My recollection of this case is that as soon as the final decision was made for the exchange of Capt Kazziano and Major Aurisi I requested that the necessary order be issued. When these were received Venezia Major Aurisi was employed on a personal court. As soon as it was ordered he left for 13 Corps HQ. where he was. My dear Mr. Prime Minister:

I refer to letter 38310/19.10 of 19 June from Signor Benoni concerning Lieutenant Colonel Hensley.

The Commission appreciates the desire of the Prefect of Florence that Colonel Hensley remain in his present post, that he might assist in the task of reconstruction there. Unfortunately, military necessity dictates Lieutenant Colonel Hensley's removal to a position in Allied Military Government territory. The Commission, therefore, must regret its inability to accede to the request contained in Signor Benoni's letter.

Sincerely yours,

/s/ Ellery W. Stone

Draft by

The ~~Chief Commissioner has directed~~ that I make reply to your letter 38310/19.10 of 19 June, concerning Colonel Hensley.

The Commission appreciates the desire of the Prefect of Florence that Colonel Hensley remain in his present post, that he might assist in the task of reconstruction there. Unfortunately, military necessity dictates Colonel Hensley's removal to a position in Allied Military Government territory. The Commission, therefore, must regret its inability to accede to your request. Contained in Maj Brann's letter.

Very truly yours,

E. M. PARKIN,
Colonel, Inf.

38310/19.10

Rome, 19 June 1945

Dear Admiral Stone,

The Prefect of Florence told me of the good work done in the interest of the Province by Lt. Col. HENSLEY, Provincial Commissioner, with the post of liaison officer between the Italian and Allied Authorities.

Lt. Col. HENSLEY's knowledge and comprehendion of local problems as well as the very great sympathy of the civilian population for him are a guarantee that the hard work for reconstruction which was started there might greatly benefit by the action and help of this superior officer if he happened to remain in this town, even after it was handed over to the Italian administration.

"ill you kindly ask the Allied Commission to examine whether it is possible to meet the wishes expressed by the Authorities and by the population of this Province, allowing the said officier to keep the post he has at present.

Thanking you for any answer on this subject, I remain,

Il Presidente
del Consiglio dei Ministri

Roma, li 19 GIU. 1946

Mio caro Ammiraglio Stone,

dal Prefetto di Firenze mi è stata segnalata la proficua opera svolta nell'interesse di quella Provincia dal Ten.Col. HENSLEY, Commissario Provinciale con l'incarico di ufficiale di collegamento tra le Autorità Italiane e quelle Alleate.

La conoscenza e la comprensione che il Ten.Col.HENSLEY ha dei problemi locali, nonchè la vivissima simpatia di cui gode presso la popolazione civile, danno pieno affidamento che la faticosa opera di ricostruzione colà iniziata potrà trarre indubbio giovamento dall'azione e dall'aiuto di tale Ufficiale superiore, ove egli continui a permanere in detta città, anche dopo il passaggio di essa all'amministrazione italiana.

La prego pertanto di voler cortesemente interessarsi perchè la Commissione Alleata esamini con la maggiore benevolenza la possibilità di venire incontro ai desideri espressi dalle Autorità e dalla popolazione di quella Provincia, consentendo che il predetto sia conservato nell'incarico che attualmente occupa.

RESTRICTED.

1. When agreement for freight handling charges in port is approved as recommended by Air Commodore BENSON the working of port should be assured with labour and facilities supplied MAGAZZINI GENERALI.

2. No labour unrest in port for wages reasons.

3. General labour in town quiet on surface at moment.

4. For political reasons trouble may be expected owing to legacies left behind by Yugoslavs. Exaggerated wages 500 or 600 lire per day promised by Yugoslav authorities on clearance work. Supplementary ration card issued in number exceeding capacity to supply.

5. Uncertainty and feeling of insecurity prevail with suspicion that political agitation will work upon labouring classes.

6. AMG working under extreme difficulties with absence of experienced staff.

7. Recommend assignment of selected labour officer namely Major ALBRIGHT as Regional Labour Officer ex EMILIA REGION. Col BOWMAN will object but Brigadier LUSH should persuade him to replace ALBRIGHT. Captain MATTHEW ADAMS British as Labour Officer at POLA. 1 other as Labour Officer at GORIZIA and 1 other to deal with local labour problems at TRIESTE below Regional level. 177

8. In view of non availability of experienced labour officer recommend British Directorate of Labour at AFHQ release selected officers with at least 6 months experience under DADL with CLU.

12092

Declassified E.O. 12356 Section 3.3/NND No. 785015

This should help to meet immediate problem of VENEZIA GIULIA and also other requirements in NORTHERN ITALY.

9. Social insurance system at TRIESTE must be put on sound basis considering that it is cut off from ROME but will have to deal with large numbers requiring assistance in absence of paid employment. Finance officer strength requires addition which Regional Finance officer Wing Commander LEIGH JONES has already requested.

10. Obviously unrest and unemployment possibilities will be reduced if industries can be kept going or reactivated. Special concessions of coal and material urged. Also permission to continue unfinished shipbuilding at MONFALCONE.

11. Armed force employment possibilities not considerable and because of local situation labour can be found at 8 Army scale which is basic rate plus 15 lire per day. But cost of living now as always higher in TRIESTE than adjoining provinces and V the ADL British recommend increase general bonus to 30 lire per day which brings unskilled labour to 115 lire per day same as 5 ARMY rate NORTHERN ITALY. Also a differential of 10 lire per day over basic minimum for skilled workers in addition to general bonus. From study of local wages structure I support both recommendations and advise that AMLA for AFHQ and 8 ARMY ANC authorize accordingly.

12. Labour problems in VENEZIA GIULIA include as for NORTHERN ITALY potential unemployment with necessity for relief and public assistance and relief feeding. Also continued payment of wages although full employment is not available is a feature. Also workers participation in management. Other problems smouldering. International aspect and necessity of working out self contained solutions without POMS Government or Italian experts make essential to supply Allied staff in quantity and quality.

SUBJECT : Release of Personnel.

TO : Executive Commissioner, H.Q., Allied Commission.

1. Hearing that this Region is to be discontinued in the near future, several Sub-Commissions have asked the concurrence of this Headquarters in relieving officer personnel prior to the discontinuance of the Region.

2. Captain F. N. Stringer, (B) Agriculture Division, and Captain Alfred L. Dorf, (A) Labor Division, can be released if required elsewhere. This Region has been cut down in strength to such an extent that no other officer can be relieved without serious detriment to the Region. This Region's responsibilities and work continue until the day when we turn over the control to Italian Government officials. There is considerable work connected with the closing up, in particular the activities of the divisions, which the Sub-Commissions have not appreciated.

3. It will, therefore, be appreciated if no more requests for the concurrence in the release of commissioned personnel in this Region are made, unless such release becomes effective after the control of Toscana passes to the Italian Government.

1. Reference TPM No. 6274 dated 28 Apr 45 proposing the assignment of Colonel IRVINE F. BELSER (A) as C.A.O. on the Island of ELBA.

2. AC has given oral approval (Lt.Col. N.W.Dragneff to Col. G. T. Johnson by 'phone 23 Apr 45) to the appointment of Major HAROLD V. REILLY (A) as Provincial Commissioner, LIVORNO Province.

3. The Island of ELBA administratively is part of the Province of LIVORNO and is administered by that Province. Colonel BELSER is two grades senior to the Provincial Commissioner and so I consider that it would be inappropriate to assign him to a position where he would have to serve under his junior.

Venezia Region.

1. The rehabilitation of the electrical generating stations and transmission systems in Italy has been carried out by the Electrical Division of the Public Works and Utilities Sub-Commission using field engineers for this purpose. In order to reduce the amount of time spent on travelling it was found expedient to group the field officers into Constructional Teams, one team operating from a headquarters located in Florence and one from a headquarters in Rome. 1355

2. A.C. Policy requires that all field personnel be assigned to some established headquarters and accordingly the officers of the two Electrical Reconstruction teams for Northern Italy are assigned for accommodation and rations to Liguria and Venezia Regions, respectively. Officers of team number one are: Major A. Crowther (B), Capt. A.E. Duran (A), and Capt. R.F. Lowdon (B) and are assigned to Liguria Region. Officers of team number two are: Major C.S. Wilcox (A), Capt. P.M. Vannoy (A), and Capt. H.G. Best (B) and are assigned to Venezia Region. These locations are considered to be the most suitable points from which initial surveys can be made for the purpose of determining electrical rehabilitation requirements in Northern Italy.

3. It will be appreciated that electrical rehabilitation work must be carried out, as at present, on an overall planning basis and consistent with this policy it is essential that the Electrical Reconstruction personnel be under the direction of, and will submit reports directly to, the Electrical Division of the Public Works and Utilities Sub-Commission.

Ref. AC/3064/Commerce

SUBJECT: Transfer of Coal Section to Commerce Subcommission

TO : Manpower and Reorganisation Committee
Through; Economic Section

1. Reference is made to a letter of the Acting Vice President, Economic Section, dated 25 Apr. '45, ref. 1.33/23, notifying the Establishment Branch of the decision transferring Coal Section from Industry Subcommission to Commerce Subcommission and listing the personnel of the Coal Section to be transferred, copy attached.

2. The roster of officers to be transferred, consisting of 1 permanently assigned to AC and 3 attached from APWC, is correct. However, it is noted that the name of L/Cpl. H. ROBERTS (B), has been omitted from the list, as well as that of J. FORCIGNANO, an Italian civilian.

3. It will be appreciated if steps are taken to increase the ceiling on officer personnel of this Subcommission by 1 to accommodate the addition of Lt. Col. O. W. GILEY, and the ceiling of the Enlisted Personnel by 1 to accomodate the addition of L/Cpl. H. Roberts.

1. I reported to Colonel Fiske on 9 April the position in respect of the Deputy Commissioner, Venezie. Air Commodore Benson had asked urgently for help. He was losing Colonel Farinaci and wished to know if I could possibly lend the services of Colonel Thomas N. Page.

2. After a very friendly and cooperative discussion with Air Commodore Benson, Colonel T. N. Page, and Colonel E. O. Howell, I decided that the correct action was to lend Colonel Page to 8 Army in view of the urgent problems to be caused by their advance, and to appoint Colonel E. O. Howell as Deputy Regional Commissioner.

3. Colonel N. Fiske approved this plan as set forward to him.

4. Colonel E. O. Howell has now been ordered by telephone message received 16 April, so far unconfirmed by telegram or letter, to go as S. F. O., 5 Army, and he has in fact so proceeded on 17 April.

Executive Commissioner:

1. Attention is invited to draft letter at 1, submitted to Establishment Section under cover of minute sheet at 2.

2. In connection with the draft in question, the following points arise:

a. The letter deals only incidentally with the attachment(it is believed) of the Electrical Reconstruction teams to Liguria and Venezia Regions for rations and quarters.

b. The principal point brought out in the letter is the channel of operational responsibility for these teams-which is to be direct to Public Works and Utilities Sub-Commission, rather than through the Regional Commissioner - Regional Engineer.

c. It is not made clear whether it is intended to assign these officers to Liguria and Venezia Regions, or simply to attach them for rations and quarters, leaving them assigned to the Sub-Commission.

3. If these officers are to be assigned to the Regions concerned, while remaining operationally responsible to the Sub-Commission, the notification of their channels of responsibility and control is not a matter for this Section. If they are simply to be attached to the Regions, while remaining on the Strength of the Sub-Commission, then a letter to that effect might go forward from the Sub-Commission.

4. You will no doubt wish to clarify the points raised in 3 above, from the point of view of policy.

SUBJECT: Rehabilitation of Electric Power Plants and Transmission Systems: - P.W.U. S/C Personnel.

TO : V.P., Economic Section.

1. Your draft letter on this subject reference 197/PW of 10 April submitted to the V.P., Establishment Section, has been referred to this office for a policy ruling.

2. If the officers of these electrical construction teams are to be assigned to the Regions concerned for rations and quarters only, while remaining operationally responsible to the Public Works and Utilities S/C, any clarification of their channels of responsibility and control will be a matter for decision within your Section.

3. If, because of operational necessity and special nature of their assignment, these officers are simply to be attached to the Regions but remain on the Sub Commission's assigned strength, then a letter to that effect might go forward from your Section, or the Sub Commission itself, informing the Regional Commissioners.

4. It is felt that no new policy ruling is necessary to affect this method of assignment, keeping in mind that the Section is master of its own personnel in such matters and that the Regional Commissioners, through Establishment Section, must, of course, be kept informed.

1. The rehabilitation of the electrical generating stations and transmission systems in Italy has been carried out by the Electrical Division of the P. Wks. & U. S/C. using field engineers for this purpose. In order to reduce the amount of time spent on travelling it was found expedient to group the field officers into Constructional Teams, one team operating from a headquarters located in Florence and one from a headquarters in Rome.

2. A.C. Policy requires that all field personnel be assigned to some established headquarters and accordingly the officers of the two Electrical Reconstruction teams are assigned for accommodations and rations to Liguria and Venezia Regions, respectively. These locations are considered to be the most suitable points from which initial surveys can be made for the purpose of determining electrical rehabilitation requirements in Northern Italy.

T3-1332

3. It will be appreciated that electrical rehabilitation work must be carried out, as at present, on an overall planning basis and consistent with this policy it is essential that the Officers of the Electrical Recon-

MEMORANDUM:

TO : Colonel Finke.

1. This memorandum is written as a resume' of my telephone conversation with you on 28th February.

2. At a time when A.M.G. Fifth Army has a more important part to play than ever before, H.Q. Allied Commission has started to order officers away from the Fifth Army without any previous consultation with the S.C.A.C.

3. On 21 February without any warning or previous consultation Allied Commission (peremptorily) released the following officers from assignment to A.M.G. Fifth Army and reassigned them to Regions in Northern Italy as indicated below. (Special Order No. 52 except for Captain T. Willcox in whose case the Special Order is No. 51).

Lt. Col. R.V.D. Janzan	-	reassigned to Piemonte Region
Captain J.H. Moffit	-	reassigned to Piemonte Region
1st. Lt. S. Hartman	-	reassigned to Piemonte Region
1st. Lt. J. Cantilli	-	reassigned to Piemonte Region
Captain T. Willcox	-	reassigned to Ligurin Region
Captain D. Keller	-	reassigned to Lombardin Region

These officers have all been assigned to the Fifth Army for many months and except for Lt. Col. Janzan their reassignment has never been discussed at any time with the S.C.A.C., nor has any hint ever been given that Allied Commission would wish to reassign them at any time.

(One is therefore forced to conclude that at any time Allied Commission may equally order away other officers without previous consideration or consultation.)

1326

4. In this connection your attention is invited to the instructions received from the Chief of Staff Fifth Army on 8 January and forwarded to you in my letter 11/2 of 12 January. These instructions are that any changes in the personnel of A.M.G. Fifth Army must be referred to the Chief of Staff, Fifth Army, for approval before any action is taken.

5. While no orders have yet been issued by Allied Commission it is understood that there is a proposal to reassign Lt. Col. T.A. Lane, the Senior Labor Officer. In addition to the organization of the Italian Labor System this officer has to set up the necessary means for supplying

370

2176

Declassified E.O. 12356 Section 3.3/NND No. 785015

labor required for by the Army and Corps Engineers, Ordnance, etc., and his work is therefore a direct contribution to combat operations. His release cannot be considered without an adequate replacement.

6. Public Safety Sub-Commission letter AC/14004/1/PS of 25 February indicated that Captain Limbert is about to be reassigned. This officer is the Senior partisan officer with the Fifth Army and is responsible for supervising the Partisan Centers and other activities connected with the absorption and care of Partisans coming through the lines. These duties are likely to be of greater importance than ever in Northern Italy where there are known to be a minimum of 100,000 Partisans whose reception and treatment present a political and public morale problem of critical importance. It is therefore impossible to release this officer.

7. The last three cases I shall mention are officers assigned to Toscana Region but whose work lies in Provinces in the Fifth Army Area and who are therefore under operational command of this Headquarters. It is also considered only fair to protect the interests of the Regional Commissioner in the event of Fifth Army personnel being suddenly withdrawn from his area. It is also pointed out that A.M.G. Fifth Army has no other source of personnel than the officers and men of the Regions.

a. On February 15th Major T.N. Mosely, Supply Officer Florence Province, left for the U.K. on reassignment under the Python long service scheme. To date no replacement has reported, nor is there any knowledge that one has been assigned. The seriousness of leaving such an important position as this unfilled needs no emphasis.

b. Captain A.W. Mac Dougall has been reassigned to Liguria Region on 48 hours recall by A.C. S.O. No. 250 of 8th October. This officer is the only Fire and RAD officer assigned to Toscana Region since the reassignment of Major G.L. Mason. It is not thought desirable that Toscana Region should be left without a single Fire and RAD officer at a time when there is still much of the Region in German hands. It is requested that Captain Mac Dougall be left in Toscana Region.

c. Allied Commission S.O. No. 53 of February 22nd ordered Major E.C. Bateman to report to Lombardia Region Rear Headquarters on permanent reassignment. This officer is the Provincial Officer at Prato, a town of 80,000 people, now full of Army installations including a Rest Center. Prato is an important industrial town and has recently been the scene of a serious typhoid epidemic. At the present moment conditions in the town are such that it is impossible to accede to the proposed transfer of Major Bateman, whose familiarity with the local situation makes it difficult, not to say impossible, to replace him.

8. a. The following officers now working with this Headquarters 1325 here by attachment only, having been reassigned to other organizations some months ago by Allied Commission Special Order.

Major A.S. Austin	assigned to Lombardia Region by	A.C. S.O. 246
	attached A.M.G. Fifth Army by	A.C. S.O. 246
Captain J.F.D. Halstead	attached A.M.G. Fifth Army by	A.C. S.O. 294

Declassified E.O. 12356 Section 3.3/NND No. 785015

W/Cmdr. A.H.H.M. Dickie	assigned to Lombardie Region by A.C. S.O. 215 attached A.M.G. Fifth Army by A.C. S.O. 215	
Lt. Cmdr. M.A. Musmanno	attached A.M.G. Fifth Army	by A.C. S.O. 260
Captain F.C. Murphy	attached A.M.G. Fifth Army	by A.C. S.O. 9
Captain T.W. Glasspool	attached A.M.G. Fifth Army	by A.C. S.O. 299

b. Of the above, Major A.S. Austin and Captain F.C. Murphy are doing essential work in the control of Local Resources in conjunction with Army G-5. This is one of the most important and valuable spheres of A.M.G. work, being in direct support of operations. If these officers are taken away adequate replacements must be provided.

c. W/Cmdr. A.H.H.M. Dickie is the only Legal Officer in this Headquarters and questions are continually arising which make it necessary for a Legal officer to be permanently available. A replacement for this officer is essential.

d. Captain T.W. Glasspool is Police Officer with the Second Corps. It will be recalled that two Police Officers (Major Bonnie and Captain Edwards) have recently been loaned to Allied Commission Security Branch for special counter espionage duties, without any replacements being assigned. If Captain Glasspool is ordered away it will be necessary to recall Captain Edwards here from his counter espionage work before Captain Glasspool can be released.

e. Captain J.F.D. Halstead is a Transportation officer doing work which it is proposed to leave to Regional organizations in North Italy. This officer can therefore be released and no replacement will be necessary when mobile warfare is resumed.

f. Lt. Cmdr. M.A. Musmanno is a member of the S.C.A.O.s personal staff. His services are of much value here.

9. In view of the considerations set forth above, I request that the orders affecting those officers who, as stated above, cannot be spared, be revoked; and that those who cannot be spared without adequate replacement be left with Fifth Army until replacements satisfactory to the S.C.A.O. are provided.

1. The posting of low medical category personnel to Regions is not a matter which is governed by the whims of officers of this Branch, but is dictated solely by the orders of G.H.Q. 2nd Echelon, and the location in Regions of high medical category personnel.

2. This Formation is not consulted by G.H.Q. 2nd Echelon about the qualifications or personality of Other Ranks posted to it as replacements. Notification is merely received that named Other Ranks of low medical category are being posted to this Formation to replace, for example, "5 Ptes Infantry," "1 Cpl Foot Guards," or "3 Dvrs RASC" of high medical category.

3. In the case in question, Pte Stanbury was one of five men posted to this H.Q. to replace 5 Ptes Infantry, and Pte Denton (A.2 and 21) was one of the last remaining Ptes Infantry available for posting, with the exception of 5th and 8th Armies.

4. It is not the policy, nor is it possible or practicable for this H.Q. to consult Regions, prior to replacements being sent to them, and this right has never been claimed by them. This H.Q. could not be expected to circulate Regional Commissioners with the descriptions of men available as replacements in the hope that someone would agree to accept them. Although loath to lose men they know, Regions have been content to make the best of the replacements provided.

5. Representatives from 5th and 8th Armies have in the past visited this Branch, and have never claimed the above right. Their only complaint has been that they do not wish to lose A.1 personnel at all, and this matter has been the subject of lengthy correspondence between this H.Q. and G.H.Q. 2nd Echelon.

6. Col. Jones instructs me to add that he did not receive the message of 5th March and that at 0920 hrs on 6th March he was visiting various Sub Commissions with Gp. Capt. Benson and Major Barrett to discuss personnel for Austria.

7. The undersigned went sick in quarters immediately after the conference on 4 March 1945.

2. It is noted that in paragraph 3 of Special Order #41 of your Region Lt Houston is ordered to proceed to Headquarters Emilia Region on six days' temporary duty commencing on 22 February 1945. It is directed that Lt Houston be instructed to comply with the orders of this Headquarters. We have given assurances at this Headquarters that Lt Houston will be present not later than 27 February and this office is hesitant about explaining to the officers concerned that Lt Houston did not arrive as promised, primarily because a Regional Order ignored an order issued by Headquarters Allied Commission.

1. Reference your 73/EST dated 10 Feb 45. No need for a full time engineering officer on the staff of this HQ has been found.

2. The policy adopted all the way up Italy of utilizing the Regional engineering staff has always worked well and ensures continuity; i.e., the engineer who starts a programme of work is the man who will see it through; no hand overs are necessary. Regional engineers can be utilized immediately on occupation.

3. This HQ has to be kept as small as possible and it is not thought wise to increase the staff unless there is some real justification for it. If it is found that engineering projects are going too slowly in army area the best solution would be to strengthen the staff of the Region involved.

1 February 1945

TO: Brigadier Gerald R. Upjohn
Deputy Chief of Staff, Civil Affairs Section
Headquarters Allied Commission

My dear Brigadier,

1. Being satisfied by reason of your unequivocal attitude in the matter and the even less considerate position taken by Col. Chapman, that I am, willy-nilly, to lose Col. Bye, I have discussed with him the question of his successor. He concurs in your view and that of Col. Chapman that Major Collins is the man. I have therefore informed Major Collins that he will succeed Col. Bye, and request that you take whatever action may be necessary to reflect on your records that Major Collins is now Regional Public Safety Officer, Emilia Region.

2. This is not to be construed as an indication of consent to Col. Bye's reassignment. On the contrary, I am strongly opposed to this change which has been entirely imposed upon me from a higher level as a fait accompli, without any request either for my consent or an expression of my views. On principle, I do not feel that this is the proper approach to a matter of this kind and wish the record to show that while I am reconciled to the apparently inevitable, I do not approve or agree.

1314

3. Col. Bye's performance of duty and administration of the Public Safety Division of Emilia Region during his period of service under me, has left literally nothing to be desired. I has been for me a unique experience and a very great pleasure to deal with a staff officer with whom I have agreed <u>invariably</u> on questions of policy and administration referred to me by him. Not only in his professional and staff capacities but as a senior British officer of unusual astuteness and common sense, Col. Bye has been a tower of strength indeed, and Region Emilia will miss him very, very much. We congratulate AMG 5th

12169

Army on its acquisition, and look forward to continued contact and collaboration with Col. Eye in his new assignment, where he will for the present continue to control in an even more immediate way the operations of more than one-half of Region Emilia's Public Safety officers.

4. One boon I do very strongly seek, and I make no secret of my feeling that the abrupt, inconsiderate manner in which Col. Eye has been taken away entitles this region and me personally to special consideration.

5. Major Collins will be placed in charge of a group of Public Safety officers many of whom hold the same army grade as he. He will not be senior to all of them in military rank and it is not clear that he in all cases ranks them as a civil servant. In addition, he will have to deal directly with and control, numerous Italian officers holding ranks up to and including that of full colonel.

6. In fairness to him, and in order to enable him to do an efficient job for Emilia Region, it is absolutely necessary that Major Collins be promoted at once to the grade of lieutenant colonel.

7. I had, through my senior British officer, already recommended Major Collins for promotion, prior to his appointment as Regional Public Safety Officer. I feel very strongly indeed that in view of the new and onerous responsibilities which the Sub-Commission is asking him to sustain, this recommendation is entitled to the fullest support, and preferred treatment.

1313

8. This request is entirely my own. Major Collins has not mentioned the matter to me, and I have not discussed it either with him or with Col. Eye.

SUBJECT: Rescinding of Orders

TO : Headquarters, Allied Commission, APO 394
(Attention Admiral Stone;

1. It is hereby requested, (by virtue of my rights and rank as an officer of the United States Army and the injustice done to me) that the order of 2 January 1945, issued without previous notice or intimation to me, be rescinded.

2. This request is based on the following grounds:

a. My record in Perugia as shown by testimonials from all the people in the best position to know (see letters and report filed) has been of the very highest character, and by said order, at a time when in justice I am entitled to an advancement, I am in effect being given a demotion or down-grading.

b. This is the second time I have been subjected 1299
to this type of treatment in this organization, both times at the dictates of Brigadier Lush (British) following irregular investigations by British officers and because I had refused to yield to the excessive contentions of certain British officers.

c. The only reason advanced for the said order was a desire for a "change", but if so, my record as shown by my report and by said testimonials including a letter from the District Commander opposing any change, it must be considered that the order was issued by mistake and should be rescinded.

d. It has been stated to me by officers from Regional and AC Headquarters that no reflection was intended on me by the issuance of said order, but the substance of the order itself coupled with the way in which it was issued following an official call from Regional Headquarters to District Headquarters which called for the reply sent by the District Commander, does in fact cast a serious and unjust reflection on me.

12205

Declassified E.O. 12356 Section 3.3/NND No. 785015

e. The issuance of such an order under such circumstances injures my reputation and standing and infringes upon my rights as an officer and citizen of the United States and I am entitled in justice to have said order reconsidered and rescinded.

f. Not only justice to me but the good of the service demands that said order be rescinded.

3. It is especially requested that this request be heard and considered by Admiral Stone himself.

4. It is also requested that pending a decision from Admiral Stone, the said order be suspended.

5. If this request is refused, I will of course expect to comply with and proceed under said order, reserving all rights to file a further protest and request for reconsideration to higher authority.

Reference the Acting Regional Commissioner's letter R/5982 dated 30 December 1944, it should be stated that, in an interview granted to the Executive Officer of this Region on 5 January, GOC No. 1 District was emphatic that both he and his Area Commander had always had the fullest co-operation from Col. Belser while he has been Provincial Commissioner, Perugia.

The General went on to say that he very much regretted to hear of the proposed change, but of course did not know anything of the Colonel's business as a Civil Governor.

It is requested that this note be added to the original letter from this HQ to which reference is made above.

SUBJECT: Staffs - Assignment of Captain TURNER

TO: Headquarters, Allied Commission

1. With reference to H.Q., Allied Commission Special Order No.3, Para.21, dated 3rd January 1945, re-assigning Captain J.R.B. TURNER, as noted in my letter of the above number dated 12th December 1944, the work that has to be carried out by Captain TURNER has very greatly increased. This is due to the large amount of work now concerned with the Port of CAGLIARI and any interruption will result in shipping delays.

2. I propose, therefore, to keep Captain TURNER until Lieutenant B. KOCHLEFF has arrived and has had an opportunity to familiarise himself with his important duties and take over from Captain TURNER.

May approval of this procedure please be confirmed.

(Att: Vice-President Establishment Section)

1. I understand that the Executive Officer Sicilia Region, Colonel CLOUGH, may be leaving this theatre in the near future. Can I please be informed as early as possible whether another Executive Officer will be assigned to this Headquarters in relief of Colonel Clough.

If the personnel situation permits of it, I recommend that relief should be provided in place of the present Executive Officer. The volume of paper work is such at the moment that unless there is an Executive Officer at this Headquarters I shall be completely tied to my office. Moreover, the Executive Officer is available to answer for me and keep the work going during periods when I may be away on tour in the Island or visiting your Headquarters. Further, as you will be aware, a critical situation exists here in regard to the civil food, particularly bread, situation and liaison with the Allied installations is important at the moment.

I am, however, prepared to be without an Executive officer should the personnel situation on the Mainland not permit of one being made available.
If a new Executive Officer is to be posted to this Region 1273
I request that an officer with suitable qualifications should be assigned.

You have been good enough to consult me on the possible nomination of Col. C. M. Gevers to an important position in Austria, and on the best arrangements to make for a successor as Executive Officer to Region Venezia. While I am very sorry to lose Col. Gevers as my second in command, I can heartily recommend him for the proposed appointment and I should not wish to stand in the way of his obtaining such an important position.

I suggest as to a senior American officer to take Col. Gevers place I would wish to put before you the name of Col. D. N. Page. Col. Page has served for many months as Senior Medical Officer both in Region 4 and in Region 12, and I have come to have a high regard of his experience and ability. My suggestion would be that Col. Page should assume the position of Executive Officer in addition to his medical duties. I appreciate that this would involve some adjustment in our staff organization so as to relieve Col. Page of a certain amount of purely routine administration. I believe that Col. Page and myself would be able to work out such a scheme in a manner mutually satisfactory. It would be my intention above all to treat Col. Page as my senior advisor in all matters of American personnel and to repose complete confidence in his ability to take all necessary executive decisions in my absence.

In order to make the position quite clear, I should like to have that Col. Page is not the senior American officer in Region 12, that place being taken by Col. E. A. Howell, Finance. I have great appreciation of Col. Howell's abilities and personal liking for him. I feel, however, that Col. D. N. Page, who is a regular army officer, has a wider military experience and will be more suitable to the position of Executive Officer.

I have not had an opportunity of discussing this matter with Col. Gevers. I should be very glad if you would consult him in this matter provided that you think fit.

If you approve the proposed appointment of Col. D. N. Page, I should like him to come down to Naples to consult me as soon as possible.

I think that as it is the responsibility of the Sub Commissions to arrange distribution of their specialist officers, a matter such as this should be replied to direct by Transportation S/C with a copy for information to Establishments Section.

SUBJECT : Transportation Personnel.

TO : Establishments Branch, Hq. AC.

1. Request that three (3) officers be assigned or attached to this Region in order to fill the following positions:

a. One officer to assume complete charge and responsibility of the maintainance of Regional Civil Transport vehicles. As the predominant number (169) of these vehicles are US, it is requested that this officer be a qualified US maintainance officer.

b. One officer to assume command of Truck Pool No. 4 (Aquila) in which there are 54 WD vehicles. The former commanding officer has been transferred to the northernmost Province in this Region, hereby leaving a position vacancy for one officer who is preferably a motor transport officer.

c. One officer organize and operate the civilian owned trucks in this Region under the N.M.A.C. system as set forth by the Italian Ministry of Comunications. This officer should have some knowledge of Italian motor transport and the problems connected with organizing within the various Provinces of this Region a system to control the civilian owned vehicles. He will be dealing directly with the Provincial Prefects and with the Syndicos of the larger cities within this Region.

2. It is suggested that officers who are awaiting orders to proceed to forward Regions might be available for assignment to the above positions.

TO: Establishments Section, Headquarters, A.C.C.

1. I attach a typical AMG 5th Army posting order.

2. The officer is stated to have "reported....for duty" and the order purports to "assign" him to the Bologna City Team.

3. Point 1: It seems to me that the language implies a greater degree of control by AMG 5th Army than is justified on the basis of the accepted concept of the relationship between Army and Region, and may give rise to uncertainty as to the officer's status. This uncertainty would be eliminated in the minds both of the officer himself, and those with whom he does business, if the word "attached" were used in place of "assigned", and additional words used indicating that the officer in question remains a Regional officer, e.g., the words "Region Emilia" between "undermentioned" and "officer".

4. Point 2: Capt. Weeber is an expert on roads and bridges and is the only officer of Region Emilia qualified for this work. His responsibilities are Region-wide and it would seem on principle that he should not therefore be assigned to a team destined for service in a single city of a Region, all portions of which will open at substantially the same time.

5. The remarks in the foregoing paragraph likewise apply to a considerable number of other specialist officers of the Region who are offered freely and gladly to the Armies, but whose assignment to duty confined to one small geographical area in the Region to which they are assigned is viewed with some apprehension.

6. The Florence City Team was composed almost entirely of Region Emilia and AMG 5th Army officers. Not more than two or three Region Toscana officers served on it, other officers of Region Toscana being kept free to perform their normal functions throughout the Region. It is submitted that if this was sound policy in Florence, it will be no less so in Bologna, and that the Bologna City Team, as such, should be composed almost entirely of both CAOs and specialist officers fur-

nished on a voluntary basis by Liguria, Piemonte, Lombardia and Venezia Regions, a number of whose officers will presumably be at that time not otherwise employed.

7. I don't wish to be captious and do not insist on the points referred to. They are submitted merely for your consideration from the standpoint of policy.

Ref. ACC/5018/Commerce

SUBJECT: Assignment of Lt.Coyne as Export Officer, Bari Zone, Southern Region.

TO : G-1 (British) through Establishment Branch.

1. It is requested that Lt. Coyne may be re-assigned to Southern Region and be stationed in Bari as representative of Commerce Sub-Commission in order that he may undertake the duties of Export Officer on the East Coast. This will require raising the strength of Commerce in Southern Region by one Officer but does not raise the ceiling of Commerce Officers in the Field.

2. Lt. Coyne was recently assigned to Marche and Abruzzi Region as Commerce Officer but this Sub-Commission has no urgent need for an Officer in this Region. On the contrary there has existed for some time past the most pressing need for an Officer on the East Coast to be responsible for the growing volume of export trade to U.S. and U.K. from the area. The lack of an officer in Bari has seriously handicapped the investigation into exportable resources of the area and delayed shipment of materials acquired for export. It is nevertheless the stated policy of the C.C.S. that Italy's export trade should be developed to the utmost and with all possible speed.

3. Lt. Coyne has peacetime experience of shipping and exporting and is therefore very suitable for the proposed appointment.
