SUBJECT: Personnel

31 August 1945.

TO: Acting Vice-President,
Establishment Section.

1. In order to present a timely " picture " of the current status of personnel in the Economic Section, Allied Officer and Enlisted personnel have been classed into three numerical groups. These groups are:

Group No.	Description
1.	That personnel essential to the headquarters organization until the termination of AC activity.
2.	That personnel tentatively selected for liaison duty after the "turn back" of the regions to the Italian government.
3.	Surplus. This group includes that personnel immediately non-essential as well as those who will become non-essential after the "turn back" of the regions.

2. In general, no consideration has been given in this grouping to Adjusted Service Rating Scores or the personal desires of the Officer or Enlisted personnel concerned. With this in mind it is realized that the group categories are subject to change and the fact that a particular Officer or Enlisted Man is in Group 1 he may be placed in Group 2 or 3 on short notice. This is particularly true when the theatre Commander is called upon to move from the theatre personnel in an ASR score group.
