For Brigadier ANDERSON.

In accordance with and solely because of direct instructions your Hq presided today at meeting of Joint Economic Committee. I have frequently expressed to Brigadier ANDERSON my views regarding inappropriateness of my participating in this activity and incidents today confirm fact that chairmanship this committee is utterly inconsistent with duties of SCAO. Strongly urge you furnish or nominate a resident deputy to preside in chairmans absence or make other appropriate provision so that SCAO will not by reason of weather conditions or otherwise be required to assume responsibility which is embarrassing and conflicts with general responsibility. Hgs 13 CORPS concurs.

Investigation conducted as directed AFHQ MAD P33175 of 7th August indicates unsatisfactory conditions attributed to POLIZEI GRUPPE will not be corrected by substitution of FRIULI GRUPPO for POLIZEI GRUPPE. Conditions existing are caused by fact that Italian troops are not well disciplined and there is no choice between the 2 gruppos mentioned in this respect.

2. Provincial Commissioners of BOLZANO and TRENTO agree that no improvement in situation will result from shift of gruppos.

3. The switch is possible but would take an appreciable period of time due to fact that both gruppos are widely spread.

4. Recommend substitution of FRIULI for POLIZEI not be directed.

Subject French Liaison officers in AOSTA SOUSA TENDA and VENTIMIGLIA.

Reference your FX 32278 dated 5 August requesting our views not to all.

1. Agree with views expressed in ALCOM signal 3045 of 3 August but in view of strong representations made by General DOYEN suggest compromise whereby one Liaison officer of rank not above Major with wireless team be attached to Hq 7 AGRA at TUREN which formation will shortly be responsible for whole Italo-French border.

2. This solution would prevent direct interference by French in AMG affairs and would go some way towards meeting General DOYEN's requests.

3. Attaching officer to the local formation Hq and keeping Liaison on military basis would also avert mentioned by ALCOM of confronting Italian Government with established local French representation of influencing Civil Affairs.

This included decree number 116 which we have authority to pay only from 1st August. This declaration which the Prefect has made public has caused strikes and a lot of dissatisfaction amongst the people in LA SPEZIA who blame AMG for the non payment of the back money.

2. If in fact the Minister did say this and referred to decree 116 it is considered most reprehensible and dangerous, and steps should be taken to prevent a recurrence.

3. It is also recommended that the whole question of pay be taken up urgently with Finance HQ in order to secure a solution to the present unsatisfactory situation. End signed JORDAN for CARR.

Consider only satisfactory change over procedure is to apply separate accounting by country of origin to all cargoes on which discharge has not begun at the cut off date since discharged cargoes pass to Italian title at end of ships tackle.

Para 2 E LAC 1275 substantially correct. A few shipments, however, may not be identifiable in theatre as to country of procurement responsibility. Example is bulk wheat from CANADA subsequently bagged and shipped from US port. Such shipments should be notified in advance.

After termination of combined military responsibility accounting will procedure remain unchanged or will it be modified by individual procuring countries?

Shipping messages outward from ITALY and GREECE.

Desired to permit shipowners and agents in GREECE and ITALY to forward shipping messages through normal commercial channels. Allied naval authorities approve so far as concerns naval security, and reversion of number merchant ships to private control makes step desirable.

Shipping messages defined as dealing movement or husbandry of merchant ships, or instructions for loading or discharge of cargoes covered by already approved transactions, provided not involving firm or person on U.S. proclaimed or British statutory lists.

Para 1 C of TAM 593 interpreted as permitting above in case of GREECE and directive accordingly being issued containing proper naval security safeguards.

In view RAM 608, private shipping messages from ITALY to areas other than U.S. and possessions and U.K. and British Empire considered not permitted until proclaimed and statutory lists adopted. But request approval to authorize messages from ITALY as defined in para 2 Above.

2. Our comment on your paras are as follows.

A. Your paras 2 and 3. No exceptions or reservations required by this Hq but approval is subject to DISTWO being able to meet new commitments from present resources or from GSUS to be transferred from 5TH ARMY.

B. Your para 4.

1. Understand 16th Evacuation Hospital should remain present location until transferred to 13 CORPS and not moved south of APPENINES.

2. Consider Diplomatic Hotel at SALSO MAGGIORE is an Allied commitment and should therefore be transferred to DISTWO and not POW Command.

3. Necessary enclosures including hospitals at MERANO and staging area around VERONA railroad station should be retained for POW Command until movement of US POW completed. Also any additional enclosures considered necessary.

E. Your paras 7 and 8. No comments.

3. It is assumed that signals and engineer needs will be considered at this meeting.
