WEEKLY LETTER NO. 46

Political: Following [redacted]'s visit to BARI Province and report to Government, an official communique was issued saying calm had been restored and there had been no further disturbances and that in ANDRIA and MINERVINO MURGE the representatives of the parties "have pledged themselves to cooperate in the maintenance of order" and in disarmament of civilians. In both towns [redacted] held meeting and stressed importance of concord and respect for law at this crucial time.

PARRI speaking in MILAN (3 July) expressed hope for new accord with Allies giving ITALY a more satisfactory international position. He is reported to have said Allies had reserved right under armistice to decide when ITALY is ready to express an opinion on the Institutional question. Said ITALY's problems today can be summed up: bread, work, order, peace. Stressed urgency of coal supply.

Undersecretaries appointed 3 July as follows: Industry: Ivan Matteo LOMBARDO (Socialist) in place of GRIFFINI as previously reported. Reconstruction: Ernesto ROSSI (Action) in place of FEA as previously

reported. Post War Relief: Ernesto BERARDINONE (Communist).

Refugees — During the week 23,772 refugees were repatriated. 500 Greeks have been repatriated to GREECE from BARI by air.

General Remarks: Electoral lists in AMG territory have to be completed by 15 July, excluding VENEZIA GIULIA. In Central and Southern Provinces under Italian control the completion of the electoral lists is expected by the end of July.

First official notification has been received that cases believed to come from MONTGARGINO are at ALT AUSSEE (AUSTRIA), checking however remains to be done. (Monuments and Fine Arts)

Approximately one per cent of the most important wheat producing area in SARDINIA affected by locusts. Investigation however shows considerable damage to forage and fava by disease and drought. The livestock situation in SARDINIA presents an emergency relief problem. Cattle will be exported for slaughter and forage moved into deficit areas.

Newsprint production in North ITALY at rate of 60 tons a day assured for near time to come. Italian Government has now at its disposal sufficient stocks to cover its needs until 1 January 1946.

Export shipments during week totalled 1,118 tons.

Production of cement totalled 2,140 tons, a decrease of 93 tons on previous week. Production of SARDINIA coal has averaged 1,700 tons a day. A general strike still in force throughout the SICILIAN sulphur mining industry.

The port of SAVONA is operating under Allied Commission and Military control.
