Declassified E.O. 12356 Section 3.3/NND No. 785017

SECRET:

This is Com 355.Flour and wheat shipment for Italian consumption From September 1 through December 31.1945.Inclusive total flour and wheat tonnage of 747.000 tons is called for by requistions YT and YB.This amount includes wheat.641,000 tons bagged flour.106,000 tons.By end of 1945 there will have been shipments of about 14500-ton amount flour applying on above requistion.Estimate of wheat shipments be end this year 492,000 tons,leaving ton shortage of wheat andflour in amounts of 149,000 and 91,500,respectively.Expectation that wheat amounting to about 149,000 tons or 18 cargoes against loadings for December will be postponed to forst 2 weeks next year.There will have been movement all wheat commitment (641,000 tons)provided that January sees these last 18 cargoes moved.No present flour availab lity for many reasons,one of which is United States bag shortage.Expected that in completion of entire program of fee there should be 91,500-ton flour movement second half next month and early February.Obvious from proceding information that almost entire unshipped backloss for September through November are of flour which could not be obtained.

Impossibility to divert to Italy wheat vessels to make up shortage applying on fee schedule,due to amount grain committed by United States to schedules of other Nations necessary quantity to level of consumption now in effect much greater than 1817 temporary January scheduling Unrra cargoes wheat.Better scheduling of allotted amounts now being attempted by all means.

We ask your opinion as to how rationing of bread for Italy may be effected by above-listed shipment plan.

TROOPERS FOR CCLB AND Q (M) 3, BTA FOR ACA LIAISON.

UNCLASSIFIED.

Reference your 10135 dated 15 December. Your para 4. One receiving troopers notification that a bid has been approved and items are available for shipment, you should call forward by cable direct to source nominated by troopers (copy to AFHQ) Stating sub para A. Desired phasing of arrivals that is actual month or months during which you wish specific quantities to arrive, where necessary saying whether early or late in month. You should allow sufficient time for loading and transit: call forward before 10th each month, for loadings during following month, and arrival about 4 weeks after loading. Shipment may not always be according to your requests, but will however serve as guide to troopers.
B. Consignee. As consignments may not always be routed through Trieste consignee should preferably be end user and not "Acabrit Trieste".
C. Shipment should be requested "to Trieste" , but actual routing necessarily governed by lifts offering and tonnages for shipment.
D. Markings. Gen 88 and troopers Q (M) 3 of 5 sep 44 authorised inclusion in markings on al packages, of letters "Tog", "CA" in red, and 6 inches high. Suggest you request the inclusion of "Acabrit" after "," since above authorised for shipments to Italy.
- Your para 5 not understood. Our signal contains no para 5. If this intended to be monthly return under sub para C (4) of our signal, destre point out that sub para A. that is wanted is statement of import tonnage loading and not tonnage to be discharged. Sub para B. Your estimate does not appear to be based on known calls forward for January arrival.

1. WE AWAIT NEW DRAFT RELEASE BUT IN MEANTIME IT MAY BE USEFUL TO COMMENT ON DRAFT IN MOC 403 UNCLASSIFIED. THOUGH WE FELT EMPHASIS OF THIS DRAFT WAS WRONG WE THOUGHT ON WHOLE EFFECT OF ITS RELEASE IN ITALY WOULD BE BENEFICIAL AND THEREFORE DECIDED TO LET IT GO WITHOUT SUGGESTED AMENDMENT IN VIEW SHORTNESS OF TIME.

2. WE FEEL THAT DRAFT GIVES IMPRESSION OF DRAGOONING ITALIAN GOVERNMENT BY ALLIED COMMISSION AND US NOT FREE TO RESUME PRIVATE TRADE UNTIL IT "PROMULGATES NECESSARY LEGISLATION". THIS IS SUGGESTED EVEN MORE STRONGLY IN LASTA SENTENCE OF DRAFT. ITALIAN GOVERNMENT WAS FREE TO START PRIVATE TRADE WITH UK WHEN STATUTORY RULES AND ORDERS AUTHORISING PERSON IN UK TO RESUME TRADE IN GOODS WITH ITALY WERE ISSUED ON 5th SEPTEMBER. WOULD NOT BE OUR PLACE TO INSIST ON ITALIAN GOVERNMENT SETTING UP IMPORT AND EXPORT LICENSING MACHINERY AND EXCHANGE CONTROL AS PRE-REQUISITES OF RESUMPTION OF PRIVATE TRADE ALTHOUGH WE FELT IN THEIR OWN INTEREST ITALIAN GOVERNMENT WOULD WANT TO DEVISE SUCH PROCEDURES FIRST.

3. IT IS NOT CORRECT TO SAY UK GOVERNMENT INFORMED ITALIAN GOVERNMENT ONLY AT BEGINNING OF NOVEMBER THAT RESTRICTIONS ON PRIVATE TRADE BETWEEN THE 2 COUNTRIES HAD BEEN LIFTED SINCE UK ISSUED NECESSARY STATUTORY RULES AND ORDERS

1. CE XIII corps has been aware and can advise you the extent of rationing required. Our signals C42654 dated 1 December your signal CE WKS/148 dated 6 December and your letters WKS/3101 dated 5 December and 7 December refer.
2. Duration of rationing condition primarily by rate of snow melting in southern Alps and secondarily by availability of coal and coke for gas production. March/April 46 is estimate.
3. 30% cut on overall consumption satisfactory.
4. Rationing instituted because shortage of alternative fuel caused consumers to change over to electricity thus overloading system in north Italy.
5. Breakdown on 1 December is regretted and was made by Alcom in conjuction with distwo without knowledge of this HQ. This was explained to your CE and such action would not occur in the future.
6. There is not central electricity board. Until 30 November 45 there was an electric power committee which was responsible to the AFLRS board. This committee controlled power in central and southern Italy but was not responsible for electric power in the area north of the Appenines. Nothern Italy still subject to military control and responsibility for control of electric power is vested in CSS XIII Corps and distwo. Distribution of electric power is be dealt with on national basis and control of electric power however must parochial basis. Only Alcom have national picture therefore essential your CE effects close liaison with them.
7. Italian Government have now taken over military responsibility for control and allocation of electricity in central and southern Italy subject to military needs which have priority. Understood through Alcom that Italian Government to set up a central electricity commission to control power in central and southern Italy.

Appropriate military agencies will be represented on this commission. When North Italy is handed back to Italian Government control this Commission will presumably extend its jurisdiction to cover those areas of North Italy handed back to the Italian Government.
