SUBJECT: Commendation.

FILE No: RKII/000.5(R+D)

At the conclusion of the Schio trial I wish to bring to your notice the excellent work performed by the two agents Theron A. Snyder and John Valentino, both formerly of C.I.D. Fifth Army and now of the office of the Provost Marshal General, HQ. P.B.S.

These two men worked doggedly and untiredly making enquiries in face of determined opposition of a non-cooperative nature. It is largely due to their efforts that the complicated chain of evidence was eventually built up.

I hope that you find it possible to convey to their Headquarters some official recognition of the good work performed by these two agents.

Subject personnel at VENICE.

While port remains military and in view of back loading suggested the establishment should be for Port 1 officer 1 Sgt for depots 3 officers 6 Sgts 12 OR's. In view of NCO's understated to be languishing in replacement depots suggest that attachment be requested on temporary duty. The former policy of accepting any body offered be suspended and any proved unsuitable sent back to depot. The civilian warehouse personnel here prove to be as useless as previously encountered in other parts of the country and unless full military supervision can be exercised delay in the clearance of ships will be difficult to avoid. Major MARTIN has not reported yet.
