5. Basic wage trend approaching 15 Lire hourly in most provincial agreements for industry particularly metal mechanic. Metal workers provincial agreements in ALEXANDRIA and ASTI about to receive approval by Regional Commissioner are on lines of aforementioned TORINO agreement similarly for COGNE and ILEBA VIOLA workshops of AOSTA. 1. It has for some time been the view of this Hq that all Italian Police Forces require radical reorganisation and training. (Ref your 6324 of 10th October). It was with this object in view that introduction of an Allied Police Mission was recommended in NAF1051. As a result of your representations combined Chiefs of Staff were asked in NAF1077 to take no further action regarding provision of a Police Mission.

2. It is fully appreciated that MMIA can only undertake responsibility for basic military training and administration of Carabinieri. In view of this andyour objections to a Police Mission it is difficult to see what Allied assistance could be offered to reorganise and train Guardia Di Finanza Polizia Sicurezza Municipal Police and otherforces of civil security. Unless you can forward recommendations no further action in this matter will be taken by this Hq.

BRITISH EMBASSY BELGRADE
AFHQ INFO 13 CORPS. ALCOM

SECRET

From Military Attache.

1. Italian communist named GIUSEPPE CENTE (?CENTI?) has appeared in BELGRADE. He was originally in Italian Navy as a stoker but appeared in February 1945 in town of SULMONA near AQUILA where he became secretary to the communist portion of the local patriots. Strong anti-British feeling was at this time being built up in the neighbourhood SULMONA which was definitely traced to CENTE and his associates some of whom were jailed. The latter however escaped perhaps because the local Carabiniere were afraid of him. He has been engaged in several fights with RAF personnel stationed in SULMONA, and is believed to have been in some way responsible for a haricutting campaign of Italian girls associating with British personnel in that area. He is in every way an undesirable and is in BELGRADE presumably on "official business". Above report is from an RAF officer recently in SULMONA who personally recognized CENTE in BELGRADE on 11 October. CENTE in fact saw the RAF officer concerned himself and was first to wave an acknowledgement.

UNCLASSIFIED.

Verbal understanding is confirmed between transportation officers PENSACOLA, PENSACOLA, DALE B C, Regional Director WSA and Chief of Transportation, that WSA will arrange for berthing ship agents (steamship owners agents) to discharge or load military cargo as may be decided between PENSACOLA and WSA port representatives. This will be a military commitment, filling the vacuum in port operations incident to redeployment, and affording an opportunity to the steamship operators through WSA to reestablish their Italian organizations. Related subject. As all port cargo working gear is controlled by either British or United States military, it will be necessary to loan gear to ship berthing agent through WSA port representative In meantime it is understood WSA is undertaking the formation of an association of steamship agents through which WSA can allocate stevedore gear, with purchase price deducted in dollars by steamship operators in Americas from payment by WSA for berth agent and stevedore services.
