Reference your 4662 dated Amb 13 Corps not to AFHQ.

1. Requisitioning of accn in question is already being dealt with by this HQ in accordance with normal mil procedure : contention that provision accn for authorised mil families is not strictly mil reason is not accepted.
2. In view political aspect of protests facts had already been referred to AFHQ and confirmatory authorisation received personally from D/Sac.
3. For our info the allegation that civ families are evicted and left without alternative accn is of course unfounded.
4. Tendency of local political orgs to despatch simultaneous protest to several different Allied Authorities causes much unnecessary work to all concerned which can only prejudice the appeal. This case correctly presented locally but also transmitted to President of United States. Grateful if you would word your reply to : to discourage their multiple address methods in future.

2. Realize Italian Government responsible for its travel control regulations but at same time we consider they would be prepared to exempt further categories of travellers from necessity of having Italian entry visas if urged.
3. Please point out to Italian Government that so long as our lines of communication cross Italian frontiers it is of mutual benefit that certain types of travellers should enter ITALY without restricted. This applies particularly for example to UNRAA personnel.
4. Grateful you approach Italian Government again and endeavour to obtain their agreement to exempt following categories of travellers from necessity of having visas in addition to those listed in paragraph 2 of signal under reference.
5. (A) Russian and French service personnel on duty. (B) British and US nationals employed and paid by UNRAA British council and PWB.
