War department considers that medical corps, dental corps, and army nurse corps officers are surplus to overseas theaters when medical work load in theater no longer justifies their retention.

Refer section three war department circular 307 current series.

Return these surplus medical corps, dental corps, and army nurse corps personnel to the United States by the fastest possible means regardless of their point score or the point score of the personnel displaced by them. Retention overseas of idle medical corps, dental corps, or army nurse corps personnel is not acceptable.

Request acknowledgement of this cable and estimate of number of medical corps, dental corps, and army nurse corps personnel to be returned monthly through June 1946. Unquote. Report by cable to Penbase, attention surgeon, showing separately the number medical corps officers, dental corps officers, and army nurse corps personnel which you estimate become surplus to your commands each month, December 1945 through June 1946. The instruction contained in AFHQ letter referred to in F54657 were fully considered prior to issuance.

Reference AFHQ 54567 dated 27 November and your 8861 dated 30 November, refer. They were not directed against the Milan Economic Group as such but against the functions being performed by that Group. Any reorganization which continues that functioning is considered an evasion of the instructions issued. In order however that there be no possibility of misunderstanding of the economic functions being carried out away from Rome and the necessity therefore, it is desired that you present the case in full as a matter of urgency. Both Voce and Lavoratore hope committee National Liberation will be basis new Government; Palmiro between them largely in familiar tones involving more local attitudes than Italys problem. Both seek implicate Allies. Voce by saying any rebirth Fascism in Italy due their "ineptitude" and mishandling Venezia Giulia. Lavoratore citing international reaction as supporting Italian reaction in threatened rupture national unity.

Socialists on 27th touched off spate of public statements by Italian parties. They blamed crisis on Liberals with Nenni complicity, urged local members resign both there, and advocated formation new government without Royal "interference". In reply Nenni sharply criticized Socialists, denied Nenni responsibility without fixing it elsewhere, asserted their support of De Gasperi and National Party leadership. Action party blamed Liberals, Nenni, declared crisis, restated programme ducking Sovereignty issue, warned support of Monarchy and reaction would constitute betrayal Trieste. Observers agree most Italians here undisturbed, preoccupied with own problems. Demonstrations reported elsewhere absent here. Real reaction likely follow establishment new government which will be analyzed in terms its attitude Sovereignty issue. Kingdom predominance and Nationalism likely increase if new president rightward from Parri but not effect on rigidity opposing National stops possibly all in view position of Socialists and action who however unlikely completely break from COMM. Other hand president of same tone as Parri or leftward would encourage Leftish Italian parties to hark to recent whispers Communist mal-action arising from feared loss of strength as Italian Nationalists become bolder. ACTION. AGWAR WASHINTON CABINET OFFICES LONDON
INFO. 2 DISTRICT ALCOM ? USFET

To Agwar for Combined Chiefs of Staff and to Cabinet Offices London for British Chiefs of Staff.

This is Naf 1096. Reference NAF 1090. After further discussion with General Juin he informs me that the matter of Italian Troops on the Franco-Italian Border is being taken up on Governmental level. I have agreed not to allow Italian Troops other than Caribinieri to enter a 15 mile belt along the Frontier pending discussion of this matter by the Governments concerned. I cannot however defer the withdrawal of Allied Troops from this area any longer and General Juin has been informed accordingly. I am prepared to accept the fact that until a decision is reached there may be no Troops other than Carabinieri in the FrontierXXXXX Zone.

1. Subject is Italian hides.

2. Ministry of supply wishes to arrange for available exports of Italian hides and croupons to be taken by wited kingdom, united states and pre war importing European countries. 2 representatives of ministry of supply leather control messrs F. E. Martin and Geofrey Harvey will visit ROME for discussion on opening up of exports with Italian authorities responsible for organization of the hide busines

3. US have been consulted and have agreed. Destrable that discussions be attended by 1 or more of the Americans, presumably from the embassy. Italian authorities may wish to consult members of Italian hide trade in order that definite proposition can be submitted for discussion.

4. Date of visit about fourth or fifth December. Representatives will remain only long enough to ascertain hide position but conference with pre war hide exporters, if they can be vouched for, might be useful subsequent to official discussions. If large quantities of hides are available representatives hope to inspect on the spot possibly at MILAN, TURIN and FLORENCE. Whole visit

5. would be greteful if representatives could be afforded all necessary facilities for accommodation and trabel in ITALY and also for return by air to uk immediately investigations complete

6. Report from WASHINGTON indicated that Italian authorities intend to allow export of 300 tons of croupons this month. Italians should realise that exports of hides should only be made in accordance with combined boards decision as they are reserved commodity.

Text of your FX 34047 of 28 November has been communicated to Col Bowman who in view of information it contains wishes to withdraw his request for detached service in the United States. He notes that it is the intention to release him from his present duty when the several Provinces in Northwest Italy are returned to Italian control, but would be grateful to know precisely what his future will be when released. Meanwhile I have given Col Bowman 3 days leave to pay a visit to Milan which he had planned to carry out en route to the United States. I should be grateful if I could be informed as soon as possible the approximate date on which it is anticipated that Col Bowman will be relieved in his present duty so that I can make plans accordingly
