Rour GEM 665. This is MEC 563.

1. Agree TAM 329 authorised gift parcel service from BRITISH EMPIRE, but negotiations in detail were never made, and Italian postal administration therefore never agreed to commencement of such services. Meanwhile US to ITALY service was negotiated in detail. Size of service severely taxed the Italian postal resources, and Italian postal authorities were therefore obliged to refuse service from INDIA and cannot give general agreement to service from any part of the BRITISH EMPIRE at this time.

2. It must be emphasized that there was never any intention of discrimination. The service is a one-way philanthropic institution and it was expected that the only big demand would come from the UNITED STATES, this view was supported by initial lack of negotiations by countries of BRITISH EMPIRE mentioned in para 1 above.

3. Every effort is being made by the Italian authorities to extend all mail services. Hoped soon to extend US gift parcel service to whole of ITALY, and offer similar facilities to BRITISH EMPIRE and SOUTH AMERICAN countries.

4. Would point out that to facilitate extension of service, US postal admini- 716
stration has undertaken to sort and bag to provincial capital.

5. Italian Government unlikely to agree to reintroduce normal parcel services until effect of foregoing extension of gift parcel service is seen.

RESTRICTED.

1. Subject is wage negotiations in progress here for north ITALY.

2. Negotiations todays suffered temporary setback upon receipt of news that under proposed draft decree to replace decree number 523 CASSA INTERGRAZIONE would only meet employers reimbursement claims for unworked time from 24 hours upwards. Instructions to this effect were received by TORINO PREVIDENZA INSTITUTE from their ROME Headquarters.

3. Industrial representatives attending present wage conference assert that this is contrary to agreement reached by employers and employees in ROME with approval of Italian Government. They are reluctant to proceed with wage discussions both because of extra financial bruden involved and because any misinterpretation of clause 5 of ROME agreement would amount to breach offaith.

4. Meeting has signaled PARRI BARBARESCHI RUINI to obtain redress and negotations continue only on assumption that aforementioned limitation of reimbursements will be rescinded.

5. As negotations might be jeopardised by lack of clarification signal earliest possible reliable information on present position reference this point in the light of pending draft decree.

6. Your action to straighten out matter by soliciting new instructions from PREVIDENZA head office will be appreciated.

Subject Italian munitions production. AFHQ letter AG/388.3/087 GSG-O of 2 August refers.

1. Enquiries here tend to show that no control of production is being exercised as ordered in above quoted directive and that AMG in regions have received no instructions.

2. Investigation has shown that BERETTA factory GARDONE holds 12,000 machine pistols and FABRICA NAZIONAL factory BRESCIA holds 13,000 rifles. Both are assembling more machine pistols. In MILAN are be ng made miniature submarines and a military aircraft. One case suspected CLANDESTINE arms manufacture TURIN. Further investigation with AMG assistance now being made.

3. In view of large numbers arms factories in north ITALY and grave security menace if not controlled request you state whether you can carry out AFHQ directive and if not what alternative you propose.

Disposal of requisitioned and purchased property of Italian origin by transfer to authorized Italian Government agencies presents a serious problem unless fullest cooperation is secured from the Italian Government.

Reference is made to FENBASE cables C 269 of 28 August and 10847 of 15 October.

Imperative, in the interest of the Allied military program and the Italian economy, that all equipment of Italian origin of no further need to the military forces be promptly accepted by the Italian Government. Failure of acceptance will result in a needless waste of resources.

Request that strong representations be made to the Italian Government on a sufficiently high level to insure that authorized Government agencies are promptly and fully established at agreed locations and are properly manned and equipped to accept all offerings. From G4 MTOUSA thru G5 AFHQ.

Following for your information:

1. Insofar as operational requirements permit, Sundays, holidays, Wednesday afternoons and Saturday afternoons are considered off duty hours for personnel of this Headquarters. Skeleton staffs are maintained in all sections during these periods and personnel so retained are given off duty time commensurate with periods they are on duty.

2. In the interests of uniformity and efficiency of overall theater operation which will result by having all UNITED STATES Headquarters in ITALY on full-scale and reduced-scale operation simultaneously, it is suggested that, insofar as local conditions and your operational requirements permit, that you conform as closely as possible to the above schedule. It is emphasized, however, that final decision in this regard rests with local commanders.

1. Reference your signal 7158 of 15 October do not understand last line.

2. Have been in communication with Colonel FISHER DP officer DELTA BASE SECTION 115 October who informs he will be sending regular shipment of 150 cooperators from MARSEILLES to NICE weekly.

3. In addition POW repatriates from other sources in FRANCE are estimated to continue at present rate of 300 per week into NICE.

4. We are establishing reception centre for all Italian repatriates at VILLEFRANCHE for collection and holding while border permits are obtained. This centre to be supplied from BORDIGHERA with POW S/C Italian military personnel in charge. We will send convoys from GENOA to pick up as groups are ready for crossing frontier. Only in this way can present hit or miss arrangement be put in order. Prefect of NICE has agreed to necessity of such a centre. Wait at border is 2 days.

5. Your authority requested for proceeding with establishment of this camp. USFET are not prepared to establish it. French authorities are not interested. The centre is essential. The problem has been left up to us. Italian military personnel representing POW S/C in this area are quite hopeless and scared of any dealings with French.

6. If approved please signal authority to DPRSC stores E Group to issue following stores for centre which we will send for immediately on confirmation from you.

DICKERMAN does not seem to have suggested specifically prices methods of finance or commodities available from ITALY in exchange.

2. Please request ALCOM to make a firm proposal on a barter basis offering either foodstuffs chemicals glass or textiles of a combination thereof we suggest 1938 official prices as basis for calculation. Such an offer would now need to be considered by quadripartite authority in VIENNA. We are anxious not to encourage transactions of a strictly zonal basis though this not precluded as last resort. Understand some difficulty in obtaining permission from Captain of port BRINDISI backfilling approximately 4000 tons pierced steel plank to be used in flatting vessels at BRINDISI. Such backfile is necessary to guard against ship delay incident to any rail interruptions and should not be objectionable. Very possible this is due to changeover to civilian operation in connection with which the Italians captain of the port may need guidance from General MATTEINI. Cooperation will be appreciated.

Reference is PENBASE cable C 269 dated 28 August current and your reply there to in MTOUSA cable C 16720 of 4 September.

Disposal of requisitioned Italian vehicles cannot be accomplished in accord with provisions of Par 3 of MTOUSA supply directive number 70. Italian Government agencies designated by Ispettora to Generale Della Motorizzazzione decline to accept vehicles in either FLORENCE or LEGHORN on grounds that they have insufficient personnel and facilities to perform their missi n. Although agencies are willing to sign a statement of refusal as required by Par 13 of supply directive number 70, this Headquarters feels that serious shortage of transportation in ITALY makes it extremely desirable that Italian Government take vigorous action to establish competent organization and sufficient facilities to accept derequisitioned vehicles. If statement of refusal is signed by Italian agencies, present condition of vehicles would make it necessary in best interests of US ARMY to salvage them rather to declare surplus to ANLC.

Request ALCOM be directed to consult with Italian Government officials and advise this Headquarters of results of conference as soon as possible.
