" Subject in British Military trains Italy-Austria.
2. Italian frontier guards at Tarvisio are boarding British Military troop trains for checking purposes.
3. Families train has been stopped on 2 occasions for an our and guards have demanded individual passports.
4. Request immediate action be taken to ensure that British Military trains (including families trains) are not stopped or boarded by frontier guards at Tarvisio "
5. Allied policy has been to impress on Italian Government their responsibility for controlling their own frontier with particular reference to admittance of undesirable aliens contrary to Allied interests. Important therefore that every reasonable ~~assured~~ facility should be given to frontier control officials in execution of their duty.
6. There appears however to be no reason for measures described in para 1. You will therefore take steps in consultation with local Italian frontier control ~~authorities~~ ²⁸⁸⁸ and CHD CHD to have unreasonable restrictions on passage of allied military traffic ~~removed~~ removed without delay. Considered that there is no justification for checking of troop trains which are not carrying civilian passengers or cargo or for demanding individual passports from passengers in families trains.
7. CHD CHD will no doubt be in position to give assurances that military trains are checked to ensure that they do not contain immigrants or contraband.
