Nr 2

In view unavoidable delay in shipment furniture and since most  
your officer personnel not yet authorized by Dept to proceed  
milan I suggest that unless you feel sharply to the contrary it  
is advisable and I understand Brandt shares my views that  
Consulate not be opened officially before Sept 1 at earliest.  
This would allow sufficient time not only to complete and furnish  
offices but more important to assemble organize and train your  
staff most of whom lack Consular training prior to official open-  
ing which should under no circumstances be premature in view of  
heavy demands which will immediately follow opening. Sent Milan
