SUBJECT : Civilian Travel : Category "B"

TO : H.Q. Allied Commission

A Mr. R.M. Dexter representing British Insurance interests is in Milan. His visit is sponsored by the British Government under the Category "B" scheme, so every consideration is being shewn him.

It appears that the standing of visitors under this scheme is not generally realised and the suggestion is made that instructions be issued so that all concerned be made aware of the importance of these visitors.

The presence of unauthorised commercial gentlemen in military quarters is understood to be a subject of correspondence, but it cannot be too strongly emphasised that the presence of these gentry in juxtaposition with category "B" visitors is certain to have unfortunate repercussions.

Office of the Executive Commissioner

To: Chief Staff Officer.

7 May 1945.

Reference civilian employment agreement with Allied Commission, I beg to submit my application for release - on a provisional basis, if possible - for the following reason.

My husband has been a prisoner of war in Germany since March 1941, and will now presumably be repatriated to U.K. in due course. Latest official communication from the Foreign Office, dated 23 March 45, was to the effect that he was then interned near Eisenstein on the German-Czechoslovak border.

On expiry of one month's notice as from today, I should therefore very much appreciate if favourable consideration would be given to my immediate release on receipt of official notification regarding my husband's repatriation.

Block F,
Room 7,
Montagu House Annex, S.W.1.

7th March, 1945.

Dear Colonel Henn,

Civilians for employment in the
Allied Commission, Italy.

Your letter of the 17th February raises many points and I will try to deal with them in order:-

1. Letters from the War Office to either Allied Commission or A.F.H.Q. have been few. We will see, however, that all letters will be dealt with in accordance with your request.
2. Your letter of the 14th February has been answered (March 5th).
3. (a) With regard to civilians replacing military personnel, we have fitted your requirements into the original War Establishment XXII/85/1 effective from January 6th 1944 so far as possible, but some recent requests, for example - Labour and Transportation, appear not to be included in that framework. The details of personnel on the Commission which we have just received from the Deputy Executive Commissioner will help us a great deal in understanding your set-up.
- (b) The need for such cases is recognised. In making your requests, however, as much information as is available should be given as Treasury sanction has to

/ be

be obtained and while any requests from A.F.H.Q. are seldom queried it is well to be prepared.

4 & 5. (a) Civilians are expected to fill posts on your Establishment and thereby to release military personnel for reposting.

(b) When civilians are required to fill posts for which no provision has been made on the W.E. we are dependent on information received from you as to the type of man required and his equivalent military level. The final decision on the last point rests with your H.Q., subject to Treasury agreement.

6. The memorandum of Conditions of Service and an agreement are in draft and should be ready for issue shortly. The Instructions concerning the administration of civil establishments based on these conditions will be sent to the Head of the Commission as soon as they are finally agreed. He, no doubt, will depute a member of his staff to deal with these matters, referring to this office any points not covered by the instructions.

With regard to the detailed points in 6 -

(a) These will be covered by the foregoing, but at present, arrangements are being made for civilians to be paid through the Head of the Commission but the numbers involved so far are very small.

(b) The civilian is appointed either to a post on the W.E. in which case, his equivalent rank is defined or where appointed outside the War Establishment, A.F.H.Q. should indicate the equivalent in military rank of the post

/ end

and if the War Office agree, the appointment will be confirmed in those terms.

- (c) Proposals for up-grading of civilian posts should be referred to the War Office (C.10).
- (d) This has already been covered.
- (e) The grade of civilians is based on consideration of the quality of the work and the responsibility of the post.

I may also mention a small matter on which we have had correspondence from the Foreign Office. It is the case of Mr. F.R. Gatty and Miss Sheila de Haan, who, after working with the Communication Sub-Commission for a time, have been asked by the Civilian Personnel Officer (sic) to produce proper letters of assignment. Sir Noel Charles covered them but it would be helpful to know if the position is satisfactory. Perhaps the original authority given to the Foreign Office by A.F.H.Q. for the attachment of these people to the Allied Commission could be reaffirmed.

Yours sincerely,

R. Anderson

Reference your 68993 (?) CIO of 16th February.

1. Your paras 1, 2, 3 and 7. AG Tn SubCommission Memo No 1 is an internal domestic paper showing organisation of SubCommission. Col HERBERT's notes dealt with a possible internal re-distribution of manpower within ALLIED COMMISSION's authorized War Establishment. Neither Memo nor Col HERBERT's notes have any bearing on problem.
2. Your paras 4, 5 and 6. It is confirmed that our requirements are as in FX 18005 of 30th January para 2 except that equivalent military rank may be either Lt Col or Major according to qualifications of the individual as you may decide. Request notification in each case of qualifications and age before you finally engage. Further details of specifications of work cannot be given but all will have duties commensurate with equivalent rank of Lt Col or Major in work specified. Status grade and salaries are indicated by equivalent rank.
3. Your para 8. In an integrated organisation it is quite impracticable to determine in advance exactly which posts are to be filled by U.S. or British as it depends entirely on qualifications and personalities of new arrivals from WASHINGTON and LONDON.
4. Your para 9. ALLIED COMMISSION is providing information. Further enquiries affecting British civilian personnel should be sent through C-5 AFHQ. Strongly recommend personal visit from member your French to AG ITALY.

Dear Colonel Fiske,

I do not know whether you will have seen any of the letters and telegrams which have gone from time to time from this branch to Allied Commission Headquarters, and I do not therefore know whether you are aware of our small part in the scheme of things.

To give you a brief history of this, C.10. was formed about a month ago with terms of reference as follows:-

"..... to administer the civilian staffs of the British
"Sections of the Allied Commissions of Control
"(other than those of Germany and Austria) and
"of Civil Affairs (in occupied and liberated
"countries).....will also be responsible for the
"number and grading, and the selection, appointment
"and conditions of service of such staff"

We have received so far two requests from A.P.H.Q. for civilians, and in our endeavour to find suitable personnel have been extraordinarily handicapped by our lack of knowledge of the general background in Italy. In particular we have, I am afraid, a very vague picture of the Commission itself, and have only recently succeeded in obtaining any details at all of its personnel. The information we have, moreover, is confined to the original War Establishment and to the names of some of the senior

ROME.

members of the staff, and much of it is possibly out of date. My predecessor in C.10, Nelson, wrote to Major Talbot, who is, I believe, on Brigadier Lush's staff, some time ago asking for amplification and verification on this side of the picture, but it has now been suggested to me that you are the proper person to whom to apply for information of this kind. We have had no reply from Major Talbot, and the matter is becoming rather urgent. You may have seen my letter of January 28th to Brigadier Lush, which shows the danger of ignorance at this end.

Briefly, it would be of immense assistance to us if you could send us a detailed statement of the present Headquarters establishment of both the Administrative and Economic Sections. If possible, we should like the names and a brief indication of the functions of all officers and civilian officials, together with a note of the number of other ranks, by grade, who are allotted as their office staff. It would also be helpful if it could be indicated whether individuals are American or British.

Such information would give us a much clearer picture of what is required when we are asked to provide civilian replacements for military officers, and with the present policy of civilianization it seems likely that such requests may increase.

There is a further point on which you may be able to help me. I gather through more or less unofficial channels that several British civilian women are at present serving with the Commission (Miss Lottman-Johnson is a case in point). These were, no doubt, engaged locally before this branch existed, but I feel, in view of the fact that they have now become our responsibility, that it would

be as well if they were officially included in our civilian establishment. I wonder, therefore, if you could let me have the usual details as to name, nationality, age, grade, rate of pay, and the date they were first employed. If you are not the right person to have approached on this point, perhaps you will be good enough to pass my enquiry on to the proper quarter.

I am very conscious as yet that we have not as a branch justified our existence at all, and I can only assure you that the immense quantity of information for which I have asked will very materially assist to lighten our darkness. I shall be most grateful for your help.

Yours sincerely,

A. R. Maud

Dear Talbot,

With reference to our recent conversation regarding the appointment of civilian personnel to the British Section of the Allied Control Commission in Italy, I should be glad if you would ensure that, when requests are made in future for civilian staff to fill specific posts, ^{an} indication ~~should be~~ given whether it is the intention to substitute a civilian for a military officer already filling the post or whether the civilian is required to fill a post on the establishment that has not yet been filled.

I should also be glad if you would kindly let me have the following particulars for record purposes:-

Complete list of civilian personnel (distinguishing ^{between} temporary and permanent Civil Servants) at present serving with the British Section of the Control Commission in Italy, with particulars of:-

- (a) Grade (or appointment)
- (b) Salary
- (c) Date of appointment
- (d) Authority for appointment
- (e) Tenure of appointment (i.e., whether for a specific period or for an indefinite period).

I am sorry that I was unable to see you again before your return to Italy. You will be interested to know that we are having a Selection Board on Thursday (to-morrow) to interview four candidates for the appointment of Deputy Director of the Industry Sub-Commission, and that we have also received nominations for the Deputy Director of the Economic Section and for the Deputy Director of the Agriculture Sub-Commission.

1. Reference is made to recent negotiations and requests for civilians to fill certain specified appointments in the Allied Commission, Italy. There has been some confusion as regards channels used for correspondence on this matter. Certain letters went through A.F.S.O.; others on a D.O. basis direct with representatives of the Allied Commission. It is requested that in future all correspondence on the question of civilians for the Allied Commission should be channelled through A.F.S.O. Where it is necessary after the initial application to correspond direct with the Allied Commission, either on a D.O. or official basis, it is requested that copies of all such correspondence should be sent to G-5 Section, this Headquarters.

2. A letter summarising the requests for civilians made to date was forwarded under our G-5: 230.4-15 of 14 February 1945.

3. Civilians coming out to join the Commission will fall into two main categories

- a. Those replacing military personnel in appointments which exist in present S.S.'s.
- b. Those for whom no equivalent military appointment exists in present S.S.'s.

The latter may include certain classes of specialists.

4. As regards category 2 (a).

- a. Do these count against military S.S.'s, i.e. do they in effect replace a serving officer or fill an existing military vacancy?
- b. When a civilian in this category is required *probably*

this H.Q. is responsible for stating the type of civilian wanted and what equivalent military appointment in A.R. he is to be held against. Does the final decision on this matter rest with A.F.H.Q. or with War Office?

5. As regards category 3 (b), how are personnel in this category to be obtained? Will it be sufficient to make a request to the War Office giving full details and justification why such civilian personnel are required?

6. The following general points regarding civilians also require clarification:

- a. What is the channel of communication as regards the individual civilian's pay, administration, etc.?
- b. During the military stage would all civilians sent out here be given an equivalent military rank, with authority for such in writing? This is done in the case of U.S. civilians, and is of great assistance in arranging accommodation and other details of administration which, of necessity, are somewhat scaled according to rank.
- c. How is upgrading of civilians effected once they have been appointed and assumed duty in Italy; e.g. when it is proposed to upgrade the Deputy Chief of a division to Chief?
- d. What, in general terms, are the conditions of service overseas?
- e. What, in general terms, is the system of grading civilians?

7. Pending a decision from you the Allied Commission, Italy have been instructed to work on the assumption that civilians will count against their military War Establishment.

8. It is requested that the above and any other information which may be of assistance to this H.Q., may be forwarded, with a copy to H.Q., Allied Commission, Italy.

INSTRUCTIONS
TO

MR. J. GRAHAM ON HIS DUTIES TO BE PERFORMED
AS HEAD OF THE MINISTRY OF FOOD OFFICE IN
SICILY.

The purposes for which you have been appointed as Head of
the Ministry of Food Office in Sicily are:

1. To advise A.C.C., M.E.D.B.O., and other official organisations on the Ministry of Food's requirements of the various foodstuffs and food products available for export from Italy and Sicily, e.g., the kinds, qualities, prices and degree of priority to be attached to each commodity.
2. To be empowered to place or confirm orders on behalf of the Ministry of Food in accordance with instructions given to you from time to time by the Ministry.
3. To ensure that the quality of each commodity exported to the United Kingdom conforms to Ministry of Food requirements and that the commodities are shipped in proper condition, having regard to the nature of the shipping space available and the expected length of voyage time.
4. To co-operate with technical experts who will be sent out by the Ministry from time to time as the need arises.
5. In general to supervise on behalf of the Ministry of Food the flow of food and food products from Italy and Sicily to the United Kingdom and to other destinations as may be decided, to keep all necessary records and to report to the Ministry of Food all these matters.

For the purpose of discharging the above duties you will work under the supervision and control of the Allied Control Commission. All communications will be addressed through the Allied Control Commission, with copies as required for the information of the Commission and A.F.E.Q., and you will keep the Commission fully posted as to the activities of your organisation which is to be regarded as essentially part of the Allied Control Commission.

Office of the Chief of Staff

2 February 1945.

SUBJECT: Allied Civilian Employees.

TO : DCOS, Est Sec
DCOS, Econ Sec.

I am directed by the Chief of Staff to forward you (given below) extract from a letter he has received from his Chief Staff Officer who has recently been visiting the War Office and pursuing the matter of British civilian employees for the Allied Commission:

"I went to see a Mr. Alexander who has taken over the filling of civilian appointments at C.10. He seemed to me an extremely live wire and is doing his very best for us. You probably know that Mr. Brayne has asked for five civilians to go out to him with labour qualifications. Mr. Alexander was not clear whether these were replacements or surplus to the establishment.

As regards the appointment of British Executive Director, there was a Major Flynn from Ireland, previously Colonial Secretary in Jamaica and Barbados, who had also had some experience in Cyprus, and who was a possibility. They were expecting to interview him soon.

For the Industry job, they have Egerton-Banks whom they are interviewing in a day or two. He is doubtful and if not suitable there is a man called Gooding who was recommended by Sir Henry Self. Mr. Harden thinks well of him.

As regards Transportation they have no candidates so far for rail transportation. As regards roads, there are 16 candidates out of whom they anticipate finding a suitable one within the next week or so. There is also a good civilian called Teare who had done the same sort of job in Turkey and the Balkans after the last war. He is now 57 but by no means senile. Since then he has had a variety of experience and would be, Mr. Alexander thought, a very suitable man for that job. I told him, however, that you had Colonel Thomas in this job and that you, therefore, did not require a Deputy Director of Transportation any longer. Do you want Teare for anything else? "

TO : COS

1. As a result of a discussion in the last two COS meetings, we are attaching a memorandum for your signature which will have the effect of regularizing the position of certain British civilians now on duty with the Allied Commission, Economic Section.

2. It is suggested that the handling of the relationships with British civilian personnel might be facilitated by the setting up of a central point of reference, in the Allied Commission and in London, for matters having to do with British civilians assigned to AC. At present, responsibility for recruitment lies with the several Ministries concerned and there appears to be no uniformity in the instructions under which such personnel operate when they get to Italy.

WM & I.P.W. Sub Com have asked for a British Secretary and we are arranging for one to be sent over from Cairo. I know of no other demands. I am wary of increasing the number of British Secretaries as three of them complained they had nothing to do. These have been re-assigned and now appear to be happy but I advise against employing more of them unless we know there is work for them to do. Only in very few case at present - such as when they do the work of Personal Assistants to senior officers, can they replace military personnel. I can, however, see the possibility of their being the nucleus of a Civilian staff when such Sub Commissions as Commerce, Industry, Agriculture etc. become entirely civilianised. I should like your direction on the matter as soon as convenient to you because I have about half a dozen applications for employment to answer.

 - (a) Employment of Mrs. Hinton by Allied Commission came as a result of Mrs. Hinton's applying for such employment, rather than as a consequence of solicitation on the part of Allied Commission, and one of the conditions of her employment, according to the officer in whose office she worked during the period of her brief stay here, was that she secure her release from the YMCA.

Subject: Mrs. M. Hinton, YMCA (B)

To : G-5, Allied Force Headquarters

1. Reference your G-5: 201-Hinton, M (Mrs) of 19 November, with inclosed CR/4391/G-1(B) of 16 November.

2. Investigation discloses:

a. Employment of Mrs. Hinton by Allied Commission came as a result of Mrs Hinton's applying for such employment, rather than as a consequence of solicitation on the part of Allied Commission, and one of the conditions of her employment, according to the officer in whose office she worked, during the brief period of her stay here, was that she secure her release from the YMCA.

b. Mrs. Hinton resigned from Allied Commission (evidently upon discovering that release from YMCA was impossible) about a week after commencing employment.

c. There appears to be no basis for belief that Allied Commission officers were uncooperative in this matter.

d. Major Puddy, at whose suggestion, apparently, Mrs. Hinton applied for employment in Allied Commission, is not an AC officer, and is not, in fact, known to the officer by whom Mrs. Hinton was employed.

3. No further action appears indicated to be taken by this headquarters.

Dear Sir,

Further to our letter of 10th November, regarding the prospect of employment for Mrs. P. Siepmann, we have also on our staff a Miss Joy Marc whose appointment in Syria has now come to an end.

Miss Marc was born in Paris in 1905, educated at Headington School for Girls, Oxford, and King's College, London, where she took a 2nd in History.

Miss Marc spent some time in France learning French and also trained as a shorthand-typist. In 1930 she worked for the League of Nations Union in London, looking after Student's Groups.

In 1933 she took up teaching and in 1935 joined the Egyptian Government.

Miss Marc has been on loan to us since July 1943 and was employed in our Intelligence & Information Dept on Territorial Surveys. She has recently been working as a Personal Assistant in Syria.

If you feel there is any vacancy in which you can employ Miss Marc, we should be pleased to hear from you. Miss Marc's salary with M.E.S.C. is £535 per annum, which is, of course, adjustable according to the cost of living in the territories in which she is employed.

Yours sincerely,

H. D. Watson

CONFIDENTIAL. Your 85042 CA 9 of 14 October and this HQ FX 34627 of 5 Oct 44 is reference. Following is amplification. Increasing impact of civilian labour problems on Italian Economy has brought into sharp focus the necessity of replacing immediately present military director (British) and deputy director (US) of ACC Labour Sub Commission by two thoroughly qualified civilians.

Three factors stress the need for prompt action in expediting these replacements.

A. Italian Government officials have expressed their satisfaction at dealing with trained Allied civilian experts.

B. The sound representations made by Italian Labour leaders.

C. The constructive comments made by visiting delegations of Allied Labour organizations.

The particular mission for which COE J.G.R. BAIN and the US officer associated with him were selected has now been accomplished. US are selecting a civilian suitable to act as either director or deputy director. It is essential we do likewise. Resident Ministers telegram 465 of 5 October 44 to Ministry of Labour at suggestion of General WILSON is paraphrased as under and given further information. "BAIN present head of Labour Sub Commission returning home. Although he had done good work he is incapable physically and mentally of going on. First class man wanted to take his place if you will realize from a word with LAWRENCE or O'BRIEN the vital necessity for a man of authority, experience and patience. Beg you settle it with Secretary of STATE
