Ref conversation Majors KERR-ZALIPSCHEK

Subject is suggested move of Allied Supply Accounting Agency to PARIS for incorporation into combined Civilaffairs Liquidating Agency.

1. Billing and accounting for supplies to Italian Armed Forces could be handed over to army providing supplies.
2. Accounting for A) Pol deliveries to Italian economy after 31 August your 5, B) Billing of Vatican, C) Cost of rehabilitation of Italian State Railways, need not influence final decision as they are not current liabilities but problems awaiting final settlement which can as well be dealt with in PARIS as elsewhere.
3. Billing and accounting for supplies to VENEZIA GIULIA and UDINE after 30 November 45 is a current liability with unknown cutoff date. Considered here that by strengthening Supply Accountin Branch in VENEZIA GIULIA and UDINE that their accounts could as well be submitted to PARIS as ROME after say 1 January 47.
4. If you object to taking on a current liability like VENEZIA GIULIA or UDINE, not considered that any useful purpose served in transferring ASAA or any of its functions to PARIS USA agency is now scaled down to minmumtable of organization war establishment consistent with efficient working.
5. These are our viewa but would be glad to discuss along with all other problems effecting ASAA with Mister MOORE C. MCINTOSH if he can visit ROME.

1. Following is precis of intercept of Press telephone conversation in Trieste District. Information received there are 10 MILLIARDS lira worth of Italian water-marked paper in Jugoslavia and another 6 MILLIARDS worth in hands of private people who got a German engineer to make necessary presses and dies. It was he who discovered that a non-authorised branch of Italian mint existed in Jugoslavia. When collapse came paper and dies were near Trieste as retreating Germans were taking them to Austria. Alleged that German guard handed them over to Jugoslavia in exchange for freedom and money. Jugoslavs gave part of paper and machinery to Tito Government and kept remainder for own use including good supply of (watermarked?) paper.

2. New related subject. On 9 August Venezia Giulia Police arrested 3 persons 2 from Ferrara 1 from Trieste for unlawful possession of 650 sheets watermarked paper used for printing Italian 1000 Lira notes. Information indicates paper in transit Zone B to Milan for printing and return.

3. All above passed for information and as of possible interest to Doctor Tasca.

Following is repeat of WO 65891 SD2(C) of 22 August 46.

1. Following allegation has been made by the Warsaw Polish Government. Foreign Office Telegram 1094(Warsaw to Foreign Office) of 3 July 46 refers.

2. There have been repeated cases of the abduction of Polish children under the ??? UNRRA in camps in Austria by envoys of 2 Polish Corps and their removal to the camp of the Corps in Italy. The intervention of UNRRA with the Allied Commission in the above matter is stated to have produced no results.

3. The Polish Government has requested that arrangements be made to render impossible any new abduction of Polish children from Austria to Italyand also to arrange the release of the children already abducted and their return to their last place of residence.

4. The European Regional Office of UNRRA in London say that it appears that some time this year the US Military Authorities in the US zone(??authority unexpectedly) authorised the London Polish Red Cross to move 150-200 Polish children to Italy and provided necessary movement for each carrying out the plan. Also they say (Not possible) that there has been unauthorised movement by 2 Polish Corps Red Cross of unattached children from Austria to Italy over a period of month (?? June) making further investigation.

ACMAR WASHINGTON FOR COMBINED CHIEFS OF STAFF WHITEHALL FOR BRITISH CHIEFS OF STAFF INFO ALCOM AIR HQ ITALY.

THIS IS NAF 197

1. In view of the fact that civil aviation has not been mentioned in the air clauses of the peace treaty and also that approval was given by you in FAN 649 for the establishment of civil airlines in Italy I assume that there will be no restrictions presumably of internal civil aviation in this country.

2. In NAF 1103 I asked for authority for internal civil aviation including a limited amount of private flying. FAN 649 however only authorised internal civil airlines I therefore request authority to give approval for a limited amount of private flying. for commercial purposes in addition to the British/Italian and American/Italian airlines already approved or under approval by the United States State department and the British foreign office. Do you approve the Italian air ministry proposals which are strongly recommended by me and are as follows.

3. (A) Companies to operate air taxi services carrying freight on non regular schedules for all types of merchandise including perishable goods.

(B) Air taxi service using light aircraft to link up smaller towns and to act as feeders from the main internal civil air line terminals.

(C) A limited number of licenses for private aircraft used by their owners for commercial and business matters and permission to license a few aircraft which will be used in publicity flying.

4. The following are the details for the above.

(A) For the air taxi freight companies they intend to use ten aircraft with a load capacity of between 2,000 - 4,000 kilograms the types will probably be S M 75, S M 82, C 12 or C 47.

(B) The air taxi services will use aircraft capable of lifting loads of under

1,000 kilograms with engine horsepower limited to 200. They do not expect to operate more than 10 aircraft on this service but permission for 15 first line aircraft is sought by air forces sub commission.

(C) There is a demand from commercial and business men to fly light aircraft of under 150 horse power for rapid transportation in connection with their work. The applications at present number 20 but they are expected to reach 50 and permission to grant this number of licences is requested.

(D) Two licences to operate aircraft for advertising purposes using not more than (?) aircraft of low horse power are also requested.

5. These requests are considered justified as they will give employment to aeronautical workers the majority of whom are unemployed and will assist in the rehabilitation of Italian commerce and Italian civil aviation.

6. The above services will be regulated by the Italian directorate civil aviation under the supervision of Air Force Sub-commission. The D.C.A. will issue the necessary certificates of airworthiness for aircraft licences for pilots and will insist on third party insurance and the acceptance of international air traffic regulations by the companies or individuals concerned.

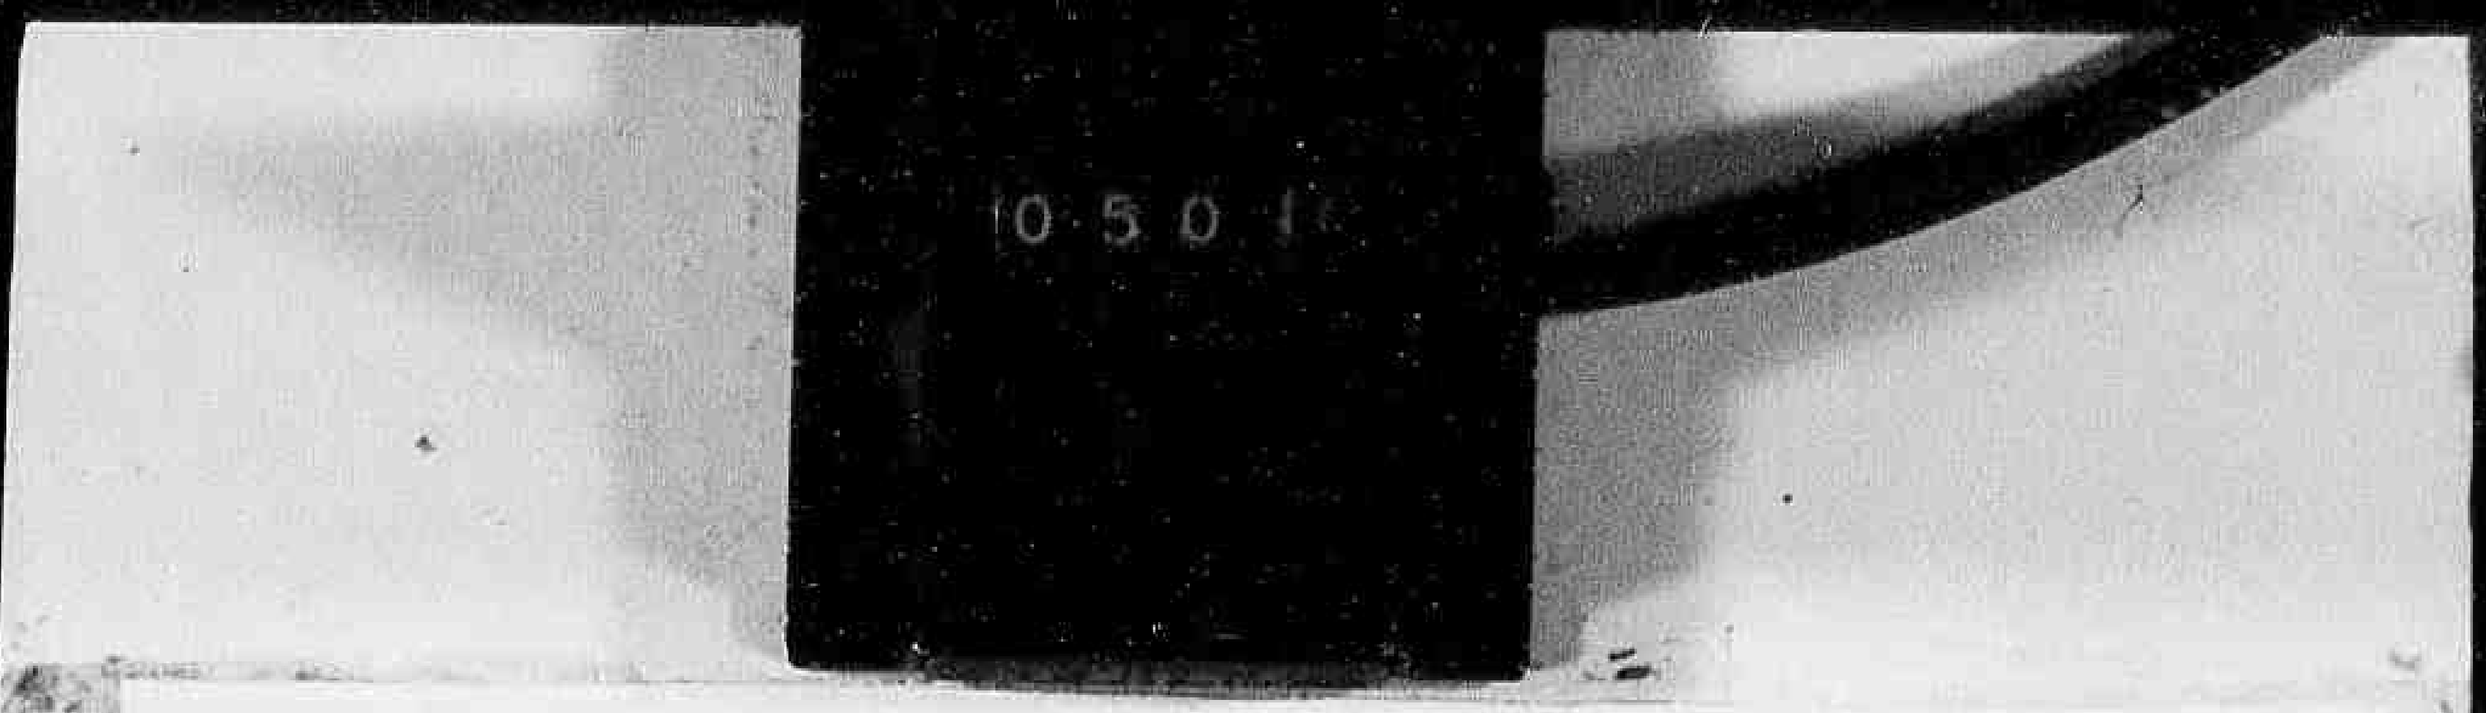

7. May I also be given some indication as to what ???????? the Italians will be permitted to construct civil aircraft.

8. I would be grateful for an early reply.

Reference your 4560 of 13 Aug. Investigation elicits following information. On morning of 7/8/46 upon arrival at check post at San Giovanni al Natisone of train no. 1671 coming from Trieste normal check of all passengers was made. Among passengers was MILYKOVIC VLADIMIR. He produced only an AMG pass and examining soldiers who thereupon requested him to open his bags. MILYKOVIC refused and examining soldier then requested him to accompany him to NCO in charge of check post. MILYKOVIC again produced AMG permit. NCO in charge asked him why he refused to open his bags. MILYKOVIC then produced for the first time a passport showing that he was a diplomatic courier. No further request was at any time made for bags to be opened. NCO in charge of check post request an NCO of railway police who was travelling on train to inform railway police at Udine that a diplomatic courier was travelling on train. As a result of misunderstanding MILYKOVIC was invited to go into the office of railway police at Udine station and train went on. Immediately misunderstanding realised a car was placed at MILYKOVIC disposal to take him to Mestre so that no time be lost. No lack of courtesy shown to MILYKOVIC and only occasion he was requested to open his bags was before he produced diplomatic passport at check post San Giovanni al Natisone. THIS IS FAN 686

Subject is removal of plant machinery from Pola.

Reur C-5219 June 46 and NAF 1159.

Repeated for compliance is FAN 686 quotes-"

1. The issue of a statement of the kind which you contemplate would aggravate the situation by focusing yugoslav attention on it and would have the disadvantage of committing the United States and British Governments to action which time factor and special circumstances might make it difficult in the end to implement. It seems in any case clear that if Pola is awarded to Yugoslavia Italian residents are going to lose such property as they have not been able to move.

2. In the circumstances therefore you should abide rather rigidly by the letter of the Morgan-Jovanovic agreement and should permit transfer of plant and machinery so long as it is not taken out of Zone "A" . There should of course be no question of the Military authorities doing anything to encourage such activities. ".

Principal factors considered in decision to change type of Government introduced in Venezia Giulia by the Yugoslavs were: (A) Belgrade Agreement, which made obligatory use of " any Yugoslav civil administration which is already set up and which in the view of the supreme allied commander is working satisfactorily " but empowered AMG " to use whatever Civil authorities they deemed best in any particular place and to change administrative personnel at their discretion ". (B) AFHQ directive AG387/2070/G-O of 26 June 1945 to 8th Army providing " no step will be taken which support or may appear to support or prepare for any ultimate disposal of the area to any claimant nation " ; " the local Govt through which you will administer. The area will be based on the Italian administrative system which was in effect on 8 September 1943"; "In interpreting the term" civil administration " you should consider that the term relates to personnel employed rather than the system of administration itself ": (C) Conclusion of officers in the field that organs created 25 days prior to withdrawn; of Yugoslav army did not provide for representation of majority or even large minority of population which since confirmed by observations of administration in 9 Jugoslav portion of Venezia giulia and population reaction in our area. (D) Absolute necessity of complete top-level control by military authority to which jugoslav scheme if administered bona fide was not adaptable. TANKS COULD HAVE BEEN CARRIED ON PLATO AS FAR AS BITOLJ BUT AFTER DRIVE WOULD HAVE TO HAVE CONTINUED TO STRUGA AND THUS INTO ALBANIA ON THEIR TRACKS. THE ROAD IN THIS AREA IS POSSIBLE FOR ARMOUR BUT WOULD CAUSE GREAT WEAR. MOREOVER IN MY RECENT RECONNAISSANCE WHICH COVERED THIS AREA COULD SEE NO SIGNS OF TANK TRACKS NOR COULD I FIND ANYBODY WHO COULD CONFIRM THAT ARMOUR HAD PASSED ALONG THIS ROAD.

2. AM UNWILLING ACCEPT FORMATION OF NEW ARMOURED DIVISION IN MONASTIR AREA PENDING DETAILED CONFIRMATION. DO CONSIDER IT VERY LIKELY HOWEVER THAT NEW ARMOURED BRIGADE HAS BEEN FORMED TO TAKE PLACE OF 2ND ARMOURED BRIGADE WHICH LEFT SKOPJE IN FEBRUARY THIS YEAR. THIS IS A REASONABLE EXPLANATION SINCE FROM THIS DATE UNTIL THIS NEW BATTALION 5TH ARMY HAD ALMOST NO ARMOUR. IT IS OF COURSE POSSIBLE THAT 2 NEW ARMOURED BRIGADES ARE BEING FORMED ONE AT SKOPJE THE OTHER AT MONASTIR BUT BELIEVE FOR THE PRESENT WE SHOULD TAKE THE REPORTS OF TANKS AT THE LATTER AS A DETACHMENT OR BATTALION OF A NEW TANK BRIGADE NOW FORMING AT SKOPJE.

1. There are approx 2000 Poles married or about to be married to Italians of these approx 600 wish to remain in Italy. Understand from a telegram to the Foreign Office from Brit Minister Rome Ref No 607 of 27 May 46 that the Italian Government agree in principal to the demob in Italy of Poles who have contracted local obligations by marriage to Italians.

2. It is requested that instrns may be given as soon as possible as to the disposal of these Poles as many of them belong to fmns already moving to U.K.

3. A definition of their legal status is also requested. Any arrangement which might render them liable to interference from the Warsaw Embassy in Rome would be most undesirable and is a source of considerable anxiety to the Poles concerned.

4. For Main Polcorps. All members of Polcorps married or about to be married to Italians who wish to be demobilised in Italy will be held in Italy pending further instructions.
