21 August 1945

SUBJECT: Travel Orders.

TO : Establishment Section.

1. Reference is made to letter 37/71/EST dated 20 August 1945.

2. The following are the circumstances under which Travel Orders mentioned in your letter were requested and issued:

(a) Lidia Larena, a resident of Salerno, was first employed by the Property Control Office in Salerno in January 1944. She worked at that office until the Headquarters were transferred to Rome in July, 1944. She was brought to Rome on account of her familiarity with the work and filing system and was thereafter engaged in the same Division until her departure for Salerno pursuant to the Orders which are now under reference.

(b) On or about 24 June 1944, being entitled to accumulated leave, she wished to pay a visit to her family in Salerno. Her request for travel orders was refused by this Sub-Commission on the ground that orders and transport could not be furnished except for official business. Miss Larena renewed her request stating that other girls of her acquaintance were being provided transport such as she was being denied.

(c) We do not know the reason why she was so anxious to reach Salerno on this occasion but orders were again refused.

(d) Immediately after receiving word that she could not go to Salerno, she became seriously ill, was under the care of two doctors and was confined to her bed for more than six weeks. Her condition became so serious that her sister, Teresa Larena, the other person named in the orders, came to Rome to care for her.

(e) When Miss Larena was sufficiently recovered to leave her bed for a short time each day, she requested Property Control Division of this Sub-Commission to supply transport for her sister and herself to her home in Salerno.

(f) Representative of this Sub-Commission then visited her at the Albergo Colonna, the AC civilian hotel, where she resided, and found her a mere skeleton of her former self, having lost 30 pounds, hardly recognizable,

- 2 -

and unable to leave her room because of her extreme weakness. Miss Larena stated that she was financially unable to remain in Rome.

(g) The matter was referred to Brigadier Grafftey-Smith, who stated that he could not request orders for unofficial business, but that under the circumstances his office would attempt to find transport. He suggested that Brig. Lush might be able to take Miss Larena in his car as he contemplated a trip to Naples or the vicinity. An Officer of the Property Control Division was then requested to call again on Miss Larena to ascertain if her condition was such that we would be justified in asking an officer to take her in his car. He reported that she was so ill that it would be an imposition to request an officer on official business to provide her transport.

(h) Attempts were then made to obtain ambulance transport through the Italian Red Cross. These attempts failed, as did several others.

(i) Brigadier Grafftey-Smith then advised Property Control Division that in view of the emergency, he would sign a request if it were fully understood by AC transport officers that the proposed transport was not for official business and the true situation fully understood by the transport officers.

(j) Both Maj. Birch and Maj. Bocchino being away at the time, an officer of Property Control Division explained the situation to the HQ. Commandant. The HQ. Commandant stated that transport would be provided if orders were issued.

(k) A request for orders was prepared and signed, by Brig. Grafftey-Smith, orders issued and transport furnished.

(l) The business was not official. The case, however, was an emergency one involving the welfare of an employee who had worked long and faithfully for the Allied Commission. We considered it imperative that Miss Larena's sister accompany her, in view of the danger of her collapse en route.

3. It is submitted that the serious circumstances described fully justified a departure from the normal practice and that the humane considerations required the Joint Directors taking the responsibility involved.

1. This is in reply to your memorandum 37/70/LST dated 20 August.

2. Mr. and Mrs. Wilson intimated their intention of visiting the North of Italy and it was known that Mrs. Wilson had experience in the British Ministry of Labor and National Service particularly on labor questions. It was thought that if facilities were granted to them to proceed to the North of Italy that they could make a contribution on labor questions which would contain well qualified comments. For this reason facilities for transport were offered in the terms of the orders dated 8 August.

3. But, in fact, travel by A.C. transport from Rome was not available on the date in question and advantage was not, therefore, taken of the travel orders.

4. The travel orders should therefore have been cancelled and it is regretted that owing to an oversight this action was not taken.

Establishment Section

1. Reference is made to letter of the Establishment Section dated 20 Aug. '45, ref. 37/65/EST, requiring that an explanation be furnished with regard to travel performed by Dott. LODOVICI Rodolfo under letter orders ADJ: 300.4 dated 7 Aug. '45.

2. An investigation has been made into the circumstances surrounding the issuance of these orders, from which it appears that they were quite regularly procured.

3. Dott. Lodovici Rodolfo is an associate of a firm with which this Subcommittee is dealing in connection with the exportation of salt from Italy. A member of the firm represented to the Subcommittee that the presence of this gentleman was urgently required in Milan in order to negotiate with the SEPRAL and AMG Lombardia Region for the distribution of salt in that area. He was, in fact, furnished by the firm with letters of credence addressed to the SEPRAL and AMG Lombardia Region.

4. While it is true that this Subcommittee is not directly interested in the distribution of salt in AMG territory, it will be realized that it is at all times most useful to maintain good will on the part of

private firms with which it is dealing, and therefore it was felt justifiable to stretch a point and assist the firm in its operations, to the extent of facilitating the travel of Dott. Lodovici to Milan.

SUBJECT: Visits to North by Italian Government Officials
TO : The Presidency of the Council of Ministers,
Italian Government

1. With a view to securing the greatest freedom of movement between North and South, restrictions on travel, as you know, were recently removed (except in respect of the areas set out in my letter 6/4B/CA dated 27 May 1945).

2. You will, of course, appreciate that during the existence of Military Government in LIGURIA, PIEMONTE, LOMBARDIA and VENEZIA the Regional Commissioners have the duty of coordinating activity in these areas. This task is rendered more difficult unless the Regional Commissioners can be made aware of the visits of Italian Government officials and the purpose of their mission.

3. I should be glad therefore if you would inform all concerned that it would be considered a courtesy, if not a duty, that officials intending to visit the North should give due warning to the appropriate Sub-Commission of this Headquarters and pay a call on the Regional Commissioner concerned on arrival.

The restrictions on civilian movement are now as follows:

(a) Security Control Zone and Security Control Line.

Movement of civilians inside the zone is restricted to 10 kms., and movement into or out of the zone is forbidden unless such civilians are in possession of Movement of Civilian passes approved for issue by the Senior Civil Affairs Officer / Regional Commissioner concerned inside the Zone. The provisions of Executive Memorandum No. 77/42 para 5 (a) will apply with regard to the issue of these passes.

Prohibited Frontier Zone, and Prohibited Frontier Zone Line.

Movement of civilians inside the zone is restricted to 10 kms., and movement into or out of the zone is forbidden unless such civilians are in possession of Movement of Civilian passes. Passes may be issued at the point of departure by ARS/AC officers.

In Italian ~~movement territory~~ frontiers will refer recommended applications for 4 (a) and 4 (b) to the Ministry of Interior for onward transmission to this Headquarters, Public Safety Sub-Commission, for approval.

5. The issue of passes to the Security Control Zone and / or Prohibited Frontier Zone will only be made in exceptional cases and limited to those persons who show good and sufficient reasons why they wish to travel whether on official or private business or urgent family grounds.

6. Movement is free in the area to the rear of the Security Control Line and the Prohibited Frontier Zone Line, and this includes movement between the islands of Sicily, Sardinia, Elbe, and the mainland. No passes are required within this area.

7. The issue of passes will be a Public Safety responsibility.

8. Special attention is drawn to the fact that persons wishing to leave Italy must be in possession of Military Travel Authorisations or equivalent documents authorising them to leave the country.

9. Members of the Italian Armed Forces may be sent on duty and on leave to places to the rear of the Security Control Line and Prohibited Frontier Zone Line. "Toglio di viaggio" and "Biglietto di Licenza" will be sufficient authority for such travel. A further communication will be forwarded with regard to the Movement of Italian Armed Forces on demobilisation and with regard to movement into the Security Control Zone and Prohibited Frontier Zone.

10. The provisions of Executive Memorandum No. 77/45, which will shortly be reissued, will continue to apply where applicable.

11. General Order No. 24 will not be published. Suggested draft for Regional Order is attached. (S.C.A.O's and R.O's only)

25 February 1945.

SUBJECT: Passes to Enter Fifth Army Area

TO : Chief Commissioner, Allied Commission

1. Reference is made to the Chief Commissioner's letter dated 2 February 1945, AC/14018/5/PS pertaining to passes to enter the Fifth Army Area. Reference is also made to reply thereto in my absence on official duty, by the Acting Chief of Staff, AMG, Fifth Army, dated 13 February 1945.

2. It is believed that there is a misunderstanding on the part of the Headquarters of the Allied Commission as to the issuance of passes effective within the Fifth Army Area. The right of any person to enter this area is wholly dependent upon the wishes of the Army Commander. No person, military or civil, Allied or Italian, can be given this privilege by any agency not a part of the Fifth Army, without approval in principle or in specific instances by the Fifth Army Commander or his duly constituted representative. The Army Commander can, should he so wish, retain personally the power of passing on all such cases and give passes or refuse them to any person whatsoever. Similarly he can delegate this function to any member of his staff that he may choose. He has empowered the Assistant Chief of Staff, G-5, who is the Senior Civil Affairs Officer, to act for him in this, as in other civil affairs matters.

3. The provisions of Executive Memorandum N° 77 have been followed by this office in all cases involving travel outside of the Fifth Army area, and likewise for most passes within the Army Area. At the same time, this office cannot carry out, in every case, the provisions of paragraph 4 of the letter of 2 February 1945, namely that I "take immediate action to prevent the issuance of passes for civil movement

2967

in Army Area except in strict compliance with Executive Memorandum N° 77". Such a procedure might be, in some instances, in disregard of the wishes of the Army Commander.

4. It is recognized that AMG, Fifth Army, is subject to instructions and orders on technical matters from the Allied Commission. But, the power of command over AMG, Fifth Army, rests entirely with the Army Commander.

5. In the case of the pass for Luisa Martucci described in paragraph 2 of your letter of 2 February 1945, it was, of course, incorrectly made out. It was, incidentally, never used, being cancelled by order of this office. Instructions pertaining thereto have been sent out to all AMG personnel of the Fifth Army, a copy of which was forwarded to Headquarters of the Allied Commission.

6. Subject, therefore, to any technical instructions received from the Allied Commission and to the wishes of the Army Commander, the provisions of Executive Memorandum N° 77 will be put into effect, except in those cases in which competent Fifth Army authority makes other arrangements. This subject was brought up by me at one of the Siena meetings, shortly after the publication of Executive Memorandum N° 77.

7. The issue of passes to enter the Fifth Army area, has invariably been authorized by this office whenever requested by the Allied Commission. In so doing, this office has acted on behalf of the Army Commander and in accordance with his orders. On the other hand, there have been numerous instances in which persons have thus been allowed to enter the Fifth Army Area whose presence therein has not been in the Allied interest. Three specific instances will illustrate this, the matter being considered also in my letter dated 25 January 1945 addressed to the Chief Commissioner:

a. Upon the request of the Allied Commission, a pass was issued on 24 December 1944 to Signor Dino Gentile, the purpose of whose visit to Florence was ostensibly "to inspect and report on mechanical and electrical equipment plants for reactivation purposes". The pass was issued by the head of our Public Safety Division, who had no personal knowledge of Signor Dino Gentile. As a matter of fact, Signor Gentile is a well-known labor agitator and caused no small difficulty in Florence and vicinity by his attempts to organize

a labor union. It would seem that the Allied Commission should not have allowed such an individual to enter the Army area. It is understood that he caused much annoyance to the former Chief Commissioner and was even responsible for an attempted demonstration against Prime Minister Winston Churchill.

b. On or about 17 January 1945, Signor Palermo, Under-Secretary for War, was in Florence without any authority from the Fifth Army. While in that city, he made an unauthorized visit to the AMG Refugee Center and also dined at least twice with the 210th Italian Division, Fifth Army. There he made political addresses, Communistic in character and, according to reports, hostile to the Government in power. It has been stated that Signor Palermo claims that he had a pass from the Allied Commission to go to the area of the Eighth Army, passing through this area enroute. While there is no wish to comment on the propriety of this gentleman being allowed to go into the Eighth Army area, in view of the announced policy of the Allied Commission to keep cabinet members out of the Army areas, it is held that if he were given authority to pass through the Fifth Army area enroute to the Eighth Army area, his pass should have been authorized also by the Fifth Army.

c. On 18 February 1945, Signor Giuseppe Togni presented himself to this headquarters with a civilian movement pass from the Allied Commission, dated 15 February and valid until 15 March 1945, authorizing him and his driver to travel from Rome to Florence and return. The purpose of the visit was stated on the pass as "attending an Industry Leaders Meeting". There is no record at this headquarters that such a pass was authorized by the Fifth Army. Signor Togni stated that he had attended the meeting in question the day before he reported to AMG, Fifth Army. There is no record that the meeting had ever been approved by AMG. Signor Togni is a labor leader and his presence in the Army Area was neither desired nor approved. We have no means of knowing the nature of the meeting that he attended. The bearer of this unauthorized pass, Signor Togni, was questioned by the Chief of Public Safety, AMG, Fifth Army, whose report contains the following paragraphs: "On being questioned, Togni stated he had arrived in Florence at about midday on 17th February, he had attended the meeting, which was entirely private, no Allied personnel were present, and until reporting at this H.Q. at 10 a.m. on 18th February, had not contacted

any Allied Officer. He stated he had completed his business in Florence, but proposed to visit a friend in Sesto - which incidentally is north of Florence - also he later proposed to visit his mother in Pisa. As in neither case was the journey to be made in the interests of the war effort and as there was no good reason for the pass to be valid for one month, the expiry date was amended to 19th February, 1945, and he was directed to return to Rome forthwith".

8. This letter is written in detail since the letter of 2 February 1945 orders me to "report my action".

Reference is made to the letter of Major W. D. HAYNE, Admin. Officer AMG, Fifth Army Hq. of February 16, 1945.

1. This Subcommittee had been repeatedly asked by the Education Officer Fifth Army, Florence City, to send to Pisa the two professors mentioned in the above referred letter. He stated that they were urgently needed and that 5th Army gave its approval for their coming. In a note of January 26 he further sought the advice of this office in regard to the treatment concerning the two professors, being of the opinion that they were to be suspended from their positions unless they returned immediately.

2. On January 31, 1945 he was informed that this office in response to his request was sending some of the Professors to Pisa.

3. Education Subcommittee was asked then by your office to state whether the Professors had accommodation at Pisa and whether their trip was approved by 5th Army. This was done.

4. In view of the request having been initiated from Fifth Army, Florence, this Subcommittee cannot be held responsible if the necessary arrangements at that end had not been made for the professors in transit.

5. It is moreover pointed out that none of the professors were led to expect that either accommodation or rations would be provided for them by Fifth Army.

SUBJECT:- Civilian Travel in Army Area

TO:- HQ, Allied Commission
(For Civil Affairs Section)

1. For security reasons it is essential that civilian movement into Army Area be kept down to the minimum. The number of applications for permission for civilians to enter Army area is however rapidly increasing and reaching undesirable proportions.

2. The number of enemy agents known to be at large is considerable and at the present time security agencies are fully extended in suppressing illegal entry into the area. There is also a large amount of civilian mail being brought in by illicit means and there is good reason to believe that a great deal of this is carried by civilians who have received permission to enter.

3. It is therefore requested that Sub-Commissions desiring to send representatives into this area should, as far as possible, confine their requests to Allied Officers and Allied civilians. Only in exceptional circumstances should application be made for Italian employees, or for representatives of Italian Ministries.

TO : SCAO, AMG 5th Army

1. It has been drawn to the attention of this office that a number of Italian civilian and/or military personnel, not employed by Allied Commission, are being allowed to travel from Florence to Rome by A.C. Courier, under authority approximating the attached copy of form. 2355

2. It is only reasonable and logical that AMG 5th Army control, within the limits of the available space, the movement, via A.C. Courier, of personnel of whatever category desiring to travel from Florence to Rome, who are in possession of adequate documents. That is the existing practice, and with it this Headquarters is in full accord.

3. The position, however, with regard to the return journey, is not the same. The flow of travel from Rome to Florence is considerably heavier, and the Hq. A.C. Dispatch Office is at times hard put to take care of all A.C. personnel applying for space, who are travelling under orders.

4. It is therefore considered advisable that your Headquarters inform all non-A.C. personnel, and personnel travelling on leave, that application for return passage should be made as far in advance as possible, and that, in the case of non-A.C. personnel, the grant of permission to travel to Rome via A.C. Courier does not in any way guarantee that they will be able to return to Florence by the same means.

5. As an example, there are, at this writing, no vacant spaces on the Florence courier until 13 February.

SUBJECT: Courier Services.

TO : Commanding General, AMO, 5th Army.

1. With reference to your 14/7, dated 23 January 45, on the above subject, while every endeavor is made to check all passengers on the courier, it would appear that in this case conflicting statements have been made in regard to the pass of Mrs. Miriam Weller. She certainly produced a pass at this Headquarters. This civilian, in fact, presented herself for the courier accompanied by her son. Her son was not allowed to travel as he had no pass.

2. In regard to civilian, Dr. Alberto Laudi, Identity Card No. 1066 (Public Safety), travel order applications were signed by Lt. Peacock of Civil Affairs Section, who certified that the civilian would report to and live at the Questura in FLORENCE.

3. In regard to the other two civilians, Mr. & Mrs. Watson, they both gave the assurance that they had billets in FLORENCE as they were staying with friends in FLORENCE on their way to MONTECATINI to collect personal luggage. Permits were signed by Col. Vining, Public Safety, LAZIO-UMBRIA Region.

4. Dispatch Office of this Headquarters have been given definite orders that no passengers whatsoever will be carried on the courier unless travelling on definite travel orders issued by the Adjutant of this Headquarters.

SUBJECT: Unauthorized Travel to 8th Army Area

TO : S.C.A.C., 8th Army, A.M.G.

1. The Political Section has asked for a complete report of the incident concerning Madam Oneto, wife of the Argentine Charge d'Affaires, who was recently detained in house arrest during an unauthorized visit to 8th Army area.

2. It appears that Madam Oneto requested permission for this visit, which request was refused. Nevertheless, she did enter 8th Army area in the automobile of the Charge d'Affaire and was detained. The Political Section desires to make a complete report of this incident and I would therefore be grateful if you would give me full particulars of just what occurred in the 8th Army area.

SUBJECT: Control Civilian Movement.

TO : See Distribution List.

1. The importance of exercising a strict control over the movement of civilians, especially in the Army Zone, needs no emphasis.
2. Recent reports, however, indicate that:
 - (a) standard passes are being issued to places north of the Rear Army Control line without reference to the S.C.A.C./AC concerned;
 - (b) passes are not completed correctly before issue;
 - (c) members of the Italian and United Nations Armed Forces and Members of the CC.RF. and CC.FF. are attempting to enter the Army Zone with spurious duty passes and otherwise in contravention with the regulations relating to movement;
 - (d) civilians in possession of letters of "authority" and "protection" from Military Units, Embassies, Legations, Vatican, etc., attempt to enter the Army Zone without standard Movement of Civilian Passes.
3. In future the issue of passes to places north of the Rear Army Control line without reference to the S.C.A.C./AC concerned will be regarded as a grave breach of security. This instruction will be drawn to the attention of all concerned.
4. With regard to the issue of passes :-
 - (a) a separate pass must be issued in respect of each person;

- (b) passes are not completed correctly before issue;
- (c) members of the Italian and United Nations Armed Forces and Members of the CC.RR. and CC.FF., are attempting to enter the Army Zone with spurious duty passes and otherwise in contravention with the regulations relating to movement;
- (d) civilians in possession of letters of "authority" and "recommendation" from Military Units, Embassies, Legations, Vatican, etc., attempt to enter the Army Zone without standard Movement of Civilian Passes.
3. In future the issue of passes to places north of the Rear Army Control Line without reference to the S.C.A.C/R.C. concerned will be regarded as a grave breach of security. This instruction will be drawn to the attention of all concerned.
4. With regard to the issue of passes :-
- (a) a separate pass must be issued in respect of each person;
- (b) applicants full name, address, and identity card number **2340** be shown on the pass;
- (c) the holder will not be authorised to be out of doors after curfew except for valid reasons;
- (d) each pass must be signed by the applicant before issue;
- (e) no alterations or additions will be made to a pass except by way of endorsement on the back;
- (f) facsimile signature stamps will not be used.
5. Regional Commissioners and Quarters will refuse all applications for passes to places north of the Rear Army Control Line unless the journeys will directly benefit the war effort.
6. Applications for passes which are referred to S.C.A.C/R.C.'s for approval will contain full particulars of itinerary, reasons for travel, and dates involved, as well as other details necessary to complete passes in full.
7. Documents in Italian will be translated before they are transmitted to the S.C.A.C/R.C.'s concerned.

- 2 -

8. Passes to places in the vicinity of the Rear Army Control Line will not be issued unless the issuing office is satisfied that the reasons for the journey are good and sufficient. Many cases are occurring of persons travelling to such places with regular passes and on arrival making application for additional passes into the Army Zone.

9. It is emphasized that the only regular pass is the standard yellow Movement of Civilian Pass. All irregular passes found in use will be confiscated and forwarded to this Headquarters with a covering report. After investigation a proper pass may in suitable cases be issued in place of a confiscated pass.

10. Passes or Permits which purport to enable persons to use motorcars or perform special duties in the Army Zone will not be issued unless in conjunction with regular Movement of Civilian passes approved by the S.C.A.O/R.C. concerned.

11. The provisions of Executive Memorandum No. 77 will be complied with by all concerned on all occasions.

Subject: Issuance of Travel Permits

To : Regional Commissioner, Southern Region, AC

1. Acknowledgement is made of your R/1183 of 1 November 1944.

2. The entire question of travel permits, and permits for civilians to ride in WD vehicles has been gone into, and the position is as follows:

a. Insofar as AC is concerned, the standing instructions on the control of civilian movement are contained in Executive Memorandum No. 77, dated 31 August 1944. This, in turn, is based on AAI Routine Order 235/44, dated 18 August 1944. The AAI Routine Order, in brief, specifies that the only form of pass to be issued to civilians is the standard AOC/MAC travel permit (the yellow and blue one.) In emergencies, for operational and/or intelligence purposes, an improvised pass may be issued by responsible officers, but such passes must contain the following information:

- (1) Name, Identity Card number, and signature of bearer.
- (2) Statement of where the bearer is going, where he or she has come from, and the purpose of the trip.
- (3) Statement as to the length of time for which the pass is valid.

b. AAI has had in force for some time standing instructions as to the type of pass to be issued to civilians to authorize them to travel in WD vehicles. This instruction appeared as AAI Routine Order 20/44, and was repeated as Routine Order 211/44. This is the pass in use at this Headquarters. In addition, civilians travelling out of Hq, AC, are given regular travel orders.

3. The matter has been discussed quite fully with the Public Safety people, and they are of the opinion that the existing instructions on the subject are entirely adequate, provided they are adhered to.

4. A sample of the permit for civilians to ride in WD vehicles in use at this Hq is attached, for your information.

R/1183

1 November 1944

SUBJECT: Irregular Permit.

TO: Headquarters, Allied Commission, ✓
(For attention of Public Safety Sub-Commission).

1. Attached hereto is copy of a permit issued by Colonel J. J. CARNES, authorizing a Mrs. Bluma Holpein to travel on WD vehicle from Rome to Bari because she is an Allied Commission employee in the Transportation Office in Bari.

2. It is agreed that such employees should be given permission to travel on WD vehicle if this is necessary. It is pointed out, however, that authorities in the attached form might be very dangerous documents if issued to irresponsible Italian civilians. It has no expiring date and is apparently a permanent authority. The price for comfortable transport from Naples to Rome is now Lit. 6,000 per person. If a document such as the attached enabled the holder to travel by military vehicle from Rome to Bari a number of times, it might well be worth Lit. 20,000 or more cash. (This does not in any way imply that Mrs. Holpein can not be trusted - a general case is being stated).

3. It is suggested that HQ Allied Commission adopt the same practice at this HQ and that civilian employees travelling on duty should be issued with formal and detailed movement orders for one journey only ~~as~~ if they were military personnel.

4. There would be many advantages if the problems of civilians moving in WD vehicles could be cleaned up throughout Italy. A printed uniform pass for use by all branches of the Services and by all the Allies would much facilitate the work of the Military Police and help vehicle drivers to distinguish properly authorized persons. The pass should be in English and Italian and should normally be for one journey only. Submitted for consideration.

SUBJECT: Civilian Movement.

TO : DCCAO, HQ AAI.

1. I refer to Part II para (g) of Monthly Report for October of AMG Fifth Army.

2. In this reference is made to the control of civilian movement and it is obviously causing some anxiety to the DCCAO. The trouble appears to come under two headings:

(a) laxity in the enforcement of the Rear Army Check Line by Army Police.

(b) Transportation of civilians by Allied officers.

3. I shall be glad if you will discuss this matter with HQ AAI with a view to tightening up the control on the movement of civilians in the general interest.

4. In so far as reference is made to Allied Commission officers coming from ROME and backward Regions I am not sure that the blame can be laid in this direction entirely as I believe that much travel takes place between the forward Regions and ROME. It would be well, therefore, if you will bring this question generally to the notice of the forward Regions, at the same time emphasizing that transportation to ROME should be reduced to a minimum in the interests of economy. Regional Commissioners should also impress on their couriers, especially those having Italian drivers, that civilians will not be picked up.
