Cannot trace acknowledgement of our signals BGCC 10604 dated 24 July and BGCC 13022 dated 17 September request reply urgently 2. The Papal mission at Kronberg has represented through the Caritas Union to the Combined Repatriation Executive the assurance of his excellency Bishop Muench. That the Papal ambulance train may certainly be used for movement of persons of all nationalities requiring hospital care in transit they have no telegraphic communication with the Vatican and therefore request the assistance of the Allied Authorities in getting in touch through the State Secretariate with the Vatican. 2. Should be obliged if you would obtain and relay to CRX on behalf of the Allied Control Authority Germany confirmation of what is exactly required by the Vatican authorities together with technical details of the train offered. 4. Will you please point out that as regards the transfer of the German population from Poland to the Soviet and British Zones of Germany the movement to the British Zone has been drastically reduced until further notice and there is rarely any accommodation ²⁵ for present conditions for train loads of institutional cases.
