Pursuant to policy permitting political meetings in AMG territory NENNI, Italian vice Premier and minister responsible for preparation of the Constituent Assembly, was allowed to address large meeting in MILAN 22 July purpose of which was announced as Treasury bond campaign and wheat amassing. This is NGF 1048. In fact NENNI campaigned for a Republic.

Such action contravenes the oath taken by NENNI on taking office.

I instructed the Chief Commissioner Allied Commission to protest to the Italian Prime Minister emphasising that Signor NENNI has violated his oath and that such action by an Italian Minister is not likely to induce confidence in the Italian Govt on the part of the UNITED STATES and BRITISH Govts.

Above reported for your information.

First point. This matter referred this Headquarters by 13 CORPS solely as to subject three. Economic considerations. All other subjects allotted to other staff sections who call upon us as needed.

Second point. SCAO and Colonel LINDSAY political adviser have independently reached common conclusion any participation by this Headquarters in research concerning ultimate disposition this territory would be politically disastrous and completely inconsistent with position we are purely trustees. The stake holder cannot decide who wins the race and any departure from policy of strict disinterest concerning final issue will cause trouble far out of proportion to advantage this view strongly expressed to 13 CORPS commander who is considering. Meanwhile urge retraction of signalled instructions on grounds this is not a technical matter but one of policy on which instructions to this Headquarters as distinguished from ALLIED COMMISSION should come exclusively through 13 CORPS. If ALLIED COMMISSION itself desires to send fact finding officers believe but cannot promise corps commander will permit them to interview specialist officers determine facts and arrive at own conclusions with which we in VENEZIA GIULIA must not express either agreement or disagreement. Personally however feel participation even by ALLIED COMMISSION unwise unless frankly as advocate for ITALY in which case opposite numbers should be permitted to carry on as protagonists for other interested nations. 6126

1. Minute 51 of Allied Force Local Reserves (Italian) Power Electric Power Committee meeting dated 11 July refers.

2. Reference to lack of adequate transport not understood. Our y-11 dated 20 June informed you that the supply of 4x2 trucks to the Italian Government, subject to availability, from theatre stocks had been approved. Your msg/6/ dated 3 July doubted to accept them pending adjustment of the POL supply and pointed out that existing road transport was operating far below capacity. Our y-2 dated 10 July offered the 4x2 vehicles again.

3. In these circumstances this HQ cannot accept your statement that the limiting factor is operating by interconnection of northern and central Italy is lack of transport.

Consider establishment lire account no longer necessary and our purposes per MAT 353 met once Italian Government agree supply without reimbursement all lira currency and credits needed by Allied Forces under para 14A and have accepted responsibility as issuing authority for A.M. lire. The Allied Forces are paying cash for current procurement where non payment would work undue hardship on supplier or imperil continuity of supply. Allied Force unpaid requisitions are now being transmitted regularly to Italian Government for settlement as it considers appropriate. Requirement of setting up lira account will make negotiations currency agreement more difficult, and Allied pay services wish avoid change in procedure for handling lira at this late date. Ref your ACMIC 2360 dated 23 July, it is confirmed that 5 ARMY agrees to transfer responsibility for Allied Military Govt in 5 ARMY area to Allied Commission at such time and in such order as ALCOM desires, Army Commander reserves the right, however, to issue any special orders that may become necessary in the light of unforseen occurrences. It is not believed desirable to release the SCHIO, TRENTO, BOLZANO areas immediately until certain conditions that exist in those areas are cleared up. In view of ALCOM's announced intention of releasing certain areas to the Italian Govt, 5 ARMY desires to point out that the provinces of BOLOGNA, MODENA and REGGIO are at present time in a state of unrest, and the release of those areas at this time is considered premature.

Subject is personnel of Questura TRIESTE. A number of officials were dismissed by YUGOSLAV authorities and have had no pay for 3 months and all police were disbanded by AMG on 24 June 1945. Some will be absorbed in new AMG police and others will be surplus and available for service in ITALY. I recommend that authority be given to pay any such personnel until absorbed into AMG police or until they return to ITALY. They are public employees who have been dismissed through no fault of their own and some of them are in a pitiful state. Request authority to pay as above.
