ALL MAT ADDRESSEES INFO ALCOM WOAR, ACAB IT, AFA FOR MILGOV

CONFIDENTIAL.

(This is MAT 895)

Disposition of currency taken up against receipt.

Personal funds held by surrendered enemy, POW, and displaced persons have generally been taken up against receipts both in ITALY and AUSTRIA. As a result, AFA and MILGOV AUSTRIA (British) hold considerable amounts of currency or deposits in various currencies, except as released in accordance with TFV 337 and AAA.

Two possibilities seen respecting disposal such funds (a) return to Government which issued currency. I.E., AFA would return Reichsmarks to GERMANY and MILGOV would return lire to ITALY (in fact MILGOV holdings lire were deposited with AFA) (b) Send currency to countries whose nationals surrendered it, on basis their statement of amounts shown on receipts.

If (a) is followed, countries receiving currencies would be required to establish credits in favor countries who redeemed the receipts.

Please advise policy to be followed.

Italian Government is also asking whether currencies taken from Italian soldiers while in German hands, in exchange for receipts will be made available to it.

From Brigadier BLACKLEY for Brigadier LUSH.

No replies received yet my BMAT 1710 of 30 August and BMAT 1754 of 3 September. Situation has developed with approach of conference of secretaries in LONDON. Growing restlessness here among Arabs with much talk directed against Bishop. An immediate holiday in ITALY would ease tension here and reduce risks of disorders directed against Italians generally. Most urgently request your agreement let him proceed ITALY where he should be no problem.

Reference is made to communication from Transportation Subcommission. ALLIED COMMISSION, 16 August. File AG/11/JTP 6. addressed among others to Transportation Section, enclosing copy of minutes of meeting held at Ministry of Marine, 7 July 1945, concerning proposed new stevedoring tariff for Italian ports. The basis for the proposed monthly wage is contrary to the American conception of incentive and prosperity and can not be concurred in. Too much emphasis cannot be put on the removal of the incentive for stevedores to work more than 12 days a month. It is further pointed out that requiring a stevedore to work only 12 days to obtain the monthly guarantee means in all probability twice the number of stevedores will be required for 1 shift per month, notwithstanding 1 shift may have been paid for 4 months work, and in the case of a busy port working 2 shifts 4 times the number, for it is human nature to avoid working more than 12 days a month if in doing so the stevedore does not increase his earnings. War Shipping Administration concurs in this position.

At special meeting of Labour and GS Control Committee to be held at 2000 hrs 5 September 1945 in ROME request consideration be given to and recommendation for the forces in this theater be developed in regard to policy of Secretary of War stated in following War Dept cable:

"Subject: hours of work for civilian employees.

The Secretary of War in orders now (now?) dated 27 August 1945 in accordance with the desires of the President adopted a 5 day 40 hour work week effective 9 September 1945 for all activities in the zone of interior with the provisions that: when such a work week proves a serious detriment to essential operations additional hours may be scheduled for the 6th and 7th days until 14 October 1945 without requesting approval of the Commanding General of the appropriate force. Approvals of temporarily additional hours as a regular schedule beyond 14 October 1945 as well as the numbers and amount of OT worked will be reported by the forces to the Director of Civilian Personnel and Training Office of the Secretary of War .

The commanding generals of the forces were urged to keep approvals at an absolute minimum and to encourage the use of skeleton staffs instead of complete staffs as a means of reducing the numbers of those

1985

Declassified E.O. 12356 Section 3.3/NND No. 785017

who may required to be employed in excess of 40 hrs per week.

The 40 hrs of regular scheduled work will wherever possible be confined to the period of Monday to Friday inclusive. No work schedules for the basic 40 hours week will, therefore, be established which provide for a shorter work day than 8 hours so as to extend the 40 hours into the 6th day.

The reduction in hours will not be considered as justification for any increase in total civilian strength in any force or War Dept group.

Finally the foregoing will not operate to change the tours of duty of on - call employees established in accordance with applicable regulations. Request this office be advised by cable immediately if it will not be possible for your command to conform to this policy;"

Recommendation of committee should be cabled to AFHQ at earliest.

Subject is financial assistance to stateless persons and displaced persons of certain nationalities.

By authority of MER/10/F of 28 July and 2 August we are already to make emergency payments on recommendation of representatives of various nations and obtain F/F.12 from each mission for total payments.

Signal whether such payments can be charged to our domestic expenditure or are for state expenditure account.

This will be temporary until UNRRA take over.

UNRRA can take over now if you can furnish ruling on whether (1) the payments by UNRRA are chargeable to state expenditure of this territory or (2) F/F.12 from the missions should be obtained and charged to our domestic expenditure or (3) UNRRA willpay from their international account.

Note that UNRRA payment procedure in ITALY is not workable here as it would mean a liability to the Italian Government.

Situation urgent and if answer to queries re UNRRA cannot be signalled promptly we shall proceed with AMG advances to missions on F/F.12 and await accounting ruling on disposal of entries.

Italian government created ufficio ricuperie materiali privati nemici(unit) on 17 may to locate, recover, conserve, and distribute properties and products belonging to german organizations and persons. UNIT has largely confined activities to physical custody of supplies abandoned by german army.

Italian govern apparently intends either UNIT or ministry of treasury to control german private property in ITALY accordance italian law.

should italian government be permitted to take unilateral action against private property without reference of specific cases of sale or other disposition to Allied authorities (eg US/British Mission ACC) in order that such cases may be examined in light anfo haven program

1. IJ CCS/8 have cabled that an appreciation of the attitude of pro-Jugoslav elements in Allied occupied VENEZIA GIULIA now possible as result of A.M.G. General Order 11 effective since 11 August and is as follows.

2. As C.L.N. of TRIESTE announced in official local Communist newspaper attitude throughout is one of complete non-cooperation demonstrated particularly in C.L.N.

(A) Refusal of Slovene members to sit on joint committees for agriculture housing etc.

(B) Non-cooperation by high ranking Slovene officials on orders admitted received from the president C.L.N.

(C) Non submission of names of candidates for new A.M.G. planned administration.

(D) Resignation of forest guard.

3. This policy is designed to embarrass A.M.G. either by necessitating appointment of non-representative administration or possibly in the hope that if BELGRADE asked for Jugoslav cooperation General Order Number 11 will be withdrawn. Policy is clearly directed from BELGRADE with (?) executive control for Slovene areas from LJUBLJANA.

4. Overall situation has been quieter apart from initial demonstrations against General Order 11. Probably next move by us is awaited. 1806

5. Conclusions. General Order 11 has given A.M.G. initiative and situation is

Currency in VENEZIA GIULIA.

At present AMGOT/MILITARY lire and AM lire legal tender in VENEZIA GIULIA. Allied forces and AMG using AM lire.

During currency discussions under MAT 583 Italian Government assumes responsibility for AM lire. However, if Italian Government carries out currency conversion by November as planned question will arise whether we should thereafter continue using AM lire in VENEZIA GIULIA or should shift to new MILITARY lire, and if so on what terms such lire would be obtained from Banca D'Italia.

We recommend that if Italian Government raises first question, answer be that we will use AM lire in VENEZIA GIULIA at our discretion, and that as to ultimate liability situation will be that currency circulating in VENEZIA GIULIA will be responsibility of whatever power is awarded sovereignty over area.

We recommend that in event Italian currency conversion, when Allied forces and AG/AMG will shift to new currency, conversion be carried out simultaneously in VENEZIA GIULIA and new currency be used there also, Italian Government being informed as in para 3 respecting ultimate responsibility for currency in area. Alternative of continuing use of AM lire in VENEZIA GIULIA after it ceases to be legal tender [illegible] not considered desirable if only because AG lire could come into VENEZIA GIULIA

1651

Declassified E.O. 12356 Section 3.3/NND No. 785017

from ITALY after Italian conversion, from holders who had failed to convert for various reasons.

If para 4 is agreed, recommend that Banca d'Italia be required to provide us cents with new currency needed for conversion and future requirements in VENEZIA GIULIA.

Lire also being used in JUGOSLAV portion VENEZIA GIULIA and it may soon become necessary to supply additional amounts probably to Banca d'Italia in ZONE via Banca d'Italian UNION. Refusal to do so might force JUGOSLAV authorities to introduce DINAR into that area. Consequently propose that above recommendation be extended to JUGOSLAV portion VENEZIA GIULIA.

In absence contrary views from you, above recommendation will be carried into effect.

1. The following is an extract paraphrase of a signal from the CCS concerning Military Govt in Allied occupied VENEZIA GIULIA: This quoted for your information and guidance. Paraphrase begins.

A. The JUGOSLAV system of National Committees in general should be discontinued throughout the entire territory. You should reinstall the Italian system. In villages and cities which are predominantly Jugoslav you may retain a token Jugoslav administration and may use a National Committee in an advisory capacity. The foregoing is your guide for administering Allied occupied VENEZIA GIULIA.

B. You will make it clear to the Jugoslavs that during the period when the Allies hold the trusteeship of Allied occupied VENEZIA GIULIA they will use Italian laws purged of measures which are Fascist supplemented by such AMG orders and proclamations as are necessary. AMG will take no action which will prejudice the position of either of the disputing parties.

End of paraphrase.
