Subject steps coal for and ent railway. Reference is made to instruction sent by Ministry of Industry and Commerce by signal to local office. Reduction to 50 per cent to and ent railway on coal will not allow movement of military traffic for allies and movement of Labourers for Allied establishments. Prompt action will avoid stopping of service as delayed supplies are already affecting movements on the railway.

ALCOS (COAL SECTION) COPY TO INDUSTRY AND COMMISSION EXECUTIVE

COMMISSIONER

UNCLASSIFIED.

Fiat Plant, Turins, biggest employer of labour, about 40,000, faces a total shut down on account of no coal. Ministry of Industry at Rome reports no allotment of coal available for this plant, due to reduced imports. Request strongest action by Allied Commission in cooperation with Ministry of Industry, to make available 40,000 tons per months in order to keep plant in operation. Total shut down of Fiat would have serious political and economic effects. 3 days supply of coal now on hand. Waiting reply for action taken.

1.Subject is repatriation to Italy.Approx 1000 italians recruited in Eritrea and employed by US Authorities on projects in Arabia will be returning in February by ship chartered by americans who state it will probably be possible for those who wish to return to Italy to be conveyed direct on same ship together with their families who can be embarked at Massawa .Exact figure not available but probably about 1500 persons would be involved.2 . As most anxious take advantage this opportunity for direct repatriation in order to avoid increase of unemployment already made more acute by closing of dockyard. 3 . We not consider that these numbers should be deducted from 3000 awaiting selection by italian representatives. This would cause grave dissatisfaction and aggravate situation caused by delay in trasporting lorry drivers. 4 .If scheme accepted Eritrea will endeavour ensure as far as possible all italians who go to Italy from Arabia are in position support themselves on arrival. Owing short time available it will not be possible despatch nominal rolls in advance. 5 . Request you seek Italian Government's approval to above scheme in addition to 3000 already agreed.It is presumed that bill for cost of passage Massawa to Italy would be presented by americans to Italian Govt for settlement on similar lines to arrangements in force for organised repatriation Eritrea to Italy. Please confirm. 6 . Please treat as urgent.This opportunity may not occur again.

CONFIDENTIAL.
Reference AFHQ signals FX 58666 and FX 58669 of 15 January and Belgrade signal 165 of 17 January.

1. In view of our intention to impose movement control on morgan line on 15 Feb consider estoblishment of permit office in Ljubljana by that date most destroble. After discussion here on movement problems with Major Simmonds 24 January Capt Earle of this HQ will convey our views to BMA Belgrade as soon as permit for his journey is received.

2. Telegraphist and clerk cannot be found by this HQ owing to known shortage. If officer has to be found by this HQ this will have to be 1 of the only 2 Serbo Croat speaking interpreters in the corps. In this case he will have to cease his interpreter duties which fact we will accept in view of desirability of estoblishing permit office in Ljubljana. This officer however will only be able to work part time in Ljubljana and it will therefore be necessary to obtain definite Jugoslav agreement that he has unrestricted right to travel Trieste - Ljubljana.

3. Necessary equipment incl W/T for office in Ljubljana and link at this HQ will be provided by us.

4. Before any further action is taken by us it is necessary to have Jugoslav permission for (A) permit office in Ljubljana (B) W/T link at this office (C) Unrestricted travel to and from Ljubljana for office personnel. Will you inform us when this permission is obtained and also where telegraphist and clerk will be found.

Subject is control of movement across western boundary of Venezia Giulia.

1. At present permits for travel in both directions across this boundary are issued by the Venezia Giulia police and by ANC officers in Venezia Giulia and Udine province. The police alone issue an average of 1300 permits daily. In addition A C Rome issue a limited number of permits and questore throughout Italy makes innumerable applications to the Venezia Giulia police by telegram.

2. Owing to the number of applications and fact that many arrive by post they are not screened by P S S. Present policy is to allow alla applications provided names do not occur on black list of security organizations and provided reasons advanced are not obviously false. This means that the system of control is largely nominal. We are however committed by AFPX M of the Duino agreement to ensuring that italians non resident in Venezia Giulia obtain the approval of the allied authorities for entry into zone A. This entails the maintenance of a control on the western boundary which is also desirable for security reasons.

3. The present volume of applications now exceeds the capabilities of local authorities and makes it necessary to review both the grounds for and means of issue of permits.

4. May experts on travel and frontier control from AFHQ and A C be despatched here soonest to confer on the above. A C letter C B I 389 - 306/185 of 7 Jan subject entry into Venezia Giulia from countries other than Italy addressed Venezia Giulia police and not to AFHQ can then be discussed at same time.
