping programme for 4000 tons seed potatoes set forth. Programme again given to you 27th June in Governors telegram No 352 to Colonial Office repeated to you through MESC as No 100. Moreover Colonial Office informed us on 29th June UNRRA LONDON had authorised full programme referred to above had informed UNRRA ATHENS and we were instructed to contact GILSON GRAHAM MEDBO NAPLES and UNRRA CASERTA. This was done at once and our telegrams were repeated to MABEN UNRRA ATHENS personally. Refer also to para 3 of Governors telegram No 107 of 4th July to MESC. programme. Programme is proceeding and UNRRA including your office must bear responsibility for all loss which nothing but most immediate action and cooperation by all concerned can now avert.

Second from Governor of NICOSIA to MESC. Your telegram No 189 SAVING/26.6/ potatoes para 1 and 2 of your telegram SAVING under reference are noted. With regard to para 3 of your telegram SAVING which was not received in CYPRUS until July 2nd it will be appreciated that considerably more than half of crop has been lifted for the period ranging from 1 to 6 weeks during which this Govt was debarred from effecting commercial disposal in neighbouring countries. Strenuous efforts have been made to secure decisions from UNRRA regarding procurement and shipment in conformity with instructions issued by you and following upon a notification from Colonial Office that 100 tons of seed at 42 per ton free on board would be definitely accepted shipping arrangement being left to be arranged locally with UNRRA authorities in CASERTA a series of communications have been despatched over the period of 1 month to UNRRA CASERTA UNRRA ATHENS and UNRRA CAIRO both by Controller of MARKETING CYPRUS and by KOUTSAFTIDES UNRRA representative now in CYPRUS. Altogether 10 telegrams addressed in most urgent terms have been despatched (authorising US?) authority but no reply whatsoever has been received. In consequence there are now between 100 and 1500 tons seed potatoes awaiting shipment on (option?) FAMAGUSTA besides another 200 tons awaiting shipment to FAMAGUSTA. Meanwhile no ships have instructions nor have I received notification

that any may be expected. This Govt will now attempt to dispose of surplus through commercial channels but you will appreciate that owing to the delay due to the delay of UNRRA authorities to take action this important matter of (prospective&) loss up to (150,00?) must be faced. This Govt is involved having closed other markets at the instance of MESC and it seems to me little short of scandalous (that?) loss of these potatoes should be allowed to occur at the time such grave food shortage in EUROPE. I hope (even?) at this late date various authorities concerned will provide shipping and avert prospective loss which if it occurs must have most serious repercussion and result in heavy claims for compensation. In view CYPRUS Govts expression serious concern at lack of reliable information concerning intentions and shipping programme request you please clarify position with CASERTA and suggest you notify all concerned particularly CYPRUS Govt MWT CAIRO and ourselves on decision reached.
