Para 1. Set out below is signal from [illegible] Frankfurt signed MURPHY copy not to you. number AG 3685 (en clair).

(1) Appreciate Czechoslovakian situation but not possible at this time to increase allocation from France to Czechoslovakia above the 2000 tons per day already granted. Rail paths over the North/South line are at present congested by the movement of essential coal so that it is not necessary to eliminate other vital United Nations movement to ensure continuous coal deliveries.

(2) The movement of 1000 tons per day from Hamburg to Czechoslovakia entirely through United States zone cannot be accepted at the present time for the same reasons given in para 1 above. It is urged that direct route from Hamburg through Russian zone be considered. However the movement of 1000 tons per day from Hamburg in British area of the Rhine rolling stock through Hehm to Aschaffenburg Depot at which point Russian will accept for onward movement through Russian zone is acceptable provided British agree this movement can be handled without interference with shipment of coal and other supplies to the United States zone.

(3) Possibility of moving wheat from a French southern port on East-West German rail lines to Czechoslovakia is being investigated. Request advise if such a procedure is acceptable provided adequate rail tonnage can be secured.

(4) The movement of 2000 tons per day via the Rhine and Main to Aschaffenburg cannot be favourably considered at present Rhine traffic is practically at a standstill due to low water conditions. Any Rhine traffic in the United States zone which can move must be allocated to coal.

(5) The question of United States tank cars for the movement of 20000 tons per month of petroleum oil and lubricants within the present allocation of 60000 tons per month is at present time being investigated and you will be further informed shortly.

(6) Attention is invited to standing operating procedure number 67 and to circular 155 both published by this HQ which lay down the method by which bids for movement are to be submitted. Office of Relations with Military Occupation Authorities Brussels is in possession of these documents. Appreciate if if further request for movement through the United States zone be channelled through your Brussels office and submitted in accordance with standardized procedures. [illegible]

Para 2. Continued on page 2.

Para 2. Reference above signal from USFET request you state whether movement outlined in Para 2 of this signal 1000 tons per day from Salzburg to Czechoslovakia via Selzu and Klagenfurt Gorlitz thence through Russian zone is acceptable in view of USFET assurance that Russian authorities will accept for onward movement through Russian zone. Request if this route agreed acceptable if freight can begin soonest possible.

Para 3. Reference your [illegible] and in dated 30 November. Bids for January are being solicited in accordance with this through [illegible] without specifying routes or ports desired for conveyance as indicated by your letter.

(3) In view of procedure adopted in case of Italo-Swiss payments agreements namely Italian Government informed of US/UK attitude through embassies, should the Italian Government hence forward be required to consult the US and UK embassies and not Allied Commission, in the first instance.

(4) It is understood that Italian external assets maybe used for purpose of paying debts incurred prior to 10 June 1940 according to text of notes verbale relative to Italo-Swiss payments agreement. For Combined Chief of Staff and British Chiefs of Staff this is MAF 1099.
For Combined Civil Affairs Committee this is MAT 963.

(1) I have conferred with the United States and British ambassadors, USSR., and the Deputy President Allied Commission on TAM 719. Reply will be dispatched tomorrow, 12 December. The basic principles of that signal are agreed but the advisability of the transfer of these sub-commissions listed in Para 2 (C) to all this questioned. The basic conception of my agreements the signal was that there would remain in Rome an AMG Headquarters for daily contact with the Italian Government.

(2) It is my understanding that nothing in paragraph #2 of TAM 634 prohibits the existence in Rome of an AMG Headquarters to maintain daily contact with the Italian Government in connection with AMG matters pertaining to these provinces under Military Government. In view of our comprehensive use of Italian Government machinery as the instrument for imposing military government, no other satisfactory solution is now apparent.

Your cable O 43984 and letter 18 October 1945, subject P passage through ITALY of civil supplies for AUSTRIA. It is the opinion of the HC that civil supplies for UNITED STATES and British zones AUSTRIA should continue to receive free transit through ITALY under terms of Armistice with ITALY. Pending decision of GCS, no objection to Italian government recording costs of such transit with view to eventual charge against Austrian government as part of occupational cost. When occupation costs are eventually paid by AUSTRIA to U[redacted] K government, these governments would presumably reimburse ITALY for transportation costs in question. Attention is invited to fact that FRANCE is not a party to Italian Armistice and therefore it appears adjustment of transportation costs relative to supplies imported to French zone AUSTRIA is subject for negotiation between French, Austrian and Italian Governments.

Reference my signal OET/67918 of 1 December to Hemo ERITREA copy to you concerning repatriation Italians to ERITREA. Consider suggestion in Eritrea signa No.CA 8 29 November copy to you that such repatriations should be limited to old colonials and special Vatican cases sound in principle since this would lessen discontent among rival claimants minimise political reperousstions among indigenous population and avoid possible necessity for double repatriation. Realise however that repatriation of 12 person thus exluded was previously agreed and do not wish to upset Italian Govt and risk prejudicing scheme for larger scale repatriation to Italy. Am therefore prepared to leave final decision to you as to whether acceptance these persons is necessary in light of foregoing considerations. Signal decision.

SECRET.

REFERENCE BELGRADE EMBASSY SIGNAL 890 OF 4 DECEMBER.

A. ASSUME JUGOSLAV GOVT NOTE IS RESULT OF DIPLOMATIC ENQUIRIES MADE TO BELGRADE AS RESULT OF OUR LETTER 5819/G DATED 22 NOVEMBER TO AFHQ ONLY ON SUBJECT OF JUGOSLAV ISSUE OF IDENTIFY CARDS IN ZONE B. HAVE JUGOSLAV GOVT BEEN OR WILL THEY BE INFORMED THAT THIS HQ WILL INITIATE SECURITY CONTROL ON MORGAN LINE WEF 15 FEBRUARY 46 TO DETRIMENT OF PERSONS RESIDENT IN ZONE B NOT IN POSSESSION OF IDENTIFY CARDS. YOUR UNNUMBERED LETTER OF 1 DEC DOES NOT COVER THIS POINT.

B. FOLLOWING ARE OUR COMMENTS IN A/M SIGNAL BY PARAS.

1. APPENDIX H TO DUIBO AGREEMENT STIPULATES IDENTIFY CARDS ARE REQUIRED FOR CROSSING OF MORGAN LINE IN EITHER DIRECTION BY RESIDENTS OF BOTH ZONES. IN THIS CASE TRAVEL PERMITS ARE SUPERFLUOUS AND FURTHERMORE LOCAL CIVILIAN AUTHORITIES ARE NOT EMPOWERED THROUGHOUT A MG AREA TO ISSUE SUCH PERMITS.

2. TO ENTER ZONE A JUGOSLAV NATIONALS MUST OBTAIN PERMIT FROM ALLIED AUTHORITIES VIDE APPENDIX H PARA 4B.

2. AGREED BUT CONSIDER DESIRABLE EXISTENCE OF OTHER MACHINERY MORE ACCESSIBLE THAN IN BELGRADE.

3. AGREE TO LOCATION OF PERMIT OFFICE IN SLOVENIA WITH REPRESENTATIVE OF THIS HQ WITH W/T LINK BUT WOULD SUGGEST LJUBLJANA MORE PRACTICABLE AND CENTRAL THAN SKOPJA LOMA. PERMIT OFFICE COULD THEN BE LOCATED WITH OR NEAR BRITISH CONSULATE LJUBLJANA.

SECRET

C. CONCLUSION. CONSIDERS ESSENTIAL CONDITIONS FOR ESTABLISHMENT OF SUCH PERMIT

Declassified E.O. 12356 Section 3.3/NND No. 785017

OFFICE ARE 1. ISSUE OF IDENTITY CARDS IS ZONE B BY JUGOSLAV AUTHORITIES.

2. ESTABLISHMENT BY JUGOSLAVS OF SIMILAR MACHINERY FOR ITALIANS TO APPLY FOR ENTRY TO ZONE B. IN OUR OPINION THIS SHOULD BE THE JUGOSLAV MILITARY MISSION WITH 13 CORPS WHICH IS NORMAL LIAISON CHANNEL WITH 4 JUGOSLAV ARMY WHO CONTROL MILITARY GOVT OF ZONE B. AT PRESENT THE MISSION EXERCISES THIS FUNCTION OCCASIONALLY ALTHOUGH IT WAS NEVER PRECISELY PRESCRIBED IN ITS TERMS OF REFERENCE ALL IMPORTED.

GHQ CMF FOR CIVIL AFFAIRS INFO: USFA ALCOM ROME BARS

UNCLASSIFIED.

Your D842138 of 29 November and your C 43984 of 5 December. Subject. Passage through Italy of civil supplies for Austria 1. It should be remembered that almost the whole of the services rendered and transport involved in the carriage of civil supplies to Austria are in Trieste and on the L of C from Trieste to Austria and that this area is still in British military occupation. It is plausible argument that the services rendered are services to Austria but in fact they are incurred in connection with the movement of civil supplies imported as a military necessity for the prevention of disease and unrest in a British area of military occupation. The service rendere therefore is only indirectly to Austria. The direct recipent being the British military authorities.

2- It seems probable that UNRRA will shortly be undertaking responsibility for civil supplies for Austria. The cration of a new method of financing the cost of transport of civil supplies for Austria through Italy between the present time and the assumption of UNRRA responsible seems unnecessary so long as the obligation can reasonable be recognised as a fair charge on the Italian Government as part cost of the occupation. We therefore recommend no change in the present procedure until UNRRA becomes responsible.

Subject is promotion rules for reliefs during lisp etc in answer to queries as to when promotion considered essential. It is considered that cases where promotion of Officer or soldier in replacement of sleave casualty is essential are extremely rare and never unless absentee officer or soldier will be away for more than 61 consecutive days. Although it may be alleged that the man doing the work should get the pay it is considered that officers and soldiers who have rendered good service should wherever possible be able to take their leave on full pay including command and staff pay in their present rank. As the absentee officer remains on strength there can be no claim under ACI 1498 od 1941

BRITISH EMBASSY BELGRADE FROM MILITARY ATTACHE
AFHQ INFO:BTA,13 CORPS, ALCOM, ACABRIT

SECRET.

1. - We have received note from Jugoslav Government to the effect that in accordance with Duino conference Jugoslav officer commanding zone B has issued following instructions relating to passage over the demarcation line between 2 zones. Relative text of the note reads as under: " 1. All persons residing on territory of the zone B shall be able proceed territory of the zone A if they are in possession of regular travelling permits issued by local civilian authorities: similarly all persons residing on territory of zone B if they are in possession of travelling permits issued by local civilian authorities. 2. All persons residing outside zone B on the territory of the democratic federative Jugoslav shall be able to obtain travelling permit to proceed zone B and to zone A at special offices in federate ministries of the interior have offices of Serbia Croatia and Slovenia, ".

2. Note goes on to suppest that the American Consulate general in Zagreb and the British consuls in Belgrade and Ljubjanda might be regarded delegate by the British military authorities to deal with permits authorised in zone A. Already explained verbally to Yugoslav officer that the project cannot repeat not be acceded to as such passes can be issued only by Allied Military authorities and that they cannot therefore be obtained through diplomatic channels.

3. Permits office already exist in Belgrade and at present any yugoslavs from Zagreb or Ljubljana have to be cleared through this; hence reasons for this note are quite clear since to date any individual requiring permit has been obliged to travel to Belgrade. Further permits office situated in Ljubljana might

have vital advantage however. Fact that the actual process of the issue or refusal of permit would much speeded up is obvious but further to this it is suggested for your consideration that you may wish to have your own representatives in that town. Yugoslav government are clearly most anxious that permits should be issued from Ljubljana? and should you agree request you will start with an advantage and a strong bargaining counter. For example you would be in a position to insist that the permits officer had his own S/T link to 13 Corps and AFHQ and that he had complete freedom of movement in his own transport across the line.

4. - Report whether early views on the above would be much appreciated.
