This is CAI 264. Rubber compounding information for ITALY.

Authorization given herewith for UNITED STATES element to join British element of AC for submission to Government of ITALY for signature the temporary agreement for releasing rubber reserves information of technical nature regarding using in ITALY the UNITED STATES synthetic rubber dealt with in Embassy cable 2226 dated 4 August to STATE DEPARTMENT (refer WAR 5369 dated 16 August). Following changes submitted:

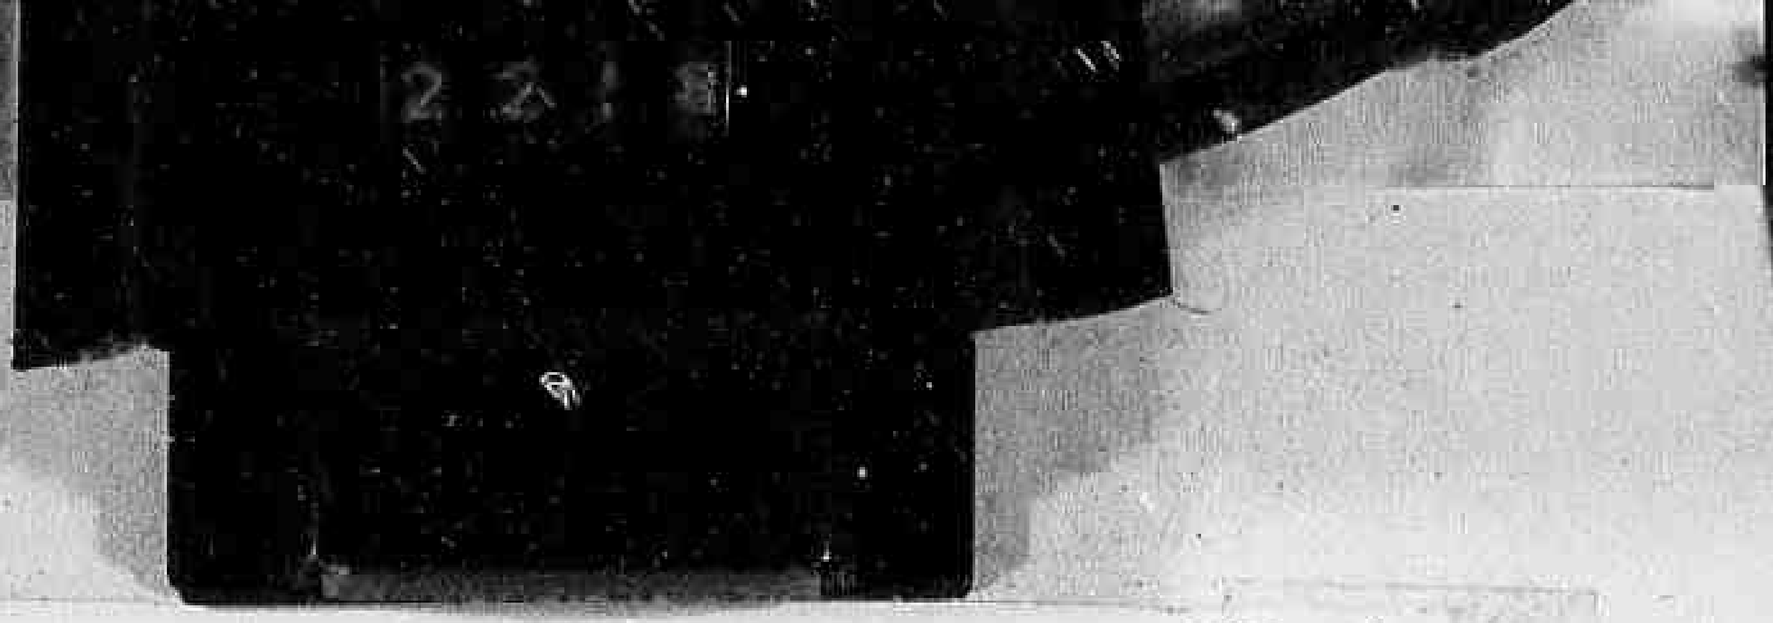

A. "Reconstruction Finance Corporation through its office of rubber reserve" is to be substituted throughout document for "Rubber Reserve Company". Such alteration necessitated by company becoming an office of RFC on 1 July.

B. Alter 3 A and B of CAI 2226 for including ITALY's furnishing UNITED STATES and UNITED KINGDOM with data on "manufacture" as well as "use" of all synthetic rubber. Above cable seems to be a paraphrased version of rubber reserve letter of intent dated 14 June to WASHINGTON office of British Raw Materials Missions however, in this respect, it is incomplete.

C. As 30 day period originally established in letter of intent began 14 June has expired, necessary that item 3 be altered. Ltr is being written by rubber reserve to extend authority for further 60 days, and this should now be incorporated. Initial intent letter provides for extension when needed.

Party of the Christian Democracy referred to in your G-5 311.18 of 20 August is one of six most important Italian parties. Though without TRIESTE tradition, is gaining importance and probably is predominant Italian party here now. Actual members approximately 1000. Much interested, but not members, approximately 4000. 1/4 to 1/5 population probably sympathetic. Has Catholic support. For details this party in ITALY generally inquire ALLIED COMMISSION presumably best informed.

Reference your FX 36846 dated 19 August.

1. System as outlined by you appears to be only solution.

2. When bulk of tonnage in a ship is for VENEZIA region and only small tonnage is for M.G. AUSTRIA we naturally would accept the ship in VENICE and not part discharged in TRIESTE.

3. Difficulty is being encountered because the allocation of cargo between AMG VENEZIA GIULIA, AMG VENEZIA and M. G. AUSTRIA is not being given by AC ROME. Example of this is ELIAH COMB. When making the allocation it is requested that NOV 13 ports TRIESTE or VENICE should be included in the signal which will facilitate planning
