Planning to transfer to UNRRA and ALLIED COMMISSION vehicles excess to theater needs which are uneconomically repairable to combat serviceable condition for redeployment purposes but which are or can be made suitable for training, local hauls, Administrative or similar purposes. Exclusive of Sedans this covers all passenger and cargo carrying general purpose vehicles not listed as critical in SB 38-1-9. Quantities involved on main types follow:

<u>Item</u>	<u>July</u>	<u>August</u>	<u>September</u>
Ambulance 3/4 ton	56	8	8
Truck 1/4 ton	746	129	38
Truck 2-1/2 ton cargo	1420	426	357
Truck 3/4 ton weapons Carrier	1320	16	122
Trailer 1 ton cargo	1600	208	240
Truck 10 ton 6x4 galo?	9	10	---

All trucks, 1-1/2 ton, 4x4, are in first priority for release. They should be segregated as soon as possible without prejudice to military requirements using other vehicles as substitutes where authorization for 1-1/2 ton exists. Quantities of vehicles used as substitutes may be deducted from totals shown above.

War Department classifications are (1) excellent, (2) good, (3) fair, (4) poor within categories listed below. Generally only fair and poor apply for contemplated transfers as indicated.

E-3, used-reconditioned, fair; E-4, used-reconditioned, poor; O-3, used usable without repair, fair; O-4, used usable without repair, poor; R-3, usable fair; R-4, used repair required, poor; X, of no further value for use as originally intended but of possible value other than as scrap.

E-2, O-2 and R-2 can be made available if not required for military purposes. To avoid backhaul desire 5TH ARMY begin segregation and classification and hold vehicles not required for military use in Ordnance Regional Centers at MILAN, MODENA, VERONA, UDINE and GENOA pending transfer. PENBASE do likewise in LEGHORN and NAPLES areas.

Report items and quantities on hand and available for transfer by location as of Fifth, 15 and 25 monthly through technical channels. Letter with details follows soon.

File No: GA/101/6/1

Date 13th April, 1945 *16*

The Establishment Section is still endeavouring to obtain an increased allotment of transport for the Commission. Our difficulty has always been, and still is, to convince A.F.H.Q. of the need for individual officers in Regions and Provinces to have their own transport, rather than share in a pool.

It would be of the greatest assistance if each Sub Commission could give a short note, descriptive of the activities of one of their specialist officers at a Regional Headquarters or in a Province. Only a brief and easily readable summary is required, with emphasis on the proportion of time that these officers must spend in or out of their offices.

SUBJECT : Vehicle Replacements.

TO : D.C.O.S., Establishment Section.

I think you would like to know that the following British vehicles reported B.L.R. have not yet been replaced by A.F.H.Q.

War Establishment

2-Ton	1
15 cwt.	4
Staff Cars	5
P.Us and Jeeps	25
M/Cycles	7
Total	42

Civilian Supply

3-Ton	90
<u>TOTAL</u>	<u>132</u>

A.F.H.Q. say they cannot meet demands for replacements at present, and it therefore strikes me as peculiar that we are fighting for an increased establishment ^{on the one hand} when in fact there are insufficient vehicles in the theatre to meet the existing low establishment.

SUBJECT: Proposed Amendment to T/E 2675th Regiment, Allied Control
Commission, (Overhead)

TO : See Distribution

1. It is proposed to amend the T/E 2675th Regiment, Allied Control
Commission, (Overhead), to provide additional vehicles to meet its present
and future needs.

2. In order to provide the necessary information to justify the
proposed increase in vehicles, it is desired that each Section and In-
dependent Sub Commission furnish the information hereon, in Appendix "A",
together with such facts as to provide justification for submission of
the T/E to the War Department.

3. Due to the urgent requirements for additional transportation
reported by many of the Sub Commissions, it is requested that the infor-
mation be returned to G-4 (A) by 1200 hours, 30 October 1944 in order
that the table may be prepared and submitted to AFHQ by Wednesday, 1
November 1944.

4. The detailed information is necessary since the T/E 2675th
Regiment, Allied Control Commission, (Overhead), is being made up into two
tables of Equipment:

a. To provide organic transportation for the U.S. Personnel
in 2675th Regiment, Allied Control Commission, (Overhead).

b. The additional requirements required in addition to a.
for Allied Control Commission operation.

MEMORANDUM TO: Executive Officer (A).

1. In compliance with your verbal instructions, I proceeded to Caserta, Italy, on 4 October 1944, to discuss with G-4, AFHQ, the possibility of getting one hundred (100) Trucks, 1/4-Ton, 4x4, thirty (30) Trucks, 3/4-Ton, Command Cars, and eight (8) Ambulances assigned to ACC from approximately six hundred (600) vehicles which are supposed to be released to NATOUSA by the U. S. Navy.

2. I discussed this matter with Lt. Col. Allen of the Office of G-4, AFHQ, on 5 October 1944, who advised me that these vehicles would not be released by the U. S. Navy until such time as they departed from the Mediterranean Theatre which might be 90, 120, 180 days or at the cessation of hostilities. Furthermore, that they were still furnishing the Navy additional vehicles to fill their requirements. I was also advised that other American units in the Theatre, including many combat units, were seven thousand (7000) jeeps and many other vehicles short of their T/E allowances and that the vehicles to fill these requirements were just not available in the Theatre and that he had no idea when they would be available.

3. Lt. Col. Allen stated that he realized our transportation needs but there were just no vehicles available for issue to ACC at present.

4. Reference is made to the release of fifteen (15) vehicles by AFHQ on 22 September 1944, which were supposed to have been issued by 15 October 1944. Owing to the shortage of vehicles, it is not known by AFHQ whether or not these vehicles will be issued by the 15 October.

5. A representative of S-4 is going to Naples Monday, 9 October, and PBS will be contacted with an urgent request to supply the fifteen vehicles by 15 October 1944.

SUBJECT: Transportation Equipment - Navy

TO : Vice President, Establishment Section
Through Chief of Staff.

1. Reference is made to Secret Cable S/331, 17 September, Acting Chief Commissioner to Comdr. 8th Fleet, wherein it was requested that transportation equipment shown on attached inventory be assigned to ACC.

2. Attached is ^{action} copy of reply from Comdr. 8th Fleet dated 28 September. The Acting Chief Commissioner has suggested that ACC requirements be ascertained and strong request and representation made to C.G., Natoua, for the equipment.

3. This would appear to be a G-4 function rather than a matter to be handled by the Transportation Sub-Commission. It is suggested that there is a large amount of available transport in this list and no doubt aggressive action would result in having a considerable portion of it assigned to ACC.

4. Referred to your section for necessary action as a matter pertaining principally to G-4(A).
