Reference your LIG/EG/dated 22 Oct 45.

In the present circumstance of shortage of officers, it has been decided that Capt. G.W. WEST can no longer remain as L.O. with 92 Div.

It is requested therefore that you will pay a personal visit to the Commander, 92 Div, and explain the circumstances to him. Capt. G.W. WEST should then be withdrawn, and ordered to report to G-1 (B) this HQ.

It is appreciated that the work which Capt. WEST has in hand at the moment may suffer to some extent through his withdrawal, but it is regretted that authority can not be granted for this officer to remain any longer in his present employment.

2nd November, 1945

SUBJECT: Lt. J.H. Calda, R.I.N.

TO : Regional Commissioner, Liguria Region

1. Lt. Calda, R.I.N., has been attached to Liguria Region since August 1944. Shortage of Allied Offices has not permitted assignment of an Officer as full time Telecoms Officer of Liguria Region and it has therefore fallen to Lt. Calda to perform such duties. He has done so to the full satisfaction of all concerned.

2. As Lt. Calda is an Italian Officer and has not figured as a member of the staff of this Sub-Commission, his name was not included in the plan for Liaison Officers in the North.

3. It is strongly recommended that you include Lt. Calda in the Italian group to be retained in Liguria Region since it is felt that due to his good command of English and pleasing personality his services will be of great value not only in the telecommunications field but for the general liaison work.

ALLIED MILITARY GOVERNMENT  
LIGURIA REGION

LIG/HQ/151

30th July 1945

SUBJECT : Personnel - LIGURIA Region

TO : Headquarters, Allied Commissioner.

1. With reference to the meeting of Regional Commissioners held at your Headquarters on the 14th July, if there is to be no Allied Commission phase my views are as follows as regards personnel that should remain in LIGURIA Region when the Italian Government assume jurisdiction over it.

2. I consider that the following Officers should remain:-

(a) With 60 Sub Area, GENOA: One Liaison Officer (Br) of the rank of Major.

(b) In IMPERIA Province: One or more Liaison Officers with Allied troops stationed on the frontier. The present South African Unit in IMPERIA Province has recommended three Liaison Officers to cover their three detachments at IMPERIA, SAN REMO and BORDIGHERA. Any Officers approved should be British and not above the rank of Major.

(c) Such Transportation and Warehouse personnel as are required to operate A.C. supplies passing through the Ports of GENOA and SAVONA. The strength of this personnel is, I consider, a matter which must be decided by the Transportation and Food Sub-Commissions of your Headquarters because I am unaware as to what is the policy proposed as regards the responsibility for handling and warehousing of supplies. For instance if all existing AMG warehouses are to be handed over to Italian control then presumably they would be no need for any A.C. warehouse personnel.

assume jurisdiction over it.

2. I consider that the following Officers should remain:-

- (a) With 60 Sub Area, GENOA: One Liaison Officer (Br) of the rank of Major.
- (b) In IMPERIA Province: One or more Liaison Officers with Allied troops stationed on the frontier. The present South African Unit in IMPERIA Province has recommended three Liaison Officers to cover their three detachments at IMPERIA, SAN REMO and BORDIGHERA. Any Officers approved should be British and not above the rank of Major.

(c) Such Transportation and Warehouse personnel as are required to operate A.C. supplies passing through the Ports of GENOA and SAVONA. The strength of this personnel is, I consider, a matter which must be decided by the Transportation and Food Sub-Commissions of your Headquarters because I am unaware as to what is the policy proposed as regards the responsibility for handling and warehousing of supplies. For instance if all existing AMG warehouses are to be handed over to Italian control then presumably they would be no need for any A.C. warehouse personnel.

The same remarks apply to Truck Pools - Officers to supervise would be required in any instance where such Pools have not been taken over by the Italian Authorities.

(d) One Railway Transportation Officer. This recommendation is made on the assumption that some supervision over railways by A.C. will be necessary at that stage. At present the responsibility is solely one of Q Movements.

(e) Such personnel of the Displaced Persons and Refugees Sub-Commission ~~xxx~~ as are required to supervise the administration and movement of Allied Nationals. I recommend that responsibility for Italian refugees should be assumed by the Italian Government though some special

(See 54.1/Est) /special.....

special arrangements might be necessary to facilitate the use by the Italian Government of any transport agencies which were still under Military or A.C. control or supervision.

3. As regards the question of the supervision of the preparation of the Electoral Lists which is raised in your H.Q. letter AC/45/A/16 of the 20th July 1945, in my opinion supervision by Allied Officers of the preparation of these Lists could not be carried out effectively once AMG is withdrawn and would be unnecessary after the preliminary supervision exercised up to the date of handing over to the Italian Government.

In the event of it being decided to have Officers assigned for this supervision I consider that two Officers (not above the rank of Major) per Province would be necessary. Liaison Officers with the Military Authorities if present in the Province could act as supervisory Officers. Each Officer would require a car and a driver.

Reference your 2055 of 18 July quite impossible find replacement for Lt Col HAMILTON from own resources. Region is losing officers steadily without replacement. LUCCA Province has suffered through constant change of provincial commissioners and matter is complicated by fact that no official instructions have yet been received as to date of withdrawal of AMB from province. Consider that HAMILTON should remain until withdrawal of AMB if this is near date but if he must be replaced now a successor should be sent immediately to whom he can hand over.
