Agreement of long standing does not permit unilateral action on category A commodities, and 67.00-67.50 is maximum price. Brimwood.

Not possible to identify consignment of Brimwood addressed to American Brimwood Company because most markings on SEA STARS shipments illegible. Therefore recommend this lot be sold for on basis of proportion to entire shipment of the 515 bales. We estimated that 512 bales should be accounted for in the following manner sales price, $20515.70 or $40.30 for each bale, less $1178.13 based on deduction of $2.37 per bale for various expenses including ocean freight. Total gross value, F.O.B., of this shipment is thus $19737.57, or $38.03 for each bale.

Subject is disturbance in TORINO. Reference is made to your cable No 1342 on results of meeting between Camera Del Lavoro and Unione Industriale regarding the demonstration organised by the Unione Donne Italiane.

2. FIORIO Industrial representative signed agreement conceeding equal treatment to women in respect of CARO VITA indemnity. FIORIO signed under pressure of disorderly demonstration and in that he was told by Italian authorities present that he would be responsible for any eventual disorders that might ensue if his signature was not forthcoming.

3. Regional Commissioner has been informed of situation and your LSO/413 dated 14 July 45 has been brought to his notice. It is intended to take a stand over this issue and an official press statement now being prepared to declare the agreement null and void and to make it known that any agreement overshooting the MILAN wage celings would require Italian Government approval.

1. TRIESTE likely to remain under independent AMG for considerable time.

2. In view history both companies, and Italian Government being unable exercise over TRIESTE companies controls visualized in para 20 of FAN 583, question arises whether their managements need long term treatment for application through established AMG in TRIESTE, for example by the appointment of controller for each company under AMG taking instructions from Allied authority.

3. Impossible find local men with necessary qualifications yet free from taint attaching to both companies, for possible appointment as controllers. No qualified Allied personnel available.

4. Pending your instructions, no steps are being taken to require dissolution of existing managements.
