For G2 and G2 from CLARKE Military Attache.

Further to my 353 of 22 requesting permission to issue permits and travel orders for Captain STEHANOVIC Mercantile Marine Attache to Jugoslav Delegation to Advisory Council for ITALY. I am now informed that (A) permits are not required for wife and children who are already in ROME. (B) STEPANOVIC has diplomatic passport and therefore does not require permit but only travel order. (C) STEPANOVIC has already taken up his duties in ROME and has been in BELGRADE on duty. He did in fact come to BELGRADE from BARI on the same plane as yourself. Has finished duty here and is required in ROME soonest.

2. SEPANOVIC has been known to me for a considerable time I should be grateful if you would give his case personal attention. He had been extremely helpful to us in the past and I am very desirous of showing my appreciation to him. Feel confident your assistance will be forthcoming.

Designation of Italian ports.

GENOA is going to be used for planning purposes unless it is obvious goods are for use in a specific area, such as goods procured on YT-38 and other Sardinian mines supplies.

Accordingly all markings and papers will carry GENOA as destination and papers as described in FEA procedural instructions number 6 (forwarded to you with COM airgram 42) will be sent to ICE GENOA office.

You are therefore urged to give instructions in time for items destined elsewhere and involving sizeable tonnage such as petroleum coke, steel, pig iron and rails especially if you and ICE require proper markings and need papers in time.

While it is recongnized that diversion of bulk cargo is possible, mixed cargoes will create a problem at your end. Knowledge of destination might also facilitate loading program HILDRING.

Reference 13 CORPS signals I 98 and I 99.

1. Not advisable for personnel to be detained in ITALY by Italian Army as detention and release by small parties into TRIESTE area assured only if personnel detained behind wire otherwise would desert. Forced detention by Italian Army would be big propaganda for BELGRADE and only tend to incite these people against Italian Army.

2. If return of these troops to be used for bargaining purposes with BELGRADE suggest plans provide for movement from USFET by ship to isolated port where release would be made only on delivery by BELGRADE of equal number of Italians. This would solve problem of disorders which might be created if men traverse or stop anywhere in ITALY.

3. Suggest return of small parties only so that demobilization can be completed by Italians in matter of hours and immediate transport by truck to home area be arranged by 13 CORPS.

4. Screening to eliminate those who do not desire to return to homes should be done in USFET and this class then handled as displaced persons.

5. Civilian clothing should be issued before departure from USFET in any case

6. Another alternative would be for demobilization at present location and subsequent handling from that point as displaced persons. This would require that Italian Army representatives be allowed to go to present location and complete documentation prior to demobilization and handover to displaced persons organization.
