1. RESCINDINGS--

Previous instructions contained in letters AG 311.5 (7 May 43) 03-S-E-, 15 May 1943, and AG 311.5 (29 Feb 44)03-S-E-M, 16 March 1944, subject as above, are hereby rescinded.

2. PURPOSE--

The basic purpose for using code names is to insure secrecy concerning intentions and to safeguard information pertaining to military operations.

3. DEFINITIONS--

a. Code names are specially selected words assigned:

- (1) To provide discreet and brief names for plans, projects and forces.
- (2) To conceal intentions in documents, communications and discussions pertaining to plans and operations.
- (3) To designate places in conjunction with 1 and 2 above.

RESTRICTED

RESTRICTED

(Cont'd)

15 April 1945

b. Code words assigned to major or special projected operations will be classified initially TOP SECRET. This classification may be later down-graded in accordance with paragraph 7, below. All other words will be classified SECRET and are not subject to downgrading but may be cancelled (See Paragraph 8, below).

c. Attention is invited to the distinction between code words and shipping designators (see letter AG 400.161 (19 May 43)CB-S-S-OT-, 1 June 1943, subject: Requisitioning and Marking Supplies for Overseas Shipment (Marking Directive), as amended by letter AG 400.161 (23 Aug 43)CB-S-S-OT-M, 29 August 1943, same subject).

4. ASSIGNING AUTHORITIES--

a. Joint Security Control, a subordinate agency of the Joint Chiefs of Staff, is the central U.S. agency charged with responsibility for the dissemination and coordination of code words for projected operations.

b. Within the U.S. Army, the Operations Division, War Department General Staff, is the coordinating and disseminating agency for all other code words.

c. The Operations Division, War Department General Staff, will allot blocks of code words from the "Combined British--United States Inter-Services Code-Word Index." (CCWP 099) to commands under the War Department, including theater commands, upon their requests. Commands which are allotted blocks of code words are authorized to make assignments from these blocks subject to the provisions of paragraphs 5 and 6, below. They will also be furnished a copy of the "Combined British--United States Inter-Services Code-Word Index" (CCWP 099), which is the only authorized source for code words.

d. The selection and assignment of code words by agencies of the U.S. Army other than authorized assigning agencies and other than the Operations Division, War Department General Staff, is specifically prohibited.

5. METHODS OF ASSIGNMENT OF SECRET CODE NAMES--

a. Commands which require the assignment of a SECRET code word and which are not designated as assigning authorities will request the Operations Division, War Department General Staff, for a code word.

RESTRICTED

AG 311.5 (3 Apr 45)03-S-E--

(Cont'd)

15 April 1945

The meaning to be assigned the code word will be included in the request. The method of transmission of this request will be governed by the urgency of its requirement. Radio communication is authorized if necessary.

b. Commands designated as assigning authorities are authorized to assign SECRET code words from allotted blocks of the "Combined British--United States Inter-Services Code-Word Index"(CCBP 099) at their discretion. The Operations Division, War Department General Staff, will be notified immediately of assignments by the most expeditious means available. The meaning assigned the code word and, in the case of geographical locations, the coordinates to identify properly the place will be included.

c. Limited dissemination of SECRET code words, together with their meanings, will be made by the Operations Division, War Department General Staff, to interested agencies and commands by a SECRET mimeographed publication entitled "Key Lists of Assigned Secret Code Names".

6. METHOD OF ASSIGNMENT OF TOP SECRET CODE NAMES--

a. Commands which require the assignment of a TOP SECRET code word for a projected operation and which are not designated as assigning authorities will request of the Secretary, Joint Security Control, Washington 25, D.C., a code word for the meaning as included in the request. The method of transmission of this request will be governed by the urgency of its requirement. Radio communication is authorized if necessary.

b. Commands designated as assigning authorities are authorized to assign TOP SECRET code words for projected operations from the allotted blocks of the "Combined British--United States Inter-Service Code-Word Index"(CCBP 099) at their discretion. The Secretary, Joint Security Control will be notified immediately by the most expeditious means available of the assignment, including the meaning.

c. Joint Security Control will make and control the dissemination, except within the subordinate commands of the assigning agency, of TOP SECRET words through TOP SECRET control channels.

7. CLASSIFICATION, DOWNGRADING AND DECLASSIFICATION OF TOP SECRET CODE WORDS--

5292

RESTRICTED

RESTRICTED

AG 311.5(3 Apr 45)03-2-L-

(Cont'd)

15 April 1945

a. Code words assigned to certain major or special operations will be classified TOP SECRET during the planning stage and until the operation is mounted--e.g., until landing of amphibious mounted troops participating in the operation, or in the case of airborne troops, until such time prior to the landing as is necessary for their proper instruction.

b. Upon mounting and during continuance of the operation, such code words will be classified as SECRET.

c. On completion of the operation operational code words may be downgraded to CONFIDENTIAL.

d. Eventually operational code words may be downgraded to RESTRICTED or declassified, as appropriate, for use in historical documents or published articles.

e. The downgrading or declassification of operational code words does not control the classification to be assigned to the document in which it is contained. As in the case of classified matter generally, each document must be graded according to its own content, apart from the code word contained therein, except where the code word is graded higher than the classification which would normally be assigned to the document itself.

f. The reclassification of operational code words in accordance with the above principles, and notification of agencies concerned, including the Operations Division, War Department General Staff and Joint Security Control, is the responsibility of the theater commander concerned with the operation.

8. CLASSIFICATION, DOWNGRADING OR DECLASSIFICATION OF SECRET CODE NAMES--

SECRET code names, excepting operational code names reduced from TOP SECRET, will remain in a SECRET classification until compromised or until they are no longer needed. SECRET code names no longer needed will be cancelled at the discretion of the assigning authority and notification made through regular channels to the Operations Division, War Department General Staff. They may then be published in historical reports and other documents without classification.

9. SECURITY ALBULES--

RESTRICTED

AG 311.5(3 Apr 45)CB-3-E-1

(Cont'd)

15 April 1945

The proper use of all code words is enjoined on all personnel having access thereto. In the preparation of communications and documents, the following instructions apply:

a. Communications and documents containing code words will be placed in a classification at least equal to the Classification of the code words contained therein. Classification lower than that of the code word contained is in direct violation to the provisions of AR 380-5.

b. The meaning of a TOP SECRET code word will never be used in the same communication as the code word itself.

c. The meaning of a SECRET code word will be used in a communication together with the code word only when it is absolutely essential to do so.

d. When a code word is used in a communication or document, reference to related localities, forces, and plans should likewise be coded, if such code words are available.

e. Code words will not be used:

- (1) As an address for a communication
- (2) As a return address on mail
- (3) As an address for shipments
- (4) As an indicator for filing system
- (5) As a designation of exchange offices, or other activities associated with a force, place, or plan identified by the code word.
- (6) To indicate destinations in routine flight operations.

f. Commands requiring knowledge of the meaning of code words in order to transact official business should request this information through command or technical channels, as appropriate. Within the restrictions imposed by the need for security, commanding officers receiving information on code words are authorized to supply subordinate agencies of their commands with so much of this information as may be actually needed to transact official business.

5291

RESTRICTED

AG 311.5 (3 Apr 45)07-3-E-11

(Cont'd)

15 April 1945

When persons not subject to military law require knowledge of code names in order to transact governmental business, such information will be supplied under the provisions of paragraphs 20 and 23b, AR 360-5, 15 March 1944.

10. COMPROMISE--

In the case of the compromise or possible compromise of a code word the organization having such knowledge will advise the Operations Division, War Department General Staff, (also Joint Security Control in the case of TOP SECRET code words) immediately by the most expeditious means possible. The assigning authority then will be advised and a new code word will be assigned and disseminated according to the procedure outlined above.

T.31.60.03

26th April, 1945

SUBJECT: Communications to N.W. Italy

TO: Distribution as below:

1. No. 1. Special Force will have wireless telegraph communications from HQAE to LILAS, TURIN, and GENOA immediately following the control of these cities passing from enemy hands.
2. There will be limited spare traffic capacity on these circuits available for use by the Allied Commission during the period immediately following liberation until normal Allied Military services are available on establishment of Area Headquarters in these cities.

3. Messages for these cities during this period should be handed in in the usual way, and will be forwarded for transmission to the HQs. No. 1 Special Force, Rome. They will be endorsed 'In Clear' or 'By Cipher' by the Adjutant's office in accordance with the classification given by the originator; in this connection it is pointed out that the ciphering capacity is only about one fifth of the total traffic capacity and messages should be sent 'In Clear' as much as possible, consistent with essential security.

4. No. 1 Special Force cannot undertake delivery to addressees. It will therefore be necessary for any officer going to these cities at this stage, who may expect a message from Rome, to establish contact with the Special Force office in the city in question and arrange for collection of any message that may be received for him.

Messages for transmission from Rome will be delivered by the HQs. Adjutant's office to:

115, Via Barnaba Oriani (Tel: 878119)

Messages received for Rome will be collected from that address by the Adjutant's office.

SUBJECT: Telephone Communication

TO : HQ AAI, "E" Branch
(Attn: Deputy Chief Signal Officer)

1. Reference is made to letter this headquarters, subject, and file number as above, and dated 24 November 1944.

2. In place of the telephone system outlined in the letter referred to, there is now a direct circuit between this office and Filpot exchange. The previous instructions as to the method of calling this office are therefore rescinded.

3. To reach this headquarters ask Filpot operator for "Piemonte Region".

SUBJECT: Radio Telephone Service to UNITED STATES.

TO : Chief Commissioner.

1. The State Department, WASHINGTON, has given its consent to the re-opening of the Radio Telephone Service to the United States and we have now to nominate individuals in AG who will have authority to use it.

2. The service has so many restrictions attached to it that in my opinion it is almost worthless. For instance, the subject of conversation must not have bearing on the war effort or shipping, whilst only individuals already nominated the other end can answer a call.

3. However, the service may be put into operation at short notice now and I suggest for your consideration that in addition to yourself, your Vice Presidents and Political Advisers be authorized to make calls.

4. Permission can also be extended to diplomatic and consular representatives and the Italian Government. Political Section will make recommendations on these.

5. The establishment of this commercial undertaking appears to me to set a dangerous precedent.

2. ANNOUNCEMENT OF PROMOTION OF THE CHIEF COMMISSIONER:

- a. Announcement is made of the promotion of the Chief Commissioner of the Allied Commission to the rank of Rear Admiral, United States Naval Reserve.
- b. All correspondence, etc., prepared for the signature of the Chief Commissioner will be prepared as follows:

MILLY M. STONE
Rear Admiral, USNR
Chief Commissioner

(Chief of Staff)

3. SECURITY - CENSORSHIP:

Bulletin #235, this HQ, dated 17 September 1944, for the information and guidance of all concerned:

"The transmission through the mails (US & Br) of gramophone records containing personal messages is contrary to Censorship Regulations and is prohibited. All such records are stopped by the Censor.

Personal making such records with a view to sending them home are merely wasting money. It is therefore brought to the notice of all ranks that the making of such records is forbidden."

It has been brought to the attention of this Headquarters recently that printed handbills are being distributed in certain Enlisted Men's Messes in the Home Area advertising the making of records that can be sent home to families and friends in the United States. This is NOT TRUE. Attention of all is invited to Circular #32, Hq NAJOUA, dated 13 March, 1944.

4. CHRISTMAS & NEW YEAR'S DAY:

Christmas and New Year's Day, insofar as is practicable, will be treated like a Sunday, for purposes of the Allied Commission.

2. ANNOUNCEMENT OF PROMOTION OF THE CHIEF COMMISSIONER:

a. Announcement is made of the promotion of the Chief Commissioner of the Allied Commission to the rank of Rear Admiral, United States Naval Reserve.

b. All correspondence, etc., prepared for the signature of the Chief Commissioner will be prepared as follows:

ELIEN W. STONE
Rear Admiral, USNR
Chief Commissioner

(Chief of Staff)

3. SECURITY - CENSORSHIP:

The following is republished from paragraph 4, Daily Bulletin #235, this HQ, dated 17 September 1944, for the information and guidance of all concerned:

"The transmission through the mails (US & Br) of gramophone records containing personal messages is contrary to Censorship regulations and is prohibited. All such records are stopped by the Censor.

Personnel making such records with a view to sending them home are merely wasting money. It is therefore brought to the notice of all ranks that the making of such records is forbidden."

It has been brought to the attention of this Headquarters recently that printed handbills are being distributed in certain enlisted men's messes in the Rome area advertising the making of records that can be sent home to families and friends in the United States. This is NOT TRUE. Attention of all is invited to Circular #32, Hq NATOUSA, dated 13 March 1944.

MEMO TO: All Concerned.

SUBJECT: Security of Telephone Conversations.

1. An analysis of the subjects of telephone conversations for the two month period ending 31 October 1944, indicated security is being violated in that the conversations included information as to:

- a. Date, time group, reference numbers and plain text of many highly classified messages (violation of cryptographic security).
- b. Movement of troops and convoys with dates of departure and arrival and origin and destinations.
- c. Critical supply situation such as ammunition and gasoline requirements for armies in this theater and in France.
- d. Replacement and casualty situation in theater and requirements for additional personnel.
- e. Plans for various operations.
- f. Arrival and plans for military missions.
- g. Discussion of political developments.
- h. Movement of high ranking officers, officials and diplomats.

2. Violations of security committed in telephone conversations during the past month are of a more serious nature than those of the preceding period.

3. In all telephone conversations the operational necessity for a security violation must be carefully weighed. There may be occasions when operations will be unduly hampered by rigid adherence to security precautions.

4. Also in view of the fact that it must be assumed the conversing parties are familiar with the background of the material being discussed it should be sufficient in most cases to refer merely to reference number and paragraph rather than quote the entire message or even extracts of messages.

5. PROPERTY THEFT:

There have been reports to this office, numerous incidents where small personal articles, such as candy, gum, cigarettes, etc., have disappeared from individual desks and drawers.

It is therefore recommended, that all such articles, along with other more valuable articles, be kept under lock and key whenever possible. In all instances, these articles should be all items be kept out of sight. In the hour of need, temptation is very great.

All cases where desks and drawers are broken into should be immediately reported to this office, in order that proper action be instigated. (Hq Comit)

SUBJECT : Telephone Communications

TO : Headquarters, Allied Armies in Italy
"X" Branch, Deputy Chief Sig. (att. Col. Horn)

1. In view of approval by your headquarters, (conversation Col. Horn, DCSO, and Capt. Robb, this headquarters, on 22 November) arrangements are being completed to provide telephone communication between this Headquarters and the Filpot Exchange. To avoid any possibility of misunderstanding, the entire program is outlined herewith.

2. This headquarters will arrange for a circuit from this headquarters to the Chiusi terminus of the private circuit of the Valdarno Electric Co which has authorized us to share this circuit with them.

3. At the Siena terminus of this private circuit, Toti (through arrangement with the Siena director, Ing. Paoletti) will install a new private branch exchange of the type which will permit the switching of incoming calls from the private circuit to the Siena automatic exchange. The attendant at the electric company's cabin in Siena will be instructed as to the number to dial (20737 or 20738) in order to switch these private line calls through the Siena automatic exchange to the Filpot operator.

4. The routine for making a call will be as follows:

a. From Chianciano

- (1) When receiver is picked up, Chianciano operator will answer. Ask this operator for "Valdarno Chiusi".
- (2) When Valdarno Chiusi answers, ask for "Valdarno Siena".
- (3) When Valdarno Siena answers, ask for "Filpot" or request operator to dial 20737 or 20738.
- (4) When Filpot operator answers, request the military number or individual desired.

b. From military installation

- (1) Get Filpot operator and request him to dial number 20929, the Siena Valdarno terminus of the private circuit.
- (2) Ask Valdarno Siena for Valdarno Chiusi.
- (3) Ask Valdarno Chiusi for Chianciano.
- (4) Ask Chianciano operator for Piemonte Region, AMG.

1546

Declassified E.O. 12356 Section 3.3/NND No.

In connection with the above routine, it should be noted that calls may be made to civilian subscribers in Siena by requesting such number instead of asking for "Filpot" or "20737". It also should be noted that any calls from this headquarters for military installations outside of Filpot (such as trunk line calls to Lightning) will be on a recording and call-back basis. The call will be booked and when completed, the individual placing the call will be called back. Local Filpot calls will be completed without delay.

5. The officers of this headquarters who are authorized to make trunk line calls are:

Col. Robert P. Marshall	Maj. T.W. Gilbertson
Lt Col. A. M. White	Maj. G.E. Monk
Col. M. H. King	Maj. R.S. Trevelyan
Lt Col. E.J. Mercer	Capt. J.H. Fournier
Lt Col. C.R. Briggs	Capt. H.H. Enthoven
Lt Col. F.M. Reither	Capt. W. Shouse
Lt Col. C.R. Birchett	Capt. C.W. Kreilter
	Capt. H.W. Saunders

6. It must be recognized that the telephone circuit referred to herein, is a public line passing through numerous civilian switching centrals, accordingly, all users will observe all security measures and avoid conversations on classified subjects.
