These functions are undertaken with the objective of the re-establishment of private trade to the maximum extent, under appropriate Italian Government controls to insure that Italian external resources are used to the best advantage from the standpoint of rehabilitation of the Italian economy and the provision of essential civilian supplies to that end.

Advises the Italian Government with regard to policies and procedures that affect the production, procurement, and utilization of essential food and feed.

D. Shipping arrivals (averaging 80 per month) are coordinated by coal shipping experts of the Department to avoid congestion at Italian ports. The Fuels Dept. (POL) screens demands for POL under the national programs made by Italian Government and arranges for procurement of supplies through agreed channels. Until such time as Northern Regions are handed back to the Italian Government, it is temporarily necessary to make definite allocations to Northern Regions in addition.

In addition acts in advisory capacity to Italian Government on matters concerning the rehabilitation of roads and the public utilities. Acts in executive capacity through Italian channels in such functions in AMG territory.

11. FOOD SUB COMMISSION

Is charged with the systematic procurement, and with the supervision of the distribution, of imported food supplies, and with the administration of local food resources.

15. AGRICULTURAL SUB COMMISSION

APPENDIX D.

It will be seen that the policy of JAN 487 has been implemented and, with the disappearance of several sub commissions, further implementation is envisaged. It must be remembered that directives continue to be received from higher authorities (e.g. JAN 503) which make it necessary, particularly in economic matters, for the Commission to take the initiative in tendering ~~advice~~ advice to the Italian Government, and to represent to them the views of ALLIED and the OCS. There has, however, been a progressive tendency to place upon the U.S. and U.K. Ministers the responsibility of increasing on the Italian Government the views of the Allied Governments.

SUBJECT: WMD/ICOW Sub-Commission.

TO : Chief Commissioner.

I have just had a meeting to settle the split up of the War Materials Disposal and Italian Prisoner of War Sub-Commission. The following decisions were taken subject to your approval:

- (1) Lieut. Colonel GARNETT (B) with 17 officers (8 British/9 US) will form the War Materials Disposal Sub-Commission of the Economic Section. 8 of these will form HQ in Rome, 6 in MILAN, and 4 in the field. 9 British officers are now in the Sub-Commission; 6 US officers including a Deputy Director will have to be found. Colonel Partin has directions on this.
- (2) An Italian Prisoners of War Division will be set up in the Civil Affairs Section under Lieut. Colonel RHODES (A) as chief of the Division, and 4 officers. 3 of these officers are now with the Division and a British Major is to be appointed. G-1(B) has directions on this point.
- (3) The date will be 1st September with agreement that there shall be a physical overlap of 7-10 days.
- (4) I propose to return to the charge with AFHQ on transferring the responsibility for Italian POW to the Land Forces Sub-Commission. It is abundantly clear from our experiences in the last 6 months that this should be done.

MEMORANDUM:

TO : Colonel Perkin

- 28
1. I checked with Colonel Regis (Deputy Director, NND & IPW Sub-Commission) on the meeting concerning the reorganization of the Sub-Commission.
 2. Colonel Regis is preparing the information requested by Displaced Persons in their letter DPH/1/ADM of 8 August. Colonel Regis states, however, that Colonel Campbell is the only member of the Sub-Commission competent to make a statement on the War Materials Disposal work. Neither Colonel Regis nor Colonel Campbell's assistant are sufficiently familiar with the work of this section of the Sub-Commission to do so.
 3. Colonel Campbell is due in from the north in a day or so, at which time I will contact the Sub-Commission again.
