ACTION ALL MAT ADDRESSEES INFO ALCOM ROME

CONFIDENTIAL.

This is MAT 880.

Correspondence with Italian colonies. Italians pressing for permission to open non-transactional banking correspondence with former Italian colonies in AFRICA. Such correspondence is reaching ITALY from those areas. For example, Italian in TRIPOLITANIA can write to Bank in ITALY authorizing payments on his account, but at present no reply permitted from ITALY. Repatriated Italian PW also complain unable to draw against deposits in branch banks in AFRICA because unable produce satisfactory evidence as to title, balance, etc.

Your permission requested to authorize banking and other non-transactional correspondence between ITALY and former colonies as defined para 1C of TAM 592 and 593, but withheld from ITALY by TAM 608. Areas are under British administration and hence recognition by Italian Government of proclaimed and statutory lists appears unimportant.

Recognized that in case of banking correspondence in itself non-transactional may lead to outpayments in ITALY by head offices on basis information thus obtained, with expectation of ultimate adjustment of banking balances between ITALY and former colonies.

Statutory and proclaimed list.

The position is that the Italian Government should adopt the statutory and proclaimed list as a prerequisite to direct trade (as contemplated in TAM 640) in the case of those countries to which the statutory and proclaimed list have been applied.

However, there is nothing to prevent such trade with the UNITED STATES of AMERICA and BRITISH COMMONWEALTH starting forthwith.

This is GOC 197.

Subsistence requirements - feed MTPA Sept loading of feed will be generally short due to fact that GOAC had relatively small allocations for third quarter of 1945, and their plans call for shipping nearly two (nearly thr?) total amount of theses(?) allocations through July and August. This will presumably make it necessary for you to spread distribution of feed arriving in August and September (July and August loadings) to also cover distribution in October (September loadings).

Best current info on actual loadings in September follows in metric tons: wheat 100 thousand, sugar 7842, fats 2146, pulses 2583, powdered skim milk 3440, coffee 229.

To aid us in supporting future feed allocation rqmts(?) please report on distribution plan for miscellaneous foods arriving August and September (CAL AIRGRAM 39 refers to) and prospective arrivals for October.

It would be of material assistance to AFHQ if the concentration and segregation of displaced persons by nationality could be speeded up and then constantly monitored to see that such action is continuously pressed forward. Such action will permit us to take advantage of unforeseen transportation lifts and aid in securing higher priorities. Fully appreciate problems involved but are certain that continual pressure on high level to complete registration, documentation and concentration by nationalities will pay excellent dividends.

The outer port fence of the enclosed port area has been mined with antipersonnel light charges to prevent pilferage. These charges have been placed between double fences and the areas well posted with warning signs both in English and Italian and can only be reached by breaking through bars or climbing fence to reach area known to be off limits for and extended period. Information is that recent victim was killed by flying stone and that he had 35 packages of US cigarettes on his person. Since area is well protected, posted and known to be off limits and access can only be by trespassing on forbidden area responsibility for claims must be decided by individual cases.

Subject: Pitprop production in COSENZA AREA.

At meeting held 14 August between ALLIED COMMISSION, Office of Chief Administrative Officer ALLIED FORCE HEADQUARTERS, and staff sections, decision made that UNITED STATES ARMY will furnish minimum of 1000 cubic meters pitprops per month from COSENZA AREA until withdrawal of UNITED STATES forces from COSENZA, under conditions stated in Adjutant General letter 411.1/500 ENGINEER-O HEADQUARTERS MTOUSA to PENBASE, subject: Pitprops, dated 14 July.

(?). What factors will limit shipment of 1500 cubic meters per month from your present area.

Request you increase shipments from COSENZA AREA, at expense of lumber shipments, to reach minimum of 1000 cubic meters pit props per month.

ALLIED COMMISSION has agreed to send Italian Government representative to engineer PENBASE to discuss details of financial and contractual accounting and handling of shipments to be taken over by Italian Government representatives in procurement of pitprops.

In conjunction with latest theater lumber requirements being determined by PENBASE what is estimated time of withdrawal of UNITED STATES military from COSENZA AREA to enable Italian Government take over production of pit props for coal mines. 15 days notice from time military withdrawn is required before Italian Government can set up production.

The following message is forwarded from General DWIGHT D. EISENHOWER, Commanding General, Mediterranean Theater of Operations:

"The complete defeat of Japan by the United Nations is cause for rejoicing by all the free peoples of the world. To American soldiers, sailors and airmen and their Allies in the Mediterranean Theater, the Japanese capitulation has a special significance. Many of you who have participated in the hard campaigns that carried the Yanks and Limeys through here have been intensely active, preparing the supplies and weapons and tools for redeployment against the Japanese.

Now that picture has changed. The fight has now been won - completely. You have realize the task of completing our task of occupation and redeployment and of preserving the discipline which carried you successfully through so many difficult campaigns. Patience will be required while the huge machine geared to redeployment is switched to the urgent need for getting you home to your families and to your normal way of living.

To the troops who are manned every obstacle to supply and move the fighting units, there remains one more task - to ship the supplies and the troops back home as efficiently and as rapidly as possible.

This is a time for thanksgiving, for gratitude to God that we have brought the

aggression and saved our heritage of freedom. But we must not forget the cost of this war. You who won the beaches of [illegible], SICILY, ITALY and FRANCE, and who battled through the mountains of central and northern ITALY, know how many of your comrades made the supreme sacrifice for the successful effort. Never forget them nor what they died for.

Today we salute the Allied forces in the far East and extend to them our heartiest congratulations on their magnificent victory."

The following message is forwarded from Field Marshal Sir HAROLD R. L. G. ALEXANDER, Supreme Allied Commander, Mediterranean Theater:

"This is a day for thanksgiving and rejoicing. For peace has at least been won and the cause for Freedom and Justice has prevailed. This is the day for which the freedom-loving nations of the world have been fighting for almost 6 years. It is the day that spells the doom of totalitarian governments and their policies of aggression, hatred and persecution.

Each of you - whatever service or your nationality - has played a vital role in our struggle for this great victory. You brought the Nazis and their satellites to their knees, while your brothers-in-arms were administering the final blows to the Japanese on the other side of the globe.

Today I know you will join me in extending the warmest congratulations of this theater to the men who have inflicted overwhelming defeat on Japan. They have fought long, hard and well. They have won a truly magnificent victory.

Naturally, all of us hope that the events of today will hasten your return to your families and to normal peacetime pursuits. You may be certain that your commanders in the Mediterranean Theater will do everything in their power to get you home and back to the normal pursuits of peace with all possible speed. For the task of us here - redeployment and occupation - we shall attempt to cut our forces to an essential minimum.

Declassified E.O. 12356 Section 3.3/NND No. 785017

(C1235 cont'd)

You are the men and women on whom the future peace of the world will depend. Out of the chaos that this war has brought, it will be your task to build a world in which peace and human decency are the dominating motives. Your soldiers of the United Nations, who have fought shoulder to shoulder as allies against a common enemy, today form a united front for world peace and security."

1. Presume from your para 1 that allegations regarding conduct of the FOLGORE GRUPPO which have reached this headquarters are substantially true. Such a state of unsatisfactory discipline will not be tolerated it is agreed that mutual relief of FRIULI and FOLGORE is undesirable. In view of para 1 of our FX 32362 no useful purpose would be served in replacing FOLGORE GRUPPO by Allied troops at this time. since Italian troops would have to resume responsibility in September.

2. All Italian GRUPPI are to be included in a force of 140000 which will be handed back to Italian Government in September. As stated in para 1 of our FX32362 it is the policy of this headquarters to make this force of 140000 as efficient as possible.

3. The Supreme Allied Commander directs that you take action urgently in conjunction with MMIA, to raise the standard of discipline in FOLGORE GRUPPO and forward any further comments or recommendations regarding the question to this headquarters.

Lumber price in CALABRIA Region, southern ITALY is subject. Refer to followings (A) EXMAAF cable 2384 dated 12 July 1945 in which attention was invited that AMG/AO in cooperation with Italian Government had established selling price for lumber considered excessive and not in keeping with costs of production and requesting authority to pay at price established by this Headquarters after careful study in the field and consideration of all factors; (B) MEDUSA cable PX 74194 cite NAMO dated 16 July approving payment for lumber at rate established by this Headquarters of 1500 lire per cubic meter; (C) MEDUSA cable PX 30145 cite NAGOS dated 31 July 1945 withdrawing approval of payment for lumber at rate established by this Headquarters and directing payment at rate established by ALCOM of 1850 lire per cubic meter unless this price considered out of line with local prevailing levels. In establishing the selling price of lumber in CALABRIA Region, ALCOM did not consult with this Headquarters or its representatives who had full knowledge of conditions and costs of production and as far as known did not cause investigation in the field by disinterested qualified persons but accepted recommendation of Italian Government in the matter. It is repeated that after very careful consideration in the field by qualified experts, is determined that fair price for lumber being produced in CALABRIA is 1500 lire per cubic meter. Since price established by ALCOM is considered out of line, pending further justification of price of 1850 lire per cubic meter this Headquarters will suspend processing and payment of invoices received for

lumber being purchased in CALABRIA Region. In meantime with view to establishment of fair selling price for lumber, request that ATCOM make joint investigation in the field with Commanding Officer, 800 ENGINEER FORESTRY COMPANY who is completely familiar with situation, including cost of production.
