It is noted that basic cost of items invoiced exceed CAD basic cost and allowance schedule appendix a dated 31 January 1944. Most of cases wood packing alone amount to 7 per cent of total value also some 15 per cent freight is charged. Please signal if we have to add all these costs to our ex warehouse prices or if new price schedule is in force. Message ends. Subject is medical stores prices and ref your 414.7/Y of 7 May. British price list received with stores but attached letter does not answer our signal UDI/S/77 which asks about prices in CAD schedule appendix a dated 31 January 1944. For example 10 GDSMS charged lire 198 exclusive packing and freight for sodium acetylsalicylicum while CAD schedule only 43 lire. We have no price list to cover supplies received from 10 GDSMS also please advise which exchange rate of pound sterling you are charging us. Ref HQ ALLIED COMMISSION letter GI (SV)/496/OR dated 6 May 46 on subject of SGT FRANCIS. Agree with HQ ALCOM that posting of this NCO would be useless. In view of very weak state of this office and unit orderly room the importance of either fully trained and experienced clerks ~~for~~ short term policy of of good young clerks who can be trained for long term policy cannot be overstressed. Therefore make following suggestions. Cancel posting SGT FRANCIS this HQ will promote CPL of A/S GP 41 to fill vacancy it is the essential you find first class typist if possible short trained and of high A/S GP who will be trained by this HQ. Must request you give every possible consideration to this signal as on 1 June this HQ 3/ will only have 1 clerk with experience of BDE work and he is also our only typist
